NOTICE.

DANGERS IN THE CHINA SEA.

NOTICE is hereby given, that His Honor the Deputy Governor of Bengal has been pleased to direct, that so much of Horsburgh's Chart of the China Sea as is contained within the parallels of 4° to 12° of North Latitude, and 106° and 119° of East Longitude, shall be forthwith lithographed after the introduction therein of certain dangers which have been brought to His Honor's notice in Spanish Charts, published in Madrid under the authority of the Spanish Government, in 1840, and amongst them the Shoal on which the Brig "Moulmien" was lately lost.

Parties desirous of having copies of the same, are requested to register their Names in this Office, in order that no more copies may be struck off than are likely to be required.

In the mean time the following List of the various Dangers, some certain, others doubtful, amounting in number to 32, with their Latitudes and Longitudes, and with remarks by Mr. Piddington, is published for general information:

List of Breakers, Rocks and Shoals marked on an engraved Spanish Chart, published at Madrid in 1840 *under the authority of the Spanish Government, and which are either not marked or differently placed in Horsburgh's Chart of the China Seas. Edition of* 1840.

No.	English Translation of Spanish Names.	Danger.	Lat. No.			Long E. from Greenwich.			Remarks.
1	Fanny's Shoal, (doubtful)...	Rock above water,	10°	58′	40″	110°	34′	10″	Those who are acquainted with the Hydrography of the China Sea, will perceive that amongst these dangers, many, such as the Fanny's, Sea Horse's, Ardaseer's, Andrada, Middleburgh's and Gossard's Reefs, &c, are taken from our old Charts and Directories of the last or the beginning of the present Century, and it was at first intended to add to this list brief remarks upon each of them.
2	Alexander's Shoal,.....	Rock and Breakers,	10	0	0	111	2	0	
3	Essex Island, ...	Small Island and Rocks,.....	10	57	50	112	40	0

5	.....	Rocks, ...	10	44	50	112	51	31	
6	.....	Ditto, ...	10	37	40	112	52	0	But it was found that it was alike as impossible to say upon what authority these had been expunged from our Charts, as upon what data they had been introduced on the Spanish Chart together with those which are evidently from their dates, new discoveries, as the Thomas and Brown's dangers of 1839: It is clear that in some cases at least the authority for placing these new Shoals might be also that for replacing some of the old dangers. It is objected that nothing is so vexatious as the covering a Chart with Reefs and Shoals which do not exist No doubt this often occasions loss of time and anxiety, but the careful Seaman would, we believe, prefer having all these dangers even erroneously marked on his Chart than be led to believe that there was an open Sea if even one existed. It is at least the duty of the Hydrographer to remind him that this part of the China Sea is studded with them.
7	.....	Ditto, ...	10	34	0	112	40	30	
8	.....	Ditto, ...	10	20	0	112	32	30

15	Sandy's Shoal,.....	Rock, ...	11	2	0	117	37	0	And it may not perhaps be out of place here to add, for it throws much light on this question, that recent geological researches (we allude especially to Mr. Charles Darwin's beautiful work on Coral Reefs) render it certain that Coral reefs and low Islands are not only the tops of mountains rising from the depths of the ocean, upon which the Polypi then build, but that they are subject to alternate sinkings and risings within shorter or longer periods of time; so that Islands, Reefs or Banks may appear or disappear or re-appear
16	Sea Horse in 1776,.....	Shoal, ...	10	59	40	117	54	0

21	Andrada Rock (doubtful) ...	Rock, ...	9°	47′	30″	111°	10′	0″	in a night, and this even over large spaces Mr. Darwin believes the China Sea to be an area of depression, viz. a space in which at some former period a great sinking of the crust of the earth took place, while the Phillippines, and perhaps Borneo, were raised from the Ocean. As a sequel to these great convulsions smaller disturbances may continue for centuries in particular spots, and it is quite probable that many of the dangers of the China Sea may be yet elevated or sunk from time to time by this cause The Island of Cheduba, in the Bay of Bengal, has had a large piece added to it by an earthquake with an elevation of the bed of the Sea, within the memory of the present inhabitants. FORT WILLIAM,

SECRET DEPARTMENT, 20TH APRIL, 1843.

The Hon'ble the President in Council has the highest satisfaction in publishing the following General Orders by the Right Hon'ble the Governor General, with its accompaniments, announcing a Victory gained, under Divine Providence, by His Excellency Major General Sir Charles Napier, K. C. B, in the vicinity of Hyderabad, over Meer Shere Mahomed, of Meerpoor, on the 24th ultimo.

The President in Council directs, that the General Order and the substance of the despatch annexed, shall be read to the European Troops to-morrow morning, at sun-rise, under a salute of 21 guns fired from the Ramparts of Fort William.

By order of the Hon'ble the President in Council,

T. R. DAVIDSON,

Offg. Secy. to Govt. of India.

GENERAL ORDERS

BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

Agra, the 11th April, 1843.

The Governor General announces to the army, another and a most decisive victory gained by His Excellency Major General Sir Charles Napier, K. C. B., in the vicinity of Hyderabad, over 20,000 Beloochees, led by Meer Shere Mahomed, of Meerpoor, a chief, who, having no ground whatever of complaint against the British Government, preferred the chances of war to the security of peace, and has now no refuge but the desert.

The Major General directed his force with the same consummate ability which characterised his operations at Meeanee, and all the troops, worthy of being so commanded, executed their movements with a precision and steadiness which secured the victory to their impetuous valour.

The army of Scinde has twice beaten the bravest enemy in Asia, under circumstances which would equally have obtained for it the victory over the best troops of Europe.

The Governor General regards with delight the new proofs which the army has given of its pre-eminent qualities in the field, and of its desire to mitigate the necessary calamities of war by mercy to the vanquished.

The ordinary expression of thanks would ill convey the extent of the debt of gratitude which the Governor General feels to be due to His Excellency Major General Sir Charles Napier on the part of Government, the army, and the people of Hindoostan.

To have punished the treachery of protected princes; to have liberated a nation from its oppressors; to have added a province, fertile as Egypt, to the British empire, and to have effected these great objects by actions in war unsurpassed in brilliancy, whereof a grateful army assigns the success to the ability and valour of its General, these are not ordinary achievements, nor can the ordinary language of praise convey their reward.

The Governor General directs, that the several corps which, by the General Order of the 5th inst., were permitted to bear the word "Hyderabad, 1843," upon their appointments, standards and colors, respectively, shall, in lieu thereof, bear the word "Meeanee."

The Governor General is pleased to authorize the
1st Troop Bombay Horse Artillery;
2d Company 1st B. Bombay Artillery;
2d Company 2d B. Bombay Artillery;
3d Company Golundauze do. do.; and
C. Company Madras Sappers and Miners,

to bear upon their appointments, and the 3d Regiment of Bombay Light Cavalry, and the 9th Regiment of Bengal Light Cavalry, the Poonah Horse and the Scinde Horse, upon their standards and appointments, and the 1st Grenadiers, the 8th, 12th, 21st, and 25th Regiments of Bombay Native Infantry, upon their colors and appointments, the word "Hyderabad."

The Governor General having taken into consideration the peculiar merits of the 1st troop of the Bombay Horse Artillery under Major Leslie, which having participated in the distinguished services of the army of Candahar, under his Excellency Major General Sir W. Nott, G. C. B., and having returned to India with the troops from Cabool, marched from the camp of Ferozepore early in January and joined the army of Scinde, in time to decide, in conjunction with H. M.'s 22d Regiment, the battle of Hyderabad, is pleased to direct, that the 1st troop of the Bombay Horse Artillery shall hereafter for ever be denominated the 1st, or "Leslie's" troop of Horse Artillery, and shall, in addition to all other decorations or inscriptions upon its appointments, bear the "Eagle."

The Governor General directs, that this General Order, and the substance of the despatch annexed, shall be explained to the troops at all the stations of the army, and that at all such stations a salute of 21 guns shall be fired in honor of the victory of Hyderabad.

By order of the Right Hon'ble the Governor General of India,

J. THOMASON,
Secy. to the Govt. of India,
with the Governor General.

From Major General Sir C. J. NAPIER, K. C. B.,
Commanding in Scinde and Beloochistan,

To the Right Hon'ble LORD ELLENBOROUGH,
Governor General of India,
&c. &c. &c
Dubba, four miles from Hyderabad, 24th March, 1843.

MY LORD,

The forces under my command marched from Hyderabad this morning at daybreak. About half past 8 o'clock we discovered and attacked the army under the personal command of the Meer Shere Mahomed, consisting of twenty thousand men of all arms, strongly posted behind one of those large nullahs, by which this country is intersected in all directions. After a combat of about three hours, the enemy was wholly defeated with considerable slaughter, and the loss of all his standards and cannon.

His position was nearly a straight line, the nullah was formed by two deep parallel ditches, one 20 feet wide and 8 feet deep, the other 42 feet wide and 17 deep, which had been for a long distance freshly scarped, and a banquet made behind the bank expressly for the occasion.

To ascertain the extent of his line was extremely difficult, as his left did not appear to be satisfactorily defined, but he began moving to his right when he perceived that the British force outflanked him in that direction. Believing that this movement had drawn him from that part of the nullah which had been prepared for defence, I hoped to attack his right with less difficulty, and Major Leslie's troop of Horse Artillery was ordered to move forward and endeavour to rake the nullah. The 9th Light Cavalry and Poona Horse advancing in line, on the left of the artillery, which was supported on the right by H. M. 22d Regiment, the latter being, however, at first considerably retired to admit of the oblique fire of Leslie's troop. The whole of the artillery now opened upon the enemy's position, and the British line advanced in echellons from the left, H. M. 22d Regiment leading the attack.

The enemy was now perceived to move from his centre in considerable bodies to his left, apparently retreating, unable to sustain the cross-fire of the British Artillery; on seeing which Major Stach, at the head of the 3d Cavalry, under command of Captain Delamain, and the Scinde Horse, under command of Captain Jacob, made a brilliant charge upon the enemy's left flank, crossing the nullah and cutting down the retreating enemy for several miles. While this was passing on the right, H. M. 22d Regiment, gallantly led by Major Poole, who commanded the brigade, and Captain George, who commanded the corps, attacked the nullah on the left with great gallantry, and I regret to add, with considerable loss. This brave battalion marched up to the nullah under a heavy fire of matchlocks, without returning a shot till within 40 paces of the intrenchment, and then stormed it like British soldiers. The intrepid Lieutenant Coote first mounted the rampart, seized one of the enemy's standards, and was severely wounded while waving it and cheering on his men. Meanwhile the Poona Horse, under Captain Tait, and the 9th Cavalry, under Major Story, turned the enemy's right flank, pursuing and cutting down the fugitives for several miles. H. M. 22d Regiment was well supported by the batteries commanded by Captains Willoughby and Hutt, which crossed their fire with that of Major Leslie. Then came the 2d Brigade under command of Major Woodburn, bearing down into action with excellent coolness. It consisted of the 25th, 21st & 12th Regiments under the command of Captains Jackson, Stevens and Fisher, respectively: these regiments were strongly sustained by the fire of Captain Whitley's battery, on the right of which were the 8th and 1st Regiments, under Majors Browne and Clibborne; these two corps advanced

with the regularity of a review up to the intrenchments, their commanders, with considerable exertion, stopping their fire, on seeing that a portion of the Scinde Horse and 3d Cavalry in charging the enemy had got in front of the Brigade. The battle was decided by the troop of Horse Artillery and H. M. 22d Regiment.

To Lieutenant Colonel Pattle, as second in command, I am indebted for his zealous activity and readiness to execute any duties confided to his charge.

To my personal Staff, and to the general Staff of the division, my thanks are due for their zealous assistance.

I beg to recommend my acting Aid-de-camp, Lieutenant Thompson, to your Lordship's protection.

The long experience of my Military Secretary, Major McPherson, was of much assistance to me in the field.

To my extra Aid-de-camp, Lieutenant Brown, I have also to return my best thanks, especially for his assistance in examining the position of the enemy.

Captain Tucker, Lieutenants Rathbourne, Hill, North and Battersby, all did good service in the fight.

To Lieutenant Polly, acting Assistant Adjutant General, I am indebted for his zealous exertions in that department.

Of Lieutenant McMurdo's abilities, as acting Assistant Quarter Master General, I cannot speak too highly, and regret to say, he has received a sabre wound from a Beloochee, the third that he cut down in single combat during the day.

To Major Lloyd, who commanded the Artillery, the service is indebted for the arrangements made for that arm, ably seconded by Major Leslie, Captains Willoughby, Whitley and Hutt.

To the Commanders of Brigades and Regiments, and the Officers, Non-Commissioned Officers and Privates under their command, I have to return my thanks for their valiant bearing in the action.

Major Waddington rendered me the most important aid in examining the enemy's position, with that cool courage which he possesses in so eminent a degree; nor must I omit to mention the labours of Captain Henderson and Lieutenants Outlaw and Boileau, with their hardy little band of Sappers, whose labours enabled the heavy 8-inch howitzers to come up into action.

To Captain Blenkins, the service is indebted for the ablest arrangements in the Commissariat department.

The exertions of the Officers of the Medical department under Inspecting Surgeon Bell, were very laudable.

Lieutenant Leeson well arranged the baggage close up to the line, and merits thanks, for the duty of a Baggage Master, with an Indian army, is Herculean.

I will not close the list of those to whom I am indebted, without mentioning that brave and indefatigable Arab gentleman Ally Ackbar, to whose ability and activity I am much indebted.

Many, my Lord, have been the acts of individual valour performed by Officers and Private Soldiers (both European and native), and the account of them shall hereafter be laid before your Lordship.

The Beloochee Infantry and Artillery fought well: their Cavalry made no stand, and 5,000 disciplined soldiers were not to be long resisted by a barbarian force, even though that force were nearly 5 to 1.

From the accounts which have come in since writing the above, there is reason to believe, that the loss of the enemy has been very great: about 500 bodies have been counted upon the field of battle, and it is said, that the neighbouring villages are filled with dead and wounded men. Eleven pieces of cannon were taken in position on the nullah, and seventeen standards.

It gives me great satisfaction to say, that some prisoners have been taken, and though the number is small, it is still some advance towards a civilized mode of warfare, for I cannot help thinking that the desperate resistance generally made by wounded Beloochees has arisen from their own system of warfare, which admits of no quarter being given in action.

We are at present employed in collecting the wounded Beloochees within our reach, in order to render them medical assistance.

I have deeply to regret the loss of the brave and excellent Captain Garrett, of the 9th Light Cavalry, who fell honorably in the battle, and also the fall of Lieutenant Smith, of the Bombay Artillery. With unsurpassed and desperate valour he galloped in front of his battery, and rode up upon the top of the nullah (filled with enemies) to see where his guns could bear with greatest effect —Here this hero fell. Many of the Scindian people (who are all in great delight at the destruction of their Beloochee oppressors) have come into camp from different parts, and bring assurances that the Beloochee force is wholly dispersed, and that Meer Shere Mahomed has fled into the desert with his family and about 40 followers; but, as Emaum Ghur has been destroyed, the heat will soon force him to quit this temporary refuge where there is no protection from the sun. He will therefore probably endeavour to reach Moultan. I have written to his Highness Ali Morad to arrest his progress in that direction, if possible, and to make him prisoner.

Three Beloochee chiefs fell in the action; one of them was the great promoter of the war, Hoche Mahomed Seedee, and I have every reason to believe that not another shot will be fired in Scinde.

I have, &c.

NOTICE.

DANGERS IN THE CHINA SEA.

NOTICE is hereby given, that His Honor the Deputy Governor of Bengal has been pleased to direct, that so much of Horsburgh's Chart of the China Sea as is contained within the parallels of 4° to 12° of North Latitude, and 106° and 119° of East Longitude, shall be forthwith lithographed after the introduction therein of certain dangers which have been brought to His Honor's notice in Spanish Charts, published in Madrid under the authority of the Spanish Government, in 1840, and amongst them the Shoal on which the Brig "Moulmien" was lately lost.

Parties desirous of having copies of the same, are requested to register their Names in this Office, in order that no more copies may be struck off than are likely to be required.

In the mean time the following List of the various Dangers, some certain, others doubtful, amounting in number to 32, with their Latitudes and Longitudes, and with remarks by Mr. Piddington, is published for general information:

List of Breakers, Rocks and Shoals marked on an engraved Spanish Chart, published at Madrid in 1840 *under the authority of the Spanish Government, and which are either not marked or differently placed in Horsburgh's Chart of the China Seas. Edition of* 1840.

No.	English Translation of Spanish Names.	Danger.	Lat. No.			Long E. from Greenwich			Remarks.
1	Fanny's Shoal, (doubtful)...	Rock above water,	10°	58′	40″	110°	34′	10″	Those who are acquainted with the Hydrography of the China Sea, will perceive that amongst these dangers, many, such as the Fanny's, Sea Horse's, Ardaseer's, Andrada, Middleburgh's and Gossard's Reefs, &c., are taken from our old Charts and Directories of the last or the beginning of the present Century, and it was at first intended to add to this list brief remarks upon each of them.
2	Alexander's Shoal,.....	Rock and Breakers,	10	0	0	111	2	0	
3	Essex Island, ...	Small Island and Rocks,.....	10	57	50	112	40	0	
4	Dolphin's Breakers very doubtful, ...	Cluster of Rocks,	11	9	0	112	57	50	
5	.....	Rocks, ...	10	44	50	112	51	31	
6	.....	Ditto, ...	10	37	40	112	52	0	But it was found that it was alike as impossible to say upon what authority these had been expunged from our Charts, as upon what data they had been introduced on the Spanish Chart together with those which are evidently from their dates, new discoveries, as the Thomas and Brown's dangers of 1839: It is clear that in some cases at least the authority for placing these new Shoals might be also that for replacing some of the old dangers. It is objected that nothing is so vexatious as the covering a Chart with Reefs and Shoals which do not exist. No doubt this often occasions loss of time and anxiety, but the careful Seaman would, we believe, prefer having all these dangers even erroneously marked on his Chart than be led to believe that there was an open Sea if even one existed. It is at least the duty of the Hydrographer to remind him that this part of the China Sea is studded with them.

15	Sandy's Shoal,.....	Rock, ...	11	2	0	117	37	0	And it may not perhaps be out of place here to add, for it throws much light on this question, that recent geological researches (we allude especially to Mr. Charles Darwin's beautiful work on Coral Reefs) render it certain that Coral reefs and low Islands are not only the tops of mountains rising from the depths of the ocean, upon which the Polypi then build, but that they are subject to alternate sinkings and risings within shorter or longer periods of time; so that Islands, Reefs or Banks may appear or disappear or re-appear

21	Andrada Rock (doubtful) ...	Rock, ...	9°	47′	30″	111°	10′	0″	in a night, and this even over large spaces Mr. Darwin believes the China Sea to be an area of depression viz. a space in which at some former period a great sinking of the crust of the earth took place, while the Phillippines, and perhaps Borneo, were raised from the Ocean. As a sequel to these great convulsions smaller disturbances may continue for centuries in particular spots, and it is quite probable that many of the dangers of the China Sea may be yet elevated or sunk from time to time by this cause. The Island off Chedoba, in the Bay of Bengal, has had a large piece added to it by an earthquake with an elevation of the bed of the Sea, within the memory of the present inhabitants See Captain Halsted's Report, in Journal of the Asiatic Society, Vol X p 434.

NOTICE.

DANGERS IN THE CHINA SEA.

NOTICE is hereby given, that His Honor the Deputy Governor of Bengal has been pleased to direct, that so much of Horsburgh's Chart of the China Sea as is contained within the parallels of 4° to 12° of North Latitude, and 106° and 119° of East Longitude, shall be forthwith lithographed after the introduction therein of certain dangers which have been brought to His Honor's notice in Spanish Charts, published in Madrid under the authority of the Spanish Government, in 1840, and amongst them the Shoal on which the Brig "Moulmien" was lately lost.

Parties desirous of having copies of the same, are requested to register their Names in this Office, in order that no more copies may be struck off than are likely to be required.

In the mean time the following List of the various Dangers, some certain, others doubtful, amounting in number to 32, with their Latitudes and Longitudes, and with remarks by Mr. Piddington, is published for general information:

List of Breakers, Rocks and Shoals marked on an engraved Spanish Chart, published at Madrid in 1840 *under the authority of the Spanish Government, and which are either not marked or differently placed in Horsburgh's Chart of the China Seas. Edition of* 1840.

1	Fanny's Shoal, (doubtful)...	Rock above water,	10°	58′	40″	110°	34′	10″	Those who are acquainted with the Hydrography of the China Sea, will perceive that amongst these dangers, many, such as the Fanny's, Sea Horse's, Ardaseer's, Andrada, Middleburgh's and Gossard's Reefs, &c. are taken from our old Charts and Directories of the last or the beginning of the present Century, and it was at first intended to add to this list brief remarks upon each of them.

5	.....	Rocks, ...	10	44	50	112	51	31	
6	.....	Ditto, ...	10	37	40	112	52	0	But it was found that it was alike as impossible to say upon what authority these had been expunged from our Charts, as upon what data they had been introduced on the Spanish Chart together with those which are evidently from their dates, new discoveries, as the Thomas and Brown's dangers of 1839: It is clear that in some cases at least the authority for placing these new Shoals might be also that for replacing some of the old dangers. It is objected that nothing is so vexatious as the covering a Chart with Reefs and Shoals which do not exist. No doubt this often occasions loss of time and anxiety, but the careful Seaman would, we believe, prefer having all these dangers even erroneously marked on his Chart than be led to believe that there was an open Sea if even one existed. It is at least the duty of the Hydrographer to remind him that this part of the China Sea is studded with them.

15	Sandy's Shoal,.....	Rock, ...	11	2	0	117	37	0	And it may not perhaps be out of place here to add, for it throws much light on this question, that recent geological researches (we allude especially to Mr. Charles Darwin's beautiful work on Coral Reefs) render it certain that Coral reefs and low Islands are not only the tops of mountains rising from the depths of the ocean, upon which the Polypi then build, but that they are subject to alternate sinkings and risings within shorter or longer periods of time; so that Islands, Reefs or Banks may appear or disappear or re-appear

21	Andrada Rock (doubtful) ...	Rock, ...	9°	47′	30″	111°	10′	0″	in a night, and this even over large spaces Mr. Darwin believes the China Sea to be an area of depression, viz. a space in which at some former period a great sinking of the crust of the earth took place, while the Philippines, and perhaps Borneo, were raised from the Ocean As a sequel to these great convulsions smaller disturbances may continue for centuries in particular spots, and it is quite probable that many of the dangers of the China Sea may be yet elevated or sunk from time to time by this cause The Island of Cheduba, in the Bay of Bengal, has had a large piece added to it by an earthquake with an elevation of the bed of the Sea, within the memory of the present inhabitants See Captain Halsted's Report, in Journal of the Asiatic Society, Vol X p 434. It is unnecessary to add more to warn the Seaman of the extreme precaution required should he be entangled in this dangerous quarter of the China Sea, or to explain why we have preferred marking again many old dangers now expunged from our modern Charts, since if they have once disappeared, which we do *not* know, there is always some possibility of their re-appearance—which we certainly *do* know.

FORT WILLIAM,
SECRET DEPARTMENT, 26TH APRIL, 1843.

NOTIFICATION

BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

AGRA, THE 16TH APRIL, 1843.

Despatches, from which the following are extracts, were this day received by the Governor General, from His Excellency Major General Sir Charles Napier, K. C. B., by the route of Sukkur.

By order of the Right Hon'ble the Governor General of India,

J. THOMASON,
Secy. to the Govt. of India,
with the Governor General.

From Major General Sir C. J. NAPIER, K. C. B.,
Commanding in Scinde and Beloochistan,

To the Right Hon'ble LORD ELLENBOROUGH,
Governor General of India,
&c. &c. &c.

Camp Hyderabad, 23d March, 1843.

MY LORD,

Major Stack joined me last night with the 3d cavalry, the 8th N. I., and Major Leslie's troop of horse artillery. The enemy fired upon them as they passed Mecanee, but I had reinforced his party by the Poona horse at Muttaree, in case of accidents, and also sent out the Scinde horse to meet him at Mecanee, and in an hour after the enemy appeared I was there myself with a troop of the 9th light cavalry, the remainder of the last named regiment following me with some cannon. No serious attack took place, and the whole arrived in camp late at night. I have given them this day to rest, and to-morrow morning I mean to attack the enemy wherever I find him: he is either at Kotree, Dubba, or Jaum Ali Ka Tandah; all these are within 6 miles of Hyderabad, and he has already began attacking our camels.

I beg to say, that Major Stack's conduct on this march, has pleased me very much. All sorts of reports reached him of the great force of the enemy, but he marched on boldly like a good soldier.

I have, &c.

(Signed) C. J. NAPIER, *Major General.*

From Major M. STACK,
3d Regiment Light Cavalry,

To Major General Sir CHARLES J. NAPIER, K. C. B.,
Commanding in Scinde and Beloochistan.

Camp at Aleear, 27th March, 1843.

SIR,

I have the honor to report the arrival of the force under my command, as per margin, at Hyderabad, on the night of the 22d instant, having been detained a few hours on the road from Muttaree by a skirmish with the enemy on that day, the particulars of which I have the honor to subjoin.

Major Leslie's troop of H. A. 5 guns.

3d Regt. Lt. Cavalry.
297 Sabres, including drill and sick.

8th Regt. N. I.
818 of all ranks.

I marched from Muttaree at 11 A. M., and after passing the scene of action of the 17th ultimo, about 1 P. M., some horsemen appeared to my left front. Lieutenant McMurdo, who, (with the Poona horse under Lieutenant Tait,) had joined me on the morning of the 21st, proceeded to reconnoitre them with a few troopers of the advance guard, and I directed the Poona horse to remain on their present ground, to reinforce the rear guard and protect the baggage.

As I could perceive the number of the enemy encreasing, and they were firing sharply on our advance party, I detached a troop of the 3d light cavalry under Lieutenant Moore to Lieutenant McMurdo's support, and sent Lieutenant Ashburner, Adjutant 3d light cavalry, to report to you the appearance of the enemy. Lieutenant Moore's troop made a spirited charge on the enemy's advance, but at too great a distance to reach them before they had secured themselves in the bed of the river.

Lieutenant McMurdo sent to report to me, that the enemy were advancing in force, on which I halted the column, with the right resting on the Phoolalie, and detached two guns under Captain Rowan, a squadron 3d light cavalry under Captain Malet, and the Grenadier company 8th regiment under Captain Morse to check their advance; at this time the enemy were crossing the bed of the Phoolalie in great numbers both horse and foot, about 3-4ths of a mile to our left rear in the direction of our baggage, which was in the rear of the column; large bodies were drawn up in front of a wood on the opposite side of the river; and heavy masses were seen with a glass to their left rear, and advancing towards the head of our column.

The guns took a position nearly opposite the point where the enemy were crossing the bed of the river, and opened upon them with such effect that they were instantly checked; a few more rounds telling on them severely, they retreated with precipitation, and recrossed the river much more rapidly than they had advanced; in their retreat they carried with them all those who were ranged in front of the wood. The large bodies in the distance also fell back, and in about half an hour after the opening of our guns there was not an enemy in sight

Captain Jacob's horse having arrived from Hyderabad, about the time our fire ceased, I directed them to cover the rear of the columns, and recalled our detached parties to join the main body: by this time the baggage being well in advance I resumed the march, and arrived in camp without the slightest loss of any sort.

From Major General Sir C. J. NAPIER, K. C. B.,

To the Right Honorable LORD ELLENBOROUGH,
Governor General of India,
&c. &c. &c.

Ahar ka Kanda, 26th March 1843; *5 o'clock* P. M.

MY LORD,

This town is 20 miles from the field of battle. We passed two prepared positions of great strength. I shall reach Meerpoor to-morrow. The Ameer, I understand, has fled to the desert in great terror, and all his family with him. The inhabitants receive us with great joy, and are very desirous to be assured that we mean to keep the country.

The Poona horse has pursued the Ameer and are now near Meerpoor, 40 miles from the field.

Sobdar's servant (and the great mover of his rallied force) was *Hoche Mahomed Seedee*; he fell in the battle, and it was *his followers* that stood against the 22d regiment. Three other chiefs have fallen, Golam Ali Talpoor, Ali Khan Talpoor and Jaffa Khan Murry.

I have, &c.,

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

AGRA, THE 17TH APRIL, 1843.

The Governor General, at the recommendation of His Excellency the Governor of Scinde, is pleased to direct, that, in all the territories conquered from the Ameers of Scinde, no demand shall be made on the part of the British Government, on account of any arrears of revenue due to the

Ameers on the 17th of February 1843; but that from that date, all revenue heretofore payable to the Ameers, except under the head of Transit Duties, already abolished, shall be due and payable to the officers of the British Government.

By order of the Right Honorable the Governor General of India,

Secy. to the Govt. of India,
with the Governor General.

FORT WILLIAM,

SECRET DEPARTMENT, 26TH APRIL, 1843.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR OF SCINDE.

Head-Quarters, Meerpoor, the 2d April, 1843.

1. Lieutenant Rathbourne is to proceed to Hyderabad, and to assume the duty of Magistrate of the town, together with that of collecting the revenue in Lower Scinde, on the left bank of the Indus.

2. Those revenues on the right bank are to be collected by Captain Preedy, who is also to assume the duties of Magistrate of Kurrachee.

3. The revenues of Sukkur and Roree, with the districts attached to those towns, is to be collected by Captain Pope, who is also to perform the duties of Magistrate of Sukkur. The Magistrate for Roree will be hereafter nominated.

4. Lieutenant Brown is appointed Commissioner for the Civil administration of the whole of the conquered territory, under the orders of the Governor.

5. To Lieutenant Brown, the three Collectors above mentioned, are to send in their reports monthly; stating the receipts and expenditure of their respective districts, from which the Commissioner is to make up a general report to the Governor.

6. The above officers are not to make any avoidable change in the ancient customs and laws of the country as we now find them. The conquest of a country is a sufficient convulsion for the people of that country, without adding to their disturbance by abrupt innovations on their habits and the usual routine of their social life. The above mentioned officers are, therefore, requested to confine their exertions to the correction of those numerous evils which the late tyrannical government of the Belooch conquerors had inflicted upon this unhappy land. It will depend upon the Government of Scinde to make the people hail the coming of the British, as a memorable redemption from slavery and oppression; or look upon it with apathy, as a mere change of cruel masters.

7. The above nomination of officers is distinctly to be considered as a temporary measure, awaiting the decision of the Governor General.

By order,

Military Secretary.

NOTIFICATION

BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

AGRA, THE 20TH APRIL, 1843.

A despatch, from which the following is an extract, was this day received by the Governor General from His Excellency Major General Sir Charles Napier, K. C. B.

By order of the Right Hon'ble the Governor General of India,

J. THOMASON,
Secy. to the Govt. of India,
with the Governor General.

From His Excellency Major General Sir C. J. NAPIER, K. C. B.,
Governor of Scinde,

To the Right Hon'ble LORD ELLENBOROUGH,
Governor General of India,
&c. &c. &c.

Meerpore, 5th April, 1843.

MY LORD,

I have the honor to report to your Lordship, that yesterday the fortress of Oomercote, opened its gates to the British force sent against it, and is in our hands. I have ordered a small garrison to hold it till further orders.

Considerable difficulties have prevented our sooner getting hold of this most important place; but the zeal and ability of the officers employed, (Captain Whitlie, commanding in the first instance, and Major Woodburn afterwards,) overcame these difficulties. In justice to Lieutenant Brown, my Aid-de-Camp, I must say that this success has been chiefly owing to his exertions and zeal. Having myself remained in a central position, to receive the earliest reports of the progress made by the inundation caused by the river Indus, and to direct the movements of the troops, which a deficiency of water towards Oomercote obliged me to divide, I was unable to command in person the detachment which proceeded to Oomercote. Being at Jourbee, I received a despatch from Oomercote, saying, that it was defended by a powerful garrison; and at the same moment I received another from Hyderabad, to say, that the river was rising with unusual rapidity. It therefore became necessary to give up the idea of attacking Oomercote, and I ordered a retreat; returning myself to this town. Just as my orders to retreat reached the advancing force, (then within 20 miles of Oomercote,) another report reached the Commanding Officer that the fortress was abandoned! Between this report and my order for him to retreat, the Commanding Officer was embarrassed, upon which Lieutenant Brown mounted his horse, and under the burning sun of this climate, rode 40 miles to Meerpoor, received my orders and instantly returned, taking the supporting troops on the road along with him, and Oomercote was taken!

Justice to this officer has made me enter into a detail otherwise unnecessary; but the man who rides 80 miles without stopping, and in broad day under a Scindian sun, deserves this compliment.

The importance of having Oomercote in our possession is so great, that it repays every inconvenience. Emam Ghur does not exist, and I believe that no *other* rallying point remains in the desert for the defeated Ameer Shere Mahomed, who, as is generally supposed, will fly to the Punjab.

Thus, my Lord, I think I may venture to say, Scinde is now subdued. The Scindian population every where express their satisfaction at the change of masters.

III.—And it is hereby enacted, that such parts of Regulation XXII. 1814, as prohibit the Sudder Ameens and Moonsiffs from requiring security from defendants; or from attaching their property in cases pending before them; or from realizing fines imposed by them without first obtaining the sanction of the Zillah Judge, be repealed.

IV.—And it is hereby enacted, that it shall be competent to the Sudder Ameens and Moonsiffs to demand security from the defendant, under the provisions of Sections 4 and 5, Regulation II. 1806, in cases pending before them; and also to proceed, without reference to the Zillah Judge, to the realization of fines imposed by them, provided that all orders passed by the Sudder Ameens and Moonsiffs under this Section, be subject to an appeal to the Zillah Judge.

V.—And it is hereby enacted, in modification of Section 22, Regulation V. of 1831, that decrees passed in the Courts of the Judges or Principal Sudder Ameens, in cases of appeal from the decisions of the Sudder Ameens or Moonsiffs, shall be executed by the Courts in which the original decisions were passed, under the general rules prescribed for the execution of decrees passed by those Courts—applications for the execution of such decrees shall be presented, together with a certified copy of the decree of the Judge or Principal Sudder Ameen to the Court of original jurisdiction. In appeals from the orders of the Moonsiff or Sudder Ameen in such cases, the decision of the Zillah or City Judge shall be final.

VI.—And it is hereby enacted, that Clause 2, Section 13, Regulation XXIII. 1814, and Clause 4, Section 5, Regulation V. 1831, be repealed.

VII.—And it is hereby enacted, that no person whatever shall, by reason of place of birth, or by reason of descent, be in any Civil proceeding whatever, exempted from the jurisdiction of the Courts of the Moonsiffs, in the Territories subject to the Presidency of Fort William in Bengal.

VIII.—And it is hereby enacted, that persons invested with the powers of Moonsiff shall be competent to receive, try, and determine suits of every description under the restrictions as to local juris-

diction and value of property mentioned in Clauses 1, 2 and 3, Section 5, Regulation V. 1831. Provided, however, that no Moonsiff shall try any suit, in which he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court shall be a party.

IX.—And it is hereby enacted, that in cases, where by reason of the above Section, a Moonsiff cannot try a suit because he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court is a party to the suit, it shall nevertheless be competent to the Moonsiff to receive the suit, and forward it to the Judge of the Zillah to which he is subordinate, who may thereupon refer the same for trial and decision to any other Moonsiff of the District.

No. 399.

To CAPT. T. E ROGERS,
Emigration Agent at the Port of Calcutta.

Genl Dept. SIR,

The Hon'ble the Deputy Governor of Bengal having observed from the Return for the past month, that notwithstanding the unrestricted authority given for the Embarkation of the Wives of Emigrants, the actual number of Women embarked still bears a proportion to the men of only 15 per cent., and this proportion being much smaller than that contemplated by Government, I am directed to observe that unless an improvement takes place, His Honor will be obliged to have recourse to some stringent measure, which shall compel those who are engaged in inducing Emigrants to embark to prefer such as are prepared to take their Wives with them.

2d. Previously, however, to taking any decisive steps in this matter, the Hon'ble the Deputy Governor directs that you will make the views and intentions of the Government on this point known to the several Agents, and His Honor will in the mean time carefully observe the results from your Monthly Reports.

I have the honor to be,
Sir,
Your most obdt. Servt.,

I.—In modification of Clause 4, Section 18, Regulation V. of 1831, Bengal Code, it is hereby enacted, that in the trial and decision of all original Suits referred to them by the Judge, the Principal Sudder Ameens shall be guided by the rules established for the conduct of business in the Courts of the Zillah and City Judges.

II.—And it is hereby enacted, that the provisions of Section 4, Act No. XXV. of 1837, in respect to appeals from decisions passed by Principal Sudder Ameens, in Suits of the nature specified therein, be extended to all interlocutory orders passed by those Officers in such Suits.

III.—And it is hereby enacted, that such parts of Regulation XXII. 1814, as prohibit the Sudder Ameens and Moonsiffs from requiring security from defendants; or from attaching their property in cases pending before them; or from realizing fines imposed by them without first obtaining the sanction of the Zillah Judge, be repealed.

IV.—And it is hereby enacted, that it shall be competent to the Sudder Ameens and Moonsiffs to demand security from the defendant, under the provisions of Sections 4 and 5, Regulation II. 1806, in cases pending before them; and also to proceed, without reference to the Zillah Judge, to the realization of fines imposed by them, provided that all orders passed by the Sudder Ameens and Moonsiffs under this Section, be subject to an appeal to the Zillah Judge.

V.—And it is hereby enacted, in modification of Section 22, Regulation V. of 1831, that decrees passed in the Courts of the Judges or Principal Sudder Ameens, in cases of appeal from the deci-

VII.—And it is hereby enacted, that no person whatever shall, by reason of place of birth, or by reason of descent, be in any Civil proceeding whatever, exempted from the jurisdiction of the Courts of the Moonsiffs, in the Territories subject to the Presidency of Fort William in Bengal.

VIII.—And it is hereby enacted, that persons invested with the powers of Moonsiff shall be competent to receive, try, and determine suits of every description under the restrictions as to local jurisdiction and value of property mentioned in Clauses 1, 2 and 3, Section 5, Regulation V. 1831. Provided, however, that no Moonsiff shall try any suit in which he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court shall be a party.

IX.—And it is hereby enacted, that in cases, where by reason of the above Section, a Moonsiff cannot try a suit because he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court is a party to the suit, it shall nevertheless be competent to the Moonsiff to receive the suit, and forward it to the Judge of the Zillah to which he is subordinate, who may thereupon refer the same for trial and decision to any other Moonsiff of the District.

To CAPT. T. E. ROGERS,
Emigration Agent at the Port of Calcutta.

Genl Dept. SIR,

The Hon'ble the Deputy Governor of Bengal having observed from the Return for the past month, that notwithstanding the unrestricted authority given for the Embarkation of the Wives of Emigrants, the actual number of Women embarked still bears a proportion to the men of only 15 per cent., and this proportion being much smaller than that contemplated by Government, I am directed to observe that unless an improvement takes place, His Honor will be obliged to have recourse to some stringent measure, which shall compel those who are engaged in inducing Emigrants to embark to prefer such as are prepared to take their Wives with them.

2d. Previously, however, to taking any decisive steps in this matter, the Hon'ble the Deputy Governor directs that you will make the views and intentions of the Government on this point known to the several Agents, and His Honor will in the mean time carefully observe the results from your Monthly Reports.

I have the honor to be,
Sir,
Your most obdt. Servt.,

To CAPT. T. E. ROGERS,

Emigration Agent at the Port of Calcutta.

Genl Dept. SIR,

The Hon'ble the Deputy Governor of Bengal having observed from the Return for the past month, that notwithstanding the unrestricted authority given for the Embarkation of the Wives of Emigrants, the actual number of Women embarked still bears a proportion to the men of only 15 per cent., and this proportion being much smaller than that contemplated by Government, I am directed to observe that unless an improvement takes place, His Honor will be obliged to have recourse to some stringent measure, which shall compel those who are engaged in inducing Emigrants to embark to prefer such as are prepared to take their Wives with them.

2d. Previously, however, to taking any decisive steps in this matter, the Hon'ble the Deputy Governor directs that you will make the views and intentions of the Government on this point known to the several Agents, and His Honor will in the mean time carefully observe the results from your Monthly Reports.

I have the honor to be,

Sir,

FORT WILLIAM,

FOREIGN DEPARTMENT, 10TH MAY, 1843

NOTIFICATION

BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

AGRA, THE 29TH APRIL, 1843.

The Governor General orders the publication of the following despatch from Major General Sir Charles Napier, K. C. B.

By order of the Right Hon'ble the Governor General of India,

J. THOMASON,
Secy. to the Govt. of India,
with the Governor General.

From His Excellency Major General Sir C. J. NAPIER, K. C. B.,
Governor of Scinde,

To the Right Hon'ble LORD ELLENBOROUGH,
Governor General of India,
&c. &c. &c.

Camp near Hyderabad, 8th April, 1843.

MY LORD,

I have the honor to enclose to your Lordship the official report of the capture of Oomercote, by the troops under the orders of Major Woodburn.

I have, &c.

(Signed) C. J. NAPIER, *Governor.*

From Major A. WOODBURN,
25th Regt., Comdg. Field Detachment,

To the Assistant Adjutant General,
Scinde Field Force.

Camp near Oomercote, 5th April, 1843.

SIR,

I do myself the honor to report, for the information of Major General Sir Charles Napier, K. C. B., Commanding in Scinde, that agreeably to the instructions conveyed to me by Captain Brown, A. D. C, and which I received at Jourbee at 2 o'clock P. M., on the 2d instant, I marched with the 25th regiment the same afternoon, to join the detachment under Captain Whitlie, then halted at Gooroor, and which place (distant 18 miles) was reached at 11 P. M.

On joining I assumed command of the detachment. After a halt of three hours the whole moved off, and shortly after sunrise encamped at Syud-ke-Thukur, 12 miles from Gooroor. At this place I found considerable difficulty in obtaining any correct information as to whether the fort of Oomercote was occupied by a garrison of the enemy; but from what I could collect from

different quarters, I was inclined to suppose it was not held by one of any strength. We marched from Syud-ke-Thukur shortly after midnight, on the morning of the 4th, and found the road an excellent one throughout to this place, and the distance 21 miles: there was jungle the whole way, occasionally in thick patches, but generally composed of scattered bushes. As Oomercote was approached, the jungle became thicker and higher, so that (the country being a level plain) we did not fairly get in sight of the fort until within about 800 yards of the N. W. bastion. At first no one was seen on the walls, but on nearing it, which I did with a party of horsemen to reconnoitre, some armed men shewed themselves on the bastions. On observing this I directed Captain Jacob to go round to the eastern face of the fort with his regiment of Scinde horse, for the purpose of preventing the escape of the garrison, if they wished to do so to induce them to shew their strength if they were inclined to defend themselves. In the mean time the heads of the Hindoo population of the town of Oomercote came out and expressed their pleasure at the arrival of British troops and made their submission. By them I was informed that, the greatest part of the garrison having fled some days before, there were few men now in the fort, and they did not mean to resist, but would evacuate it on a guarantee being given that their lives would be spared. I desired Lieutenant FitzGerald, of the Scinde horse, to go and inform them their lives should be spared, on condition that they came out and laid down their arms. While he was doing so, I directed Captain Whitlie to bring up his guns and place them in position, as I concluded the sight of them would hasten the determinations of the garrison. The infantry was also brought forward and halted under cover of some trees. By the time these arrangements were made the garrison opened the gates, and, coming out, laid down their arms and gave up the keys, giving thus into our possession a most important and strong fortress, having eleven guns mounted, and its defences in excellent order, without the effusion of a single drop of blood. Lieutenant Noyle immediately took possession with his company of the 21st regiment.

I have ordered Captain Jacob to leave behind a squadron of the Scinde horse under a European officer, who, with the above company, are to garrison the place. In leaving a company of infantry, in addition to the squadron, I have made the garrison stronger than I find was intended by the Major General in his instructions to my predecessor in command.

Captain Whitlie assured me a squadron alone was directed to be left. I beg however to submit for the Major General's consideration, that foraging parties will, from all I can hear, be obliged to go often to the distance of many miles and will require to be in strength, as there are now many parties of the followers of the Ameer Shere Mahomed, scattered about the country, as well as others of different tribes hostile to us, who are always to be met with where forage is most plentiful. To make these foraging parties sufficiently strong, might, were a squadron left alone, often leave too small a garrison in the fort; and on this account I have been induced to add the infantry, so as to admit of all the cavalry being absent at one time when such is required.

The town under the walls, and on the east side of the fort, contains about 1,000 houses with a well supplied bazar. The inhabitants are Rajpoots, banians and other Hindoos, all calling themselves Marwarrees, and they profess to be friendly to us, and to detest their former rulers the Ameers of Scinde. These professions appear to me to be sincere. At all events they placed great confidence in us, as on the approach of our troops, they did not remove either their families or property out of the town, and the men and children mixed themselves up among our people, before we got possession of the fort in a most friendly and confident way. I mention this not only to shew their present feeling towards us, but also, if I may be allowed to make the suggestion, how beneficial it will be to any garrison placed at Oomercote, if means are adopted to encourage its continuance, as much not only of the comfort, but also the very safety of the garrison may depend on their remaining bound to us by such a strong tie. There is every appearance of the garrison getting provisions. I left all I had to spare, after setting aside a sufficiency for the use of the detachment on its march to Hyderabad. The supply so left, will afford rations to 300 native soldiers for sixty days.

I have ordered a Hospital Assistant provided with a supply of medicine to be left with the garrison.

Enclosed I beg to forward a return made by Captain Whitlie, of the guns and ammunition found in the fortress; and in a day or two I expect to send a survey and report of the fort, now being prepared by Captain Henderson, of the Madras Engineers.

I have, &c.,

P. S. I observe I have omitted to mention, that the heat of the weather has been very great, and the marches long and fatiguing ones, and from these causes, as well as a scarcity of good water, the troops have had much to bear up against. I am happy, however, to say, all has been done cheerfully, and at the end of each march there has been hardly a man out of his place.

The Hon'ble the Deputy Governor of Bengal, in concurrence with the Hon'ble the President in Council, is pleased to resolve that the following Rule be adopted in modification of Clauses 4 and 5 of the "Rules regarding the Superintendence of Stamp Revenue and the powers of the Board and Revenue Commissioners," prescribed in the Resolution of the Government, dated the 4th August, 1829:

RULE.

The authority vested in Commissioners of Revenue by the 4th and 5th Clauses of the "Rules regarding the Superintendence of the Stamp Revenue and the powers of the Board and Revenue Commissioners," prescribed in the Resolution of the Government, dated the 4th August, 1829, is hereby transferred to the Superintendent of Stamps, to which Officer references by Collectors or other Functionaries in charge of this branch of the Revenue, regarding the affixing of Stamps to unstamped or inadequately stamped Documents shall be made. In cases which come by this Rule under the cognizance of the Board of Customs, Salt and Opium, where the decision of the Collector shall be modified or reversed by that authority, the Collector will refund any surcharge or levy any additional penalty, according to the award recorded by the Board. Ordered, that the Act be promulgated for general information.

ACT No. VI. OF 1843.

An Act for amending the Law concerning the jurisdiction and procedure of the Courts of Ameens and Moonsiffs.

I.—In modification of Clause 4, Section 18, Regulation V. of 1831, Bengal Code, it is hereby enacted, that in the trial and decision of all original Suits referred to them by the Judge, the Principal Sudder Ameens shall be guided by the rules established for the conduct of business in the Courts of the Zillah and City Judges.

II.—And it is hereby enacted, that the provisions of Section 4, Act No. XXV. of 1837, in respect to appeals from decisions passed by Principal Sudder Ameens, in Suits of the nature specified therein, be extended to all interlocutory orders passed by those Officers in such Suits.

III.—And it is hereby enacted, that such parts of Regulation XXII. 1814, as prohibit the Sudder Ameens and Moonsiffs from requiring security from defendants; or from attaching their property in cases pending before them; or from realizing fines imposed by them without first obtaining the sanction of the Zillah Judge, be repealed.

IV.—And it is hereby enacted, that it shall be competent to the Sudder Ameens and Moonsiffs to demand security from the defendant, under the provisions of Sections 4 and 5, Regulation II. 1806, in cases pending before them; and also to proceed, without reference to the Zillah Judge, to the realization of fines imposed by them, provided that all orders passed by the Sudder Ameens and Moonsiffs under this Section, be subject to an appeal to the Zillah Judge.

V.—And it is hereby enacted, in modification of Section 22, Regulation V. of 1831, that decrees passed in the Courts of the Judges or Principal Sudder Ameens, in cases of appeal from the decisions of the Sudder Ameens or Moonsiffs, shall be executed by the Courts in which the original decisions were passed, under the general rules prescribed for the execution of decrees passed by those Courts—applications for the execution of such decrees shall be presented, together with a certified copy of the decree of the Judge or Principal Sudder Ameen to the Court of original jurisdiction. In appeals from the orders of the Moonsiff or Sudder Ameen in such cases, the decision of the Zillah or City Judge shall be final.

VI.—And it is hereby enacted, that Clause 2, Section 13, Regulation XXIII. 1814, and Clause 4, Section 5, Regulation V. 1831, be repealed.

VII.—And it is hereby enacted, that no person whatever shall, by reason of place of birth, or by reason of descent, be in any Civil proceeding whatever, exempted from the jurisdiction of the Courts of the Moonsiffs, in the Territories subject to the Presidency of Fort William in Bengal.

VIII.—And it is hereby enacted, that persons invested with the powers of Moonsiff shall be competent to receive, try, and determine suits of every description under the restrictions as to local jurisdiction and value of property mentioned in Clauses 1, 2 and 3, Section 5, Regulation V. 1831. Provided, however, that no Moonsiff shall try any suit, in which he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court shall be a party.

IX.—And it is hereby enacted, that in cases, where by reason of the above Section, a Moonsiff cannot try a suit because he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court is a party to the suit, it shall nevertheless be competent to the Moonsiff to receive the suit, and forward it to the Judge of the Zillah to which he is subordinate, who may thereupon refer the same for trial and decision to any other Moonsiff of the District.

Genl Dept. } SIR,

The Hon'ble the Deputy Governor of Bengal having observed from the Return for the past month, that notwithstanding the unrestricted authority given for the Embarkation of the Wives of Emigrants, the actual number of Women embarked still bears a proportion to the men of only 15 per cent., and this proportion being much smaller than that contemplated by Government, I am directed to observe that unless an improvement takes place, His Honor will be obliged to have recourse to some stringent measure, which shall compel those who are engaged in inducing Emigrants to embark to prefer such as are prepared to take their Wives with them.

2d. Previously, however, to taking any decisive steps in this matter, the Hon'ble the Deputy Governor directs that you will make the views and intentions of the Government on this point known to the several Agents, and His Honor will in the mean time carefully observe the results from your Monthly Reports.

To Capt. T. E. ROGERS,
Emigration Agent at the Port of Calcutta.

Genl Dept. SIR,

The Hon'ble the Deputy Governor of Bengal having observed from the Return for the past month, that notwithstanding the unrestricted authority given for the Embarkation of the Wives of Emigrants, the actual number of Women embarked still bears a proportion to the men of only 15 per cent., and this proportion being much smaller than that contemplated by Government, I am directed to observe that unless an improvement takes place, His Honor will be obliged to have recourse to some stringent measure, which shall compel those who are engaged in inducing Emigrants to embark to prefer such as are prepared to take their Wives with them.

2d. Previously, however, to taking any decisive steps in this matter, the Hon'ble the Deputy Governor directs that you will make the views and intentions of the Government on this point known to the several Agents, and His Honor will in the mean time carefully observe the results from your Monthly Reports.

I have the honor to be,

SATURDAY, MAY 13, 1843.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 28TH APRIL, 1843.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 28th of April 1843, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. VII. OF 1843.

An Act for abolishing the Provincial Courts of Appeal and Circuit in the Presidency of Fort St. George, and for establishing new Zillah Courts to perform their functions; for establishing Courts constituted according to Regulations I. and II., and Regulations VII. and VIII. of 1827, *in place of the existing Civil and Criminal Zillah Courts, and for extending the Civil Jurisdiction of such Courts.*

I. It is hereby enacted, that the Governor in Council of Fort Saint George be empowered by an Order in Council to abolish the Provincial Courts of Appeal and Circuit, and the Civil and Criminal Zillah Courts, now existing in that Presidency, and to establish new Zillah Courts to perform the Civil and Criminal functions now performed by the said Provincial Courts, and to replace the existing Civil and Criminal Zillah Courts, by Courts constituted according to Regulations I. and II. of 1827, or Regulations VII. and VIII. of 1827, at his discretion.

II. And it is hereby enacted, that every Zillah Court established under this Act, shall be superintended by one Judge, who shall be styled Civil and Session Judge of the Zillah.

Civil Jurisdiction.

III. And it is hereby enacted, that the Zillah Courts established under this Act, shall exercise within the limits assigned to them, respectively, by the Order in Council by which they are constituted, the same Civil jurisdiction as is now exercised by the Provincial Courts of Appeal, except the Original jurisdiction vested in those Courts in suits for an amount or value less than 10,000 Company's Rupees, and shall be vested with the same authority, and shall be subject to the same rules and restrictions as such Provincial Courts of Appeal, except as hereinafter mentioned.

IV. And it is hereby enacted, that the Original jurisdiction vested in the Provincial Courts of Appeal in suits for an amount or value less than 10,000 Co.'s Rs., shall be transferred to the subordinate Zillah Courts constituted according to Regulations I. and VII. of 1827.

V. And it is hereby enacted, that Section VII. Regulation VII. of 1827 be rescinded.

VI. And it is hereby enacted, that in every Zillah in which there is a subordinate Court constituted according to Regulation VII. of 1827, the Zillah Court shall take cognizance of the Appeals which by Section VIII. of that Regulation are reserved from the jurisdiction of such Court.

VII. *First.*—And it is hereby enacted, in modification of Section IX. Regulation VII. of 1827, that in all cases, in which a Principal Sudder Ameen has occasion to call upon a Collector, Subordinate Collector, or Assistant Collector, or other European Officer of Government, to do any thing in any matter before his Court, he shall transmit to such Officer an Extract from the Proceedings of the Court containing a brief Abstract of the case, and specifying what is required to be done by him, with a request that he will comply therewith, and that he will return an answer stating what he has done within a certain time, and such Officer shall comply with the requisition so conveyed to him, in the same manner as if it had been accompanied by a precept from the Zillah Judge.

Second.—Provided, that if such Officer does not comply with such requisition the Principal Sudder Ameen shall report the case to the Zillah Judge, who shall proceed thereon as if the requisition had been made by a precept from himself.

VIII. *First.*—And it is hereby enacted, that Appeals shall lie to the Zillah Court from all decrees or orders of Subordinate Civil Courts constituted according to Regulations I. and VII. of 1827, and of Sudder Ameens and District Moonsiffs, in cases in which Appeals are now allowable,

but such Appeals must be preferred within the period of 30 days, to be calculated as prescribed in the existing Regulations.

Second.—Provided, that whenever a Court constituted according to Regulation I. of 1827, or according to Regulation VII. of 1827, is established in any Zillah at a place remote from the station of the Zillah Court, the Sudr Udalut, with the sanction of the Governor in Council, may order Appeals from the decisions and orders of District Moonsiffs stationed within the limits assigned to such Court, to be preferred to such Court. But it shall be competent to the Zillah Judge, at his discretion, to call up to his own Court, from time to time, Appeals received by any such Court, and to dispose of them himself.

Third.—Provided also, that the Judge of any Zillah Court may refer to any Subordinate Judge or Principal Sudder Ameen in the Zillah, any Appeals from District Moonsiffs which may be filed in the Zillah Court.

Fourth.—Provided also, that if any such Appeal from a decision or order of a District Moonsiff, which may have been under this Section referred for decision, or preferred in the first instance, to a Subordinate Judge or Principal Sudder Ameen, be dismissed without any decision being come to on its merits, it shall be competent to the party aggrieved by such order of dismissal to prefer a Summary Appeal from it to the Judge of the Zillah, and it shall be the duty of the said Zillah Judge to hold such proceeding on such Summary Appeal as he may consider proper; and, having satisfied himself that the order dismissing the Appeal has been passed without sufficient cause being shewn for such dismissal, it shall be competent for such Zillah Judge to issue his Precept to the Court by which the Appeal may have been dismissed, requiring that the Appeal shall be again admitted on the file, and a decision passed upon it after mature consideration of its merits.

IX. And it is hereby enacted, that Appeals, Regular, and Summary, from decisions and orders of the Zillah Courts, shall lie to the Sudr Udalut, under the same rules and restrictions as are applicable to similar Appeals to the Sudr Udalut from the Provincial Courts of Appeal.

X. *First.*—And it is hereby enacted, that it shall be competent to a single Judge of the Sudr Udalut to hold a sitting of Court on all matters within the cognizance of that Court, and to pass orders or judgments in conformity to the Regulations, subject to the following provisions.

Second.—On the hearing of any Appeal from the decision or order of any Court of inferior jurisdiction, in any case, regular or miscellaneous, if a single Judge of the Sudr Udalut shall be of opinion that no sufficient ground has been shewn to impugn the correctness or justness of such decision or order, it shall be competent to such single Judge, without reference to the order of the file, to confirm the same without requiring the attendance of the opposite party, and with or without a revision of the whole proceedings, as the nature of the case may appear to require, and to communicate the order of confirmation, through the Court from whose judgment the Appeal was made, to the opposite party, with a view to enable such party to take immediate measures for the execution of the decree. On the other hand, if a single Judge shall be of opinion that the decision or order appealed against ought to be altered, or reversed, as being manifestly unjust or at variance with some Regulation in force, or in opposition to the Hindoo or Mahomedan Law or other Law applicable to the case, or as having been passed without sufficient investigation of the merits, or as grounded on an assumption obviously erroneous, or irrelevant with reference to the points at issue, it shall likewise be competent to a single Judge to issue an injunction pointing out the irregularity, illegality, or other defect, apparent in the proceedings, decision, or order, appealed against, and requiring that the Court by which the same may have been held, or passed, shall revise the case, and proceed thereon in such manner as may appear conformable to justice and to the Regulations.

Third.—A single Judge of the Sudr Udalut may exercise his discretion in calling for the proceedings of the Lower Courts, or such parts of them as may appear necessary, and may further order a report in English, or in the Vernacular language commonly used in the Court, as the occasion may render advisable, on any points requiring explanation, prior to passing a determination on the case or matter in Appeal.

Fourth.—It shall further be competent to a single Judge to direct, that the execution of any judgment or order passed by any inferior Court, in all cases in which that measure may appear to him expedient, may be stayed until a final decision has been passed thereon.

XI. And it is hereby enacted, that the provisions of Clause 2d, of the foregoing Section, shall be applicable to the Judges of Zillah Courts, and to Subordinate Judges and Principal Sudder Ameens.

XII. And it is hereby enacted, that any provisions of the existing Regulations which require inferior Courts to furnish the Sudr Udalut with translations of papers written in the Vernacular languages of the country, which they may transmit to that Court in Appeals and other cases, be rescinded.

XIII. And it is hereby enacted, in modification of Sections XIII. and XIV. Regulation V. of 1802, that all processes and orders therein described which may issue from the Sudr Udalut, shall be directed to the Zillah Courts established under this Act.

XIV. And it is hereby enacted, that it shall be competent to the Judges of the Zillah Courts to refer the execution of decrees of the Sudr Udalut, and of their own Courts, to the Subordinate Judges, or Principal Sudder Ameens of their Zillahs, respectively, who shall proceed therein under the rules prescribed in the general Regulations applicable to such cases, provided that an Appeal shall lie from any order passed by a Subordinate Judge, or Principal Sudder Ameen, under such reference, to the Zillah Court in the first instance, and secondly a Special Appeal to the Sudr Udalut.

XV. And it is hereby enacted, that all other processes issued by the Sudr Udalut and directed to the Zillah Court, or originating in the Zillah Court, shall be served under the orders of the Zillah Judge by the proper Officers of the Court.

XVI. And it is hereby enacted, in modification of Section VI. Regulation III. 1833, that the power of suspending Sudder Ameens from Office, thereby vested in the Zillah, Assistant, and Native Judges, shall for the future be vested in the Judges of Zillah Courts established under this Act.

XVII. *First.*—And it is hereby enacted, that all parts of Regulations VI. and VII. 1816, in which the Zillah Judge is mentioned, shall be understood as applicable to the Judges of the Zillah

Courts established under this Act, excepting Section LVI. Regulation VI. 1816, which shall be applicable to the Subordinate Judges and Principal Sudder Ameens, as extended by Section V. Regulation III. of 1833. And all parts of Regulation VI. of 1816 in which the Provincial Court is mentioned, shall be understood as applicable to the Sudr Udalut.

Second.—Provided, that District Moonsiffs may be employed by Subordinate Judges and Principal Sudder Ameens, as well as by Judges of Zillah Courts, in the manner and for the purposes specified in Sections LX. and LXI. Regulation VI. 1816.

XVIII. And it is hereby enacted, that when a Zillah Judge sees reasons for calling up under Section LIV. Regulation VI. 1816, any cause that may be depending before a District Moonsiff, he may refer it for trial to the Subordinate Judge, or Principal Sudder Ameen, of the Zillah, or to a Sudder Ameen, or another District Moonsiff.

XIX. And it is hereby enacted, that when a District Moonsiff shall forward to a Zillah Judge under Clause 2d, Section III. Regulation I. 1829, a Suit instituted in his Court, in which he is directly or indirectly a party, or otherwise personally interested, the Judge may refer it for trial either to a Sudder Ameen, or another District Moonsiff.

XX. And it is hereby enacted, that the Judges of Zillah Courts may refer to the Subordinate Judges, and Principal Sudder Ameens, applications for the executions of decisions of District Punchayets preferred under Section XVII. Regulation VII. 1816.

XXI. And it is hereby enacted, that it shall be competent to Judges of Zillah Courts to pass orders of their own authority on complaints preferred under Section XI. Regulation VII. 1816, according to Clause 4 thereof.

XXII. And it is hereby enacted, that the Zillah Judge shall be competent to receive and pass orders of his own authority on complaints preferred under Section XXVII. Regulation VII. 1832.

XXIII. And it is hereby enacted, that Civil Actions and Criminal prosecutions under Clauses 1 and 2, Section VIII. Regulation VI. 1816, with respect to District Moonsiffs, and as extended by Section XIII. Regulation VIII. 1816, with respect to Sudder Ameens, shall be brought before the Zillah Courts established under this Act.

XXIV. And it is hereby enacted, that Section III. Regulation VIII. 1816, be rescinded.

XXV. And it is hereby enacted, in modification of Section XIV. Regulation VIII. 1816, that Sudder Ameens shall have authority to order execution of the decisions passed by them, according to the rules for the execution of decrees applicable to the Courts to which they are attached, and to issue all process relative to the causes and proceedings before them under their own official seal and signature, and to realize fines imposed by them without reference to any Superior Officer.

Criminal Jurisdiction.

XXVI. And it is hereby enacted, that the Judges of the Zillah Courts established under this Act shall exercise within the limits assigned to those Courts respectively, the same Criminal jurisdiction as is now exercised by the Judges of the Courts of Circuit; and shall be vested with the same authority, and subject to the same rules and restrictions, as far as they are applicable and consistent with this Act.

XXVII. And it is hereby enacted, that the said Judges shall hold permanent Sessions in the said Zillah Courts for the trial of all persons accused of crimes and offences now cognizable by the Courts of Circuit, who shall be committed for trial by the Subordinate Judges, or Principal Sudder Ameens, of the Zillahs respectively.

XXVIII. And it is hereby enacted, that Section II. Regulation XIII. 1832, be rescinded.

XXIX. And it is hereby enacted, in modifications of Clauses 1st and 3d, Section IX. Regulation X. of 1816, that if upon a perusal of the depositions given before the Magistrate, or any competent Officer of Police, it shall appear to the Subordinate Judge, or Principal Sudder Ameen, before whom a prisoner is brought charged with a crime or misdemeanor subject to the jurisdiction of the Judge of the Zillah Court of Session, that there is evidence of the prisoner being concerned in the perpetration of the crime or misdemeanor with which he is charged, and if the deponents confirm their depositions on oath before him, it shall be competent to the Subordinate Judge, or Principal Sudder Ameen, without further investigation, to commit the prisoner to take his trial before the Session Judge.

XXX. And it is hereby enacted, that the Session Judge shall commence the trial immediately, and shall take the examination of the prosecutor and of the witnesses for the prosecution, and the defence of the prisoner, and the examinations of the witnesses for the defence, and if more witnesses have been previously summoned and are expected to attend, or if the Session Judge thinks it necessary after the commencement of the trial to call for further evidence, he shall adjourn the proceedings, permitting the prosecutor and witnesses to return to their houses, unless he shall see special cause to detain them in order to their being confronted with the other witnesses whose attendance is expected.

XXXI. And it is hereby enacted, that except in cases in which the Session Judge thinks proper to proceed as authorized in Section XXXII. of this Act, the Mahomedan Law Officer attached to the Zillah Court shall sit with the Session Judge for the trial of persons charged with crimes now cognizable by Courts of Circuit, in like manner and subject to the like Regulations as are now applicable to Law Officers sitting with the Courts of Circuit.

XXXII. *First.*—And it is hereby enacted, that it shall be competent to Session Judges in the trial of Criminal cases, to avail themselves at their discretion of the assistance of respectable Natives, or other persons, in either of the two following ways,

Viz.—By constituting two or more such persons Assessors, or Members of the Court, with a view to the advantages derivable from their observations, particularly in the examination of witnesses. The opinion of each of the Assessors shall be given separately and discussed, and if any of the Assessors, or the authority presiding in the Court, desire it, the opinions of the Assessors shall be recorded in writing.

Or by employing them more nearly as a Jury. They will then attend during the trial, will suggest, as it proceeds, such points of enquiry as occur to them, (the Court, if no objection exists, using every endeavour to procure the required information,) and after consultation will deliver in their verdict. The mode of selecting the Jurors, the number to be employed, and the manner in which their verdict shall be delivered, are left to the discretion of the Judge who presides.

Second.—Provided, that the Law Officer may be one of the Assessors or Jury.

Third.—Provided also, that the decision shall be passed by the Judge according to his own opinion, whether he agrees with the Assessors or Jury, or not, if the case be one which under the existing Regulations it is competent to him to dispose of finally. But if he differs from the Assessors or Jury, his decision shall not be carried into effect unless confirmed by the Court of Fouzdaree Udalut to which the case shall be immediately referred.

XXXIII. And it is hereby enacted, that it shall be competent to a single Judge of the Foujdaree Udalut on a revision of the proceedings held on any Criminal trial by any Court of inferior jurisdiction, to reverse or alter the sentence or order passed thereon, provided such reversal or alteration be in favor of the accused, whether for acquittal, mitigation of punishment, or otherwise.

XXXIV. And it is hereby enacted, that if a single Judge of the Foujdaree Udalut on a revision of the proceedings in a trial held by a Session Judge, concur in opinion with the Session Judge, whether for conviction or acquittal, it shall be competent to such single Judge to pass a final sentence, except for capital punishment, which as heretofore shall in all cases require the concurrent opinion of two Judges of the Court.

XXXV. And it is hereby enacted, that it shall be competent to the Court of Foujdaree Udalut on a review of the Abstract Statements of Prisoners punished without reference, to mitigate the sentence passed on any prisoner when such sentence may appear on the Session Judge's own shewing of the facts, manifestly illegal or too severe, and it shall not be necessary for the Court to call for the proceedings in such cases, unless they shall see special reasons for so doing. It shall further be competent to the Court in like manner to annul the sentence passed in any case when such sentence may be in opposition to any Law or Regulation in force, and to require the Session Judge to pass a new sentence according to Law.

XXXVI. And it is hereby enacted, in modification of Section II. Regulation III. 1833, that the authority to over-rule judgments passed by Sudder Ameens in Criminal cases shall be vested in the Session Judges.

XXXVII. And it is hereby enacted, that Section XXIV. Regulation X. 1816, Clauses 2 and 3, Section IV. Regulation II. 1822, Clause 2, Section V., and Clauses 2 and 4, Section VIII. Regulation VI. 1827, shall be applicable to Session Judges instead of Judges of Circuit.

XXXVIII. And it is hereby enacted, that prosecutions against Magistrates and their Assistants under Section XLIII. Regulation IX. 1816, shall be instituted in the Zillah Courts established under this Act.

XXXIX. *First.*—And it is hereby enacted, in modification of Section III. Regulation XIII. 1832, that it shall be the duty of the Session Judge to bring to the notice of the Foujdaree Udalut any gross misconduct of any Native Officer of Police which may have come under his observation in a case investigated by himself, or which may have been reported to him by a Subordinate Judge, or Principal Sudder Ameen, and which appears to him to deserve the penalty of dismissal, and it shall be competent to the Foujdaree Udalut to order the dismissal of such Officer.

Second.—Provided, that the Session Judge shall furnish a copy of his Report upon the case to the Magistrate, and the Foujdaree Udalut shall not pass a final order upon it until the answer of the Magistrate, which shall be addressed to that Court, has been received and considered.

XL. And it is hereby enacted, that it shall be the duty of the Sessions Judge to bring to the notice of the Magistrate any minor neglects, or omissions, or transgressions, of the Subordinate Officers of Police which have come under his own observations, or have been reported to him by a Subordinate Judge, or Principal Sudder Ameen, and such notifications shall be recorded in the periodical returns to the Foujdaree Udalut.

XLI. And it is hereby enacted, that it shall be competent to the Session Judge to report to the Foujdaree Udalut any neglect or delay on the part of the Magistrate, or the Subordinate Officers of the Magistracy, by which the course of justice has been seriously impeded in cases before himself, or which have been reported to him by a Subordinate Judge, or Principal Sudder Ameen.

XLII. And it is hereby enacted, that it shall be competent to the Session Judges, Subordinate Judges, and Principal Sudder Ameens, to communicate directly with the District Officers of Police for the purpose of obtaining all the evidence that appears to be forthcoming in cases in which prisoners have been forwarded by them charged with crimes and misdemeanors, Section LV. Regulation XI. 1816 notwithstanding.

XLIII. And it is hereby enacted, that except as provided in Section XLVII. of this Act, Europeans and Americans charged with offences not punishable by the Magistrate, committed within the local jurisdiction of a Principal Sudder Ameen, shall be sent for trial to the Session Judge, who shall proceed thereon in conformity with the rules applicable to his own Court, or to Courts constituted according to Regulation II. of 1827, as the case may require.

XLIV. And it is hereby enacted, that in any Zillah, in which the Governor in Council of Fort St. George deems it expedient to establish the Zillah Court, and the Court or Courts under Subordinate Judges, or Principal Sudder Ameens, at separate stations, it shall be competent to the said Governor in Council, by an Order in Council, to authorize the Session Judge to take cognizance of all Criminal cases subject ordinarily to the jurisdiction of the Subordinate Courts, as well as cases subject to his own jurisdiction, which shall be sent to him by the Magistrate or Officers of Police of such Talooks as shall be therein indicated, and to dispose of such cases according to the rules applicable to them respectively.

XLV. And it is hereby enacted, that in any Zillah in which the Governor in Council of Fort St. George deems it unnecessary to establish a Subordinate Civil and Criminal Court, constituted according to Regulations I. and II. or Regulations VII. and VIII. 1827, it shall be competent to the said Governor in Council, by an Order in Council, to authorize the Civil and Session Judge to exercise the Civil and Criminal Jurisdiction assigned to such Courts, besides the proper Civil and Criminal jurisdiction of the Zillah Court, and to take cognizance immediately of Criminal cases, within his proper jurisdiction as Session Judge, as they are sent up by the Police and Magistracy.

XLVI. And it is hereby enacted, that when the said Governor in Council deems it proper to establish in any such Zillah a Court under a Sudder Ameen at a detached station, it shall be competent to the Governor in Council to authorise the Sudder Ameen to receive and dispose of Civil Suits arising in the portion of the Zillah over which jurisdiction shall be assigned to him, without the intervention of the Zillah Judge, under the limitation as to amount or value prescribed by the existing Regulations: and also to receive and dispose of Criminal cases sent to him by the Police and Magistracy of the division subject to his jurisdiction, for which the punishment prescribed shall not exceed the limitation specified in Section VII. Regulation X. of 1816.

XLVII. And it is hereby enacted, that whenever the Governor in Council of Fort St. George shall establish a Court under a European Principal Sudder Ameen at Cochin, such Principal Sudder Ameen shall exercise within the jurisdiction assigned to him all the powers of a Criminal Court constituted according to Regulation II. of 1827, and also all the powers of a Joint Magistrate.

XLVIII. And it is hereby enacted, that when the Subordinate Criminal Court at the Station of a Zillah Court is constituted according to Regulation VIII. of 1827, the Zillah Jail shall be under the charge of the Session Judge.

XLIX. And it is hereby enacted, that when the Subordinate Criminal Court at the Station of the Zillah Court is constituted according to Regulation II. of 1827, the Zillah Jail shall be under the charge of the Judge of the Subordinate Criminal Court, and the Session Judge shall be vested with authority to visit the Jail, and to pass orders according to Section XXXII. Regulation VII. of 1802, and Section VII. Regulation X. 1832.

L. And it is hereby enacted, that the Subordinate Officers and Vakeels, who shall be appointed to the Zillah Courts established under this Act, shall be subject to the same rules as are applicable to the Subordinate Officers and Vakeels of the Provincial Courts of Appeal.

LI. And it is hereby enacted, that the Governor in Council of Fort St. George shall direct what Law Officers shall be appointed to the Zillah Courts established under this Act, and shall order the manner of their appointment, and such Officers shall be subject to the same rules as the Law Officers of the Provincial Courts of Appeal.

LII. And it is hereby enacted, that the Governor in Council of Fort St. George may appoint an Assistant Judge to any Zillah Court, to whom the Judge shall have authority to refer any Appeals which may be depending before him, excepting appeals from the Subordinate Courts constituted according to Regulation I. or Regulation VII. of 1827, and such Assistant Judge shall be empowered to try and dispose of cases so referred to him under the rules applicable to the Judge.

LIII. And it is hereby enacted, that it shall be lawful for the Governor General in Council, by an Order in Council, to authorize the Governor in Council of Fort St. George at any time to change the Stations of Zillah Courts and the limits of their local jurisdiction, and to abolish any of the Zillah Courts which shall be first established under this Act, and to establish new Zillah Courts in any parts of the Presidency of Fort Saint George.

LIV. *First.*—And whereas it is deemed expedient to extend the powers vested in Magistrates by Regulation IX. of 1816.

It is hereby enacted, that the Magistrates be authorized to exercise the powers vested in Criminal Judges by Section VII. Regulation X. of 1816, concurrently with the Subordinate Criminal Courts.

Second.—Provided that in all cases in which Magistrates shall exercise the additional powers hereby vested in them, the form of procedure shall be the same as is required to be observed in the Subordinate Criminal Courts in similar cases, and the same record shall be kept of the trial.

LV. And it is hereby enacted, that in every case in which a Magistrate shall exercise such additional powers an Appeal from his sentence or order may be preferred to the Session Judge within one month, and it shall be competent to the Session Judge upon such an Appeal to annul or alter the sentence or order, provided that he shall not increase the punishment awarded by the Magistrate.

LVI. And it is hereby enacted, that all criminal cases which may be depending at the time of the abolition of the Zillah and Provincial Courts, shall be disposed of by the Courts acquiring jurisdiction over the same in virtue of this Act:—provided, however, that prisoners who may have been committed for trial by the Session Judge in his former Office of Criminal Judge, or Joint Criminal Judge, and who may object to be tried by that Officer, shall be tried by the Session Judge of another Court, or by the Special Commissioner of the Division, or by an Officer specially appointed by Government.

Ordered, that the Act be promulgated for general information.

ACT No. VIII. OF 1843.

An Act for disposing of the Original Suits and Appeals depending before the Provincial Courts of Appeal in the Presidency of Fort St. George, the abolition of which is authorized by Act No. VII. of 1843.

Whereas it is necessary that provision should be made for the disposal of Original Suits and Appeals depending before the Provincial Courts of Appeal in the Presidency of Fort St. George, the abolition of which is authorized by Act No. VII. of 1843.

I. It is hereby enacted, that the Governor in Council of Fort St. George be empowered to appoint a Single Judge to hold a Court in place of each of the said Provincial Courts at the Station of such Provincial Court, with a Special Commission to dispose of all Original Suits and Appeals which may be depending before such Court, on the date on which the said Governor in Council shall order the functions of the Provincial Courts to cease.

II. And it is hereby enacted, that the Judges, who shall be appointed for this purpose, shall be styled respectively, viz.

Special Commissioner for disposing of the causes depending before the late Provincial Court for the (Northern, Southern, Centre or Western) Division.

III. And it is hereby enacted, that every Special Commissioner so appointed, previously to entering upon the execution of the duties of his office, shall take and subscribe the oath prescribed to be taken by Judges of the Provincial Courts of Appeal, before any person who shall be commissioned by the Governor in Council of Fort Saint George to administer it.

IV. And it is hereby enacted, that the Special Commissioners shall transfer the Original Suits on the files of Provincial Courts, in which no proceedings have been held beyond the filing of the pleadings, and exhibits, to the Zillah Courts within whose jurisdiction they would fall respectively if they were commenced *de novo*, and such suits shall be tried and decided by the Judges of such Zillah Courts subject to Appeal to the Sudr Udalut.

V. *First.*—And it is hereby enacted, that all other Original Suits, and all Appeals on the file of the Provincial Courts, shall be tried and decided by the Special Commissioners, who shall have the same powers as heretofore have been vested in two or more Judges of such Courts sitting together, subject to the same rules and restrictions, and under the same provisions for Appeals to the Sudr Udalut.

Second.—Provided, that in a case of Special Appeal from a Lower Court, if a Special Commissioner differs from the Court from whose decision the Appeal is preferred, he shall not pass a final judgment reversing the decision, but shall record his opinion and transmit the record of the case to the Sudr Udalut, to be laid before a Single Judge of that Court, whose judgment, confirming or reversing the decree appealed against, shall be final.

VI. And it is hereby enacted, that the execution of Decrees of the Special Commissioners, and also of the Provincial Courts for which process was not issued previously to their abolition, shall be committed to the Judge of the Zillah in which the Suit was instituted, or if the Suit was instituted in the Provincial Court, to the Judge to whose jurisdiction the Suit would fall if it were commenced *de novo*. The records of the cases shall be transmitted, together with the Decrees, to the respective Zillah Judges, who shall proceed in the execution of the Decrees in the same manner as if they were passed by themselves, and appeals from their orders shall lie to the Sudr Udalut.

VII. And it is hereby enacted, that the Judges of the Zillah Courts shall proceed in like manner to complete the execution of Decrees of the Provincial Courts under process previously issued, subject to appeal to the Sudr Udalut.

VIII. And it is hereby enacted, that from decisions passed by Zillah Judges, Assistant Judges, and Principal Sudder Ameens, previously to the abolition of the Provincial Courts, in cases appealable to those Courts, in which the time allowed for appealing shall not have expired at the date of their abolition, an appeal shall lie to the Sudr Udalut, provided that the petition of appeal be presented to the Sudr Udalut or to the Civil Judge of the Zillah in which the original suit was decided, within one month from the expiration of the period within which it ought to have been presented under the Rules applicable to appeals to the Provincial Courts.

IX. And it is hereby enacted, that it shall be competent to the Governor in Council of Fort Saint George to authorize the appointment of Ministerial Officers and Vakeels of the Courts of the Special Commissioners, who shall be subject to the same Rules as are applicable to the Ministerial Officers and Vakeels of the Provincial Courts.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 28TH APRIL, 1843.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 28th of April 1843, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. VII. OF 1843.

An Act for abolishing the Provincial Courts of Appeal and Circuit in the Presidency of Fort St. George, and for establishing new Zillah Courts to perform their functions; for establishing Courts constituted according to Regulations I. and II., and Regulations VII. and VIII. of 1827, in place of the existing Civil and Criminal Zillah Courts, and for extending the Civil Jurisdiction of such Courts.

I. It is hereby enacted, that the Governor in Council of Fort Saint George be empowered by an Order in Council to abolish the Provincial Courts of Appeal and Circuit, and the Civil and Criminal Zillah Courts, now existing in that Presidency, and to establish new Zillah Courts to perform the Civil and Criminal functions now performed by the said Provincial Courts, and to replace the existing Civil and Criminal Zillah Courts, by Courts constituted according to Regulations I. and II. of 1827, or Regulations VII. and VIII. of 1827, at his discretion.

II. And it is hereby enacted, that every Zillah Court established under this Act, shall be superintended by one Judge, who shall be styled Civil and Session Judge of the Zillah.

Civil Jurisdiction.

III. And it is hereby enacted, that the Zillah Courts established under this Act, shall exercise within the limits assigned to them, respectively, by the Order in Council by which they are constituted, the same Civil jurisdiction as is now exercised by the Provincial Courts of Appeal, except the Original jurisdiction vested in those Courts in suits for an amount or value less than 10,000 Company's Rupees, and shall be vested with the same authority, and shall be subject to the same rules and restrictions as such Provincial Courts of Appeal, except as hereinafter mentioned.

IV. And it is hereby enacted, that the Original jurisdiction vested in the Provincial Courts of Appeal in suits for an amount or value less than 10,000 Co.'s Rs., shall be transferred to the subordinate Zillah Courts constituted according to Regulations I. and VII. of 1827.

V. And it is hereby enacted, that Section VII. Regulation VII. of 1827 be rescinded.

VI. And it is hereby enacted, that in every Zillah in which there is a subordinate Court constituted according to Regulation VII. of 1827, the Zillah Court shall take cognizance of the Appeals which by Section VIII. of that Regulation are reserved from the jurisdiction of such Court.

VII. *First.*—And it is hereby enacted, in modification of Section IX. Regulation VII. of 1827, that in all cases, in which a Principal Sudder Ameen has occasion to call upon a Collector, Subordinate Collector, or Assistant Collector, or other European Officer of Government, to do any thing in any matter before his Court, he shall transmit to such Officer an Extract from the Proceedings of the Court containing a brief Abstract of the case, and specifying what is required to be done by him, with a request that he will comply therewith, and that he will return an answer stating what he has done within a certain time, and such Officer shall comply with the requisition so conveyed to him, in the same manner as if it had been accompanied by a precept from the Zillah Judge.

Second.—Provided, that if such Officer does not comply with such requisition the Principal Sudder Ameen shall report the case to the Zillah Judge, who shall proceed thereon as if the requisition had been made by a precept from himself.

VIII. *First.*—And it is hereby enacted, that Appeals shall lie to the Zillah Court from all decrees or orders of Subordinate Civil Courts constituted according to Regulations I. and VII. of 1827, and of Sudder Ameens and District Moonsiffs, in cases in which Appeals are now allowable,

but such Appeals must be preferred within the period of 30 days, to be calculated as prescribed in the existing Regulations.

Second.—Provided, that whenever a Court constituted according to Regulation I. of 1827, or according to Regulation VII. of 1827, is established in any Zillah at a place remote from the station of the Zillah Court, the Sudr Udalut, with the sanction of the Governor in Council, may order Appeals from the decisions and orders of District Moonsiffs stationed within the limits assigned to such Court, to be preferred to such Court. But it shall be competent to the Zillah Judge, at his discretion, to call up to his own Court, from time to time, Appeals received by any such Court, and to dispose of them himself.

Third.—Provided also, that the Judge of any Zillah Court may refer to any Subordinate Judge or Principal Sudder Ameen in the Zillah, any Appeals from District Moonsiffs which may be filed in the Zillah Court.

Fourth.—Provided also, that if any such Appeal from a decision or order of a District Moonsiff, which may have been under this Section referred for decision, or preferred in the first instance, to a Subordinate Judge or Principal Sudder Ameen, be dismissed without any decision being come to on its merits, it shall be competent to the party aggrieved by such order of dismissal to prefer a Summary Appeal from it to the Judge of the Zillah, and it shall be the duty of the said Zillah Judge to hold such proceeding on such Summary Appeal as he may consider proper; and, having satisfied himself that the order dismissing the Appeal has been passed without sufficient cause being shewn for such dismissal, it shall be competent for such Zillah Judge to issue his Precept to the Court by which the Appeal may have been dismissed, requiring that the Appeal shall be again admitted on the file, and a decision passed upon it after mature consideration of its merits.

IX. And it is hereby enacted, that Appeals, Regular, and Summary, from decisions and orders of the Zillah Courts, shall lie to the Sudr Udalut, under the same rules and restrictions as are applicable to similar Appeals to the Sudr Udalut from the Provincial Courts of Appeal.

X. *First.*—And it is hereby enacted, that it shall be competent to a single Judge of the Sudr Udalut to hold a sitting of Court on all matters within the cognizance of that Court, and to pass orders or judgments in conformity to the Regulations, subject to the following provisions.

Second.—On the hearing of any Appeal from the decision or order of any Court of inferior jurisdiction, in any case, regular or miscellaneous, if a single Judge of the Sudr Udalut shall be of opinion that no sufficient ground has been shewn to impugn the correctness or justness of such decision or order, it shall be competent to such single Judge, without reference to the order of the file, to confirm the same without requiring the attendance of the opposite party, and with or without a revision of the whole proceedings, as the nature of the case may appear to require, and to communicate the order of confirmation, through the Court from whose judgment the Appeal was made, to the opposite party, with a view to enable such party to take immediate measures for the execution of the decree. On the other hand, if a single Judge shall be of opinion that the decision or order appealed against ought to be altered, or reversed, as being manifestly unjust or at variance with some Regulation in force, or in opposition to the Hindoo or Mahomedan Law or other Law applicable to the case, or as having been passed without sufficient investigation of the merits, or as grounded on an assumption obviously erroneous, or irrelevant with reference to the points at issue, it shall likewise be competent to a single Judge to issue an injunction pointing out the irregularity, illegality, or other defect, apparent in the proceedings, decision, or order, appealed against, and requiring that the Court by which the same may have been held, or passed, shall revise the case, and proceed thereon in such manner as may appear conformable to justice and to the Regulations.

Third.—A single Judge of the Sudr Udalut may exercise his discretion in calling for the proceedings of the Lower Courts, or such parts of them as may appear necessary, and may further order a report in English, or in the Vernacular language commonly used in the Court, as the occasion may render advisable, on any points requiring explanation, prior to passing a determination on the case or matter in Appeal.

Fourth.—It shall further be competent to a single Judge to direct, that the execution of any judgment or order passed by any inferior Court, in all cases in which that measure may appear to him expedient, may be stayed until a final decision has been passed thereon.

XI. And it is hereby enacted, that the provisions of Clause 2d, of the foregoing Section, shall be applicable to the Judges of Zillah Courts, and to Subordinate Judges and Principal Sudder Ameens.

XII. And it is hereby enacted, that any provisions of the existing Regulations which require inferior Courts to furnish the Sudr Udalut with translations of papers written in the Vernacular languages of the country, which they may transmit to that Court in Appeals and other cases, be rescinded.

XIII. And it is hereby enacted, in modification of Sections XIII. and XIV. Regulation V. of 1802, that all processes and orders therein described which may issue from the Sudr Udalut, shall be directed to the Zillah Courts established under this Act.

XIV. And it is hereby enacted, that it shall be competent to the Judges of the Zillah Courts to refer the execution of decrees of the Sudr Udalut, and of their own Courts, to the Subordinate Judges, or Principal Sudder Ameens of their Zillahs, respectively, who shall proceed therein under the rules prescribed in the general Regulations applicable to such cases, provided that an Appeal shall lie from any order passed by a Subordinate Judge, or Principal Sudder Ameen, under such reference, to the Zillah Court in the first instance, and secondly a Special Appeal to the Sudr Udalut.

XV. And it is hereby enacted, that all other processes issued by the Sudr Udalut and directed to the Zillah Court, or originating in the Zillah Court, shall be served under the orders of the Zillah Judge by the proper Officers of the Court.

XVI. And it is hereby enacted, in modification of Section VI. Regulation III. 1833, that the power of suspending Sudder Ameens from Office, thereby vested in the Zillah, Assistant, and Native Judges, shall for the future be vested in the Judges of Zillah Courts established under this Act.

XVII. *First.*—And it is hereby enacted, that all parts of Regulations VI. and VII. 1816, in which the Zillah Judge is mentioned, shall be understood as applicable to the Judges of the Zillah

Courts established under this Act, excepting Section LVI. Regulation VI. 1816, which shall be applicable to the Subordinate Judges and Principal Sudder Ameens, as extended by Section V. Regulation III. of 1833. And all parts of Regulation VI. of 1816 in which the Provincial Court is mentioned, shall be understood as applicable to the Sudr Udalut.

Second.—Provided, that District Moonsiffs may be employed by Subordinate Judges and Principal Sudder Ameens, as well as by Judges of Zillah Courts, in the manner and for the purposes specified in Sections LX. and LXI. Regulation VI. 1816.

XVIII. And it is hereby enacted, that when a Zillah Judge sees reasons for calling up under Section LIV. Regulation VI. 1816, any cause that may be depending before a District Moonsiff, he may refer it for trial to the Subordinate Judge, or Principal Sudder Ameen, of the Zillah, or to a Sudder Ameen, or another District Moonsiff.

XIX. And it is hereby enacted, that when a District Moonsiff shall forward to a Zillah Judge under Clause 2d, Section III. Regulation I. 1829, a Suit instituted in his Court, in which he is directly or indirectly a party, or otherwise personally interested, the Judge may refer it for trial either to a Sudder Ameen, or another District Moonsiff.

XX. And it is hereby enacted, that the Judges of Zillah Courts may refer to the Subordinate Judges, and Principal Sudder Ameens, applications for the executions of decisions of District Punchayets preferred under Section XVII. Regulation VII. 1816.

XXI. And it is hereby enacted, that it shall be competent to Judges of Zillah Courts to pass orders of their own authority on complaints preferred under Section XI. Regulation VII. 1816, according to Clause 4 thereof.

XXII. And it is hereby enacted, that the Zillah Judge shall be competent to receive and pass orders of his own authority on complaints preferred under Section XXVII. Regulation VII. 1832.

XXIII. And it is hereby enacted, that Civil Actions and Criminal prosecutions under Clauses 1 and 2, Section VIII. Regulation VI. 1816, with respect to District Moonsiffs, and as extended by Section XIII. Regulation VIII. 1816, with respect to Sudder Ameens, shall be brought before the Zillah Courts established under this Act.

XXIV. And it is hereby enacted, that Section III. Regulation VIII. 1816, be rescinded.

XXV. And it is hereby enacted, in modification of Section XIV. Regulation VIII. 1816, that Sudder Ameens shall have authority to order execution of the decisions passed by them, according to the rules for the execution of decrees applicable to the Courts to which they are attached, and to issue all process relative to the causes and proceedings before them under their own official seal and signature, and to realize fines imposed by them without reference to any Superior Officer.

Criminal Jurisdiction.

XXVI. And it is hereby enacted, that the Judges of the Zillah Courts established under this Act shall exercise within the limits assigned to those Courts respectively, the same Criminal jurisdiction as is now exercised by the Judges of the Courts of Circuit; and shall be vested with the same authority, and subject to the same rules and restrictions, as far as they are applicable and consistent with this Act.

XXVII. And it is hereby enacted, that the said Judges shall hold permanent Sessions in the said Zillah Courts for the trial of all persons accused of crimes and offences now cognizable by the Courts of Circuit, who shall be committed for trial by the Subordinate Judges, or Principal Sudder Ameens, of the Zillahs respectively.

XXVIII. And it is hereby enacted, that Section II. Regulation XIII. 1832, be rescinded.

XXIX. And it is hereby enacted, in modifications of Clauses 1st and 3d, Section IX. Regulation X. of 1816, that if upon a perusal of the depositions given before the Magistrate, or any competent Officer of Police, it shall appear to the Subordinate Judge, or Principal Sudder Ameen, before whom a prisoner is brought charged with a crime or misdemeanor subject to the jurisdiction of the Judge of the Zillah Court of Session, that there is evidence of the prisoner being concerned in the perpetration of the crime or misdemeanor with which he is charged, and if the deponents confirm their depositions on oath before him, it shall be competent to the Subordinate Judge, or Principal Sudder Ameen, without further investigation, to commit the prisoner to take his trial before the Session Judge.

XXX. And it is hereby enacted, that the Session Judge shall commence the trial immediately, and shall take the examination of the prosecutor and of the witnesses for the prosecution, and the defence of the prisoner, and the examinations of the witnesses for the defence, and if more witnesses have been previously summoned and are expected to attend, or if the Session Judge thinks it necessary after the commencement of the trial to call for further evidence, he shall adjourn the proceedings, permitting the prosecutor and witnesses to return to their houses, unless he shall see special cause to detain them in order to their being confronted with the other witnesses whose attendance is expected.

XXXI. And it is hereby enacted, that except in cases in which the Session Judge thinks proper to proceed as authorized in Section XXXII. of this Act, the Mahomedan Law Officer attached to the Zillah Court shall sit with the Session Judge for the trial of persons charged with crimes now cognizable by Courts of Circuit, in like manner and subject to the like Regulations as are now applicable to Law Officers sitting with the Courts of Circuit.

XXXII. *First.*—And it is hereby enacted, that it shall be competent to Session Judges in the trial of Criminal cases, to avail themselves at their discretion of the assistance of respectable Natives, or other persons, in either of the two following ways,

Viz.—By constituting two or more such persons Assessors, or Members of the Court, with a view to the advantages derivable from their observations, particularly in the examination of witnesses. The opinion of each of the Assessors shall be given separately and discussed, and if any of the Assessors, or the authority presiding in the Court, desire it, the opinions of the Assessors shall be recorded in writing.

Or by employing them more nearly as a Jury. They will then attend during the trial, will suggest, as it proceeds, such points of enquiry as occur to them, (the Court, if no objection exists, using every endeavour to procure the required information,) and after consultation will deliver in their verdict. The mode of selecting the Jurors, the number to be employed, and the manner in which their verdict shall be delivered, are left to the discretion of the Judge who presides.

Second.—Provided, that the Law Officer may be one of the Assessors or Jury.

Third.—Provided also, that the decision shall be passed by the Judge according to his own opinion, whether he agrees with the Assessors or Jury, or not, if the case be one which under the existing Regulations it is competent to him to dispose of finally. But if he differs from the Assessors or Jury, his decision shall not be carried into effect unless confirmed by the Court of Fouzdaree Udalut to which the case shall be immediately referred.

XXXIII. And it is hereby enacted, that it shall be competent to a single Judge of the Foujdaree Udalut on a revision of the proceedings held on any Criminal trial by any Court of inferior jurisdiction, to reverse or alter the sentence or order passed thereon, provided such reversal or alteration be in favor of the accused, whether for acquittal, mitigation of punishment, or otherwise.

XXXIV. And it is hereby enacted, that if a single Judge of the Foujdaree Udalut on a revision of the proceedings in a trial held by a Session Judge, concur in opinion with the Session Judge, whether for conviction or acquittal, it shall be competent to such single Judge to pass a final sentence, except for capital punishment, which as heretofore shall in all cases require the concurrent opinion of two Judges of the Court.

XXXV. And it is hereby enacted, that it shall be competent to the Court of Foujdaree Udalut on a review of the Abstract Statements of Prisoners punished without reference, to mitigate the sentence passed on any prisoner when such sentence may appear on the Session Judge's own shewing of the facts, manifestly illegal or too severe, and it shall not be necessary for the Court to call for the proceedings in such cases, unless they shall see special reasons for so doing. It shall further be competent to the Court in like manner to annul the sentence passed in any case when such sentence may be in opposition to any Law or Regulation in force, and to require the Session Judge to pass a new sentence according to Law.

XXXVI. And it is hereby enacted, in modification of Section II. Regulation III. 1833, that the authority to over-rule judgments passed by Sudder Ameens in Criminal cases shall be vested in the Session Judges.

XXXVII. And it is hereby enacted, that Section XXIV. Regulation X. 1816, Clauses 2 and 3, Section IV. Regulation II. 1822, Clause 2, Section V., and Clauses 2 and 4, Section VIII. Regulation VI. 1827, shall be applicable to Session Judges instead of Judges of Circuit.

XXXVIII. And it is hereby enacted, that prosecutions against Magistrates and their Assistants under Section XLIII. Regulation IX. 1816, shall be instituted in the Zillah Courts established under this Act.

XXXIX. *First.*—And it is hereby enacted, in modification of Section III. Regulation XIII. 1832, that it shall be the duty of the Session Judge to bring to the notice of the Foujdaree Udalut any gross misconduct of any Native Officer of Police which may have come under his observation in a case investigated by himself, or which may have been reported to him by a Subordinate Judge, or Principal Sudder Ameen, and which appears to him to deserve the penalty of dismissal, and it shall be competent to the Foujdaree Udalut to order the dismissal of such Officer.

Second.—Provided, that the Session Judge shall furnish a copy of his Report upon the case to the Magistrate, and the Foujdaree Udalut shall not pass a final order upon it until the answer of the Magistrate, which shall be addressed to that Court, has been received and considered.

XL. And it is hereby enacted, that it shall be the duty of the Sessions Judge to bring to the notice of the Magistrate any minor neglects, or omissions, or transgressions, of the Subordinate Officers of Police which have come under his own observations, or have been reported to him by a Subordinate Judge, or Principal Sudder Ameen, and such notifications shall be recorded in the periodical returns to the Foujdaree Udalut.

XLI. And it is hereby enacted, that it shall be competent to the Session Judge to report to the Foujdaree Udalut any neglect or delay on the part of the Magistrate, or the Subordinate Officers of the Magistracy, by which the course of justice has been seriously impeded in cases before himself, or which have been reported to him by a Subordinate Judge, or Principal Sudder Ameen.

XLII. And it is hereby enacted, that it shall be competent to the Session Judges, Subordinate Judges, and Principal Sudder Ameens, to communicate directly with the District Officers of Police for the purpose of obtaining all the evidence that appears to be forthcoming in cases in which prisoners have been forwarded by them charged with crimes and misdemeanors, Section LV. Regulation XI. 1816 notwithstanding.

XLIII. And it is hereby enacted, that except as provided in Section XLVII. of this Act, Europeans and Americans charged with offences not punishable by the Magistrate, committed within the local jurisdiction of a Principal Sudder Ameen, shall be sent for trial to the Session Judge, who shall proceed thereon in conformity with the rules applicable to his own Court, or to Courts constituted according to Regulation II. of 1827, as the case may require.

XLIV. And it is hereby enacted, that in any Zillah, in which the Governor in Council of Fort St. George deems it expedient to establish the Zillah Court, and the Court or Courts under Subordinate Judges, or Principal Sudder Ameens, at separate stations, it shall be competent to the said Governor in Council, by an Order in Council, to authorize the Session Judge to take cognizance of all Criminal cases subject ordinarily to the jurisdiction of the Subordinate Courts, as well as cases subject to his own jurisdiction, which shall be sent to him by the Magistrate or Officers of Police of such Talooks as shall be therein indicated, and to dispose of such cases according to the rules applicable to them respectively.

XLV. And it is hereby enacted, that in any Zillah in which the Governor in Council of Fort St. George deems it unnecessary to establish a Subordinate Civil and Criminal Court, constituted according to Regulations I. and II or Regulations VII. and VIII. 1827, it shall be competent to the said Governor in Council, by an Order in Council, to authorize the Civil and Session Judge to exercise the Civil and Criminal Jurisdiction assigned to such Courts, besides the proper Civil and Criminal jurisdiction of the Zillah Court, and to take cognizance immediately of Criminal cases, within his proper jurisdiction as Session Judge, as they are sent up by the Police and Magistracy.

XLVI. And it is hereby enacted, that when the said Governor in Council deems it proper to establish in any such Zillah a Court under a Sudder Ameen at a detached station, it shall be competent to the Governor in Council to authorise the Sudder Ameen to receive and dispose of Civil Suits arising in the portion of the Zillah over which jurisdiction shall be assigned to him, without the intervention of the Zillah Judge, under the limitation as to amount or value prescribed by the existing Regulations: and also to receive and dispose of Criminal cases sent to him by the Police and Magistracy of the division subject to his jurisdiction, for which the punishment prescribed shall not exceed the limitation specified in Section VII. Regulation X. of 1816.

XLVII. And it is hereby enacted, that whenever the Governor in Council of Fort St. George shall establish a Court under a European Principal Sudder Ameen at Cochin, such Principal Sudder Ameen shall exercise within the jurisdiction assigned to him all the powers of a Criminal Court constituted according to Regulation II. of 1827, and also all the powers of a Joint Magistrate.

XLVIII. And it is hereby enacted, that when the Subordinate Criminal Court at the Station of a Zillah Court is constituted according to Regulation VIII. of 1827, the Zillah Jail shall be under the charge of the Session Judge.

XLIX. And it is hereby enacted, that when the Subordinate Criminal Court at the Station of the Zillah Court is constituted according to Regulation II. of 1827, the Zillah Jail shall be under the charge of the Judge of the Subordinate Criminal Court, and the Session Judge shall be vested with authority to visit the Jail, and to pass orders according to Section XXXII. Regulation VII. of 1802, and Section VII. Regulation X. 1832.

L. And it is hereby enacted, that the Subordinate Officers and Vakeels, who shall be appointed to the Zillah Courts established under this Act, shall be subject to the same rules as are applicable to the Subordinate Officers and Vakeels of the Provincial Courts of Appeal.

LI. And it is hereby enacted, that the Governor in Council of Fort St. George shall direct what Law Officers shall be appointed to the Zillah Courts established under this Act, and shall order the manner of their appointment, and such Officers shall be subject to the same rules as the Law Officers of the Provincial Courts of Appeal.

LII. And it is hereby enacted, that the Governor in Council of Fort St. George may appoint an Assistant Judge to any Zillah Court, to whom the Judge shall have authority to refer any Appeals which may be depending before him, excepting appeals from the Subordinate Courts constituted according to Regulation I. or Regulation VII. of 1827, and such Assistant Judge shall be empowered to try and dispose of cases so referred to him under the rules applicable to the Judge.

LIII. And it is hereby enacted, that it shall be lawful for the Governor General in Council, by an Order in Council, to authorize the Governor in Council of Fort St. George at any time to change the Stations of Zillah Courts and the limits of their local jurisdiction, and to abolish any of the Zillah Courts which shall be first established under this Act, and to establish new Zillah Courts in any parts of the Presidency of Fort Saint George.

LIV. *First.*—And whereas it is deemed expedient to extend the powers vested in Magistrates by Regulation IX. of 1816.

It is hereby enacted, that the Magistrates be authorized to exercise the powers vested in Criminal Judges by Section VII. Regulation X. of 1816, concurrently with the Subordinate Criminal Courts.

Second.—Provided that in all cases in which Magistrates shall exercise the additional powers hereby vested in them, the form of procedure shall be the same as is required to be observed in the Subordinate Criminal Courts in similar cases, and the same record shall be kept of the trial.

LV. And it is hereby enacted, that in every case in which a Magistrate shall exercise such additional powers an Appeal from his sentence or order may be preferred to the Session Judge within one month, and it shall be competent to the Session Judge upon such an Appeal to annul or alter the sentence or order, provided that he shall not increase the punishment awarded by the Magistrate.

LVI. And it is hereby enacted, that all criminal cases which may be depending at the time of the abolition of the Zillah and Provincial Courts, shall be disposed of by the Courts acquiring jurisdiction over the same in virtue of this Act:—provided, however, that prisoners who may have been committed for trial by the Session Judge in his former Office of Criminal Judge, or Joint Criminal Judge, and who may object to be tried by that Officer, shall be tried by the Session Judge of another Court, or by the Special Commissioner of the Division, or by an Officer specially appointed by Government.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 28TH APRIL, 1843.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 28th of April 1843, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. VIII. OF 1843.

An Act for disposing of the Original Suits and Appeals depending before the Provincial Courts of Appeal in the Presidency of Fort St. George, the abolition of which is authorized by Act No. VII. of 1843.

Whereas it is necessary that provision should be made for the disposal of Original Suits and Appeals depending before the Provincial Courts of Appeal in the Presidency of Fort St. George, the abolition of which is authorized by Act No. VII. of 1843.

I. It is hereby enacted, that the Governor in Council of Fort St. George be empowered to appoint a Single Judge to hold a Court in place of each of the said Provincial Courts at the Station of such Provincial Court, with a Special Commission to dispose of all Original Suits and Appeals which may be depending before such Court, on the date on which the said Governor in Council shall order the functions of the Provincial Courts to cease.

II. And it is hereby enacted, that the Judges, who shall be appointed for this purpose, shall be styled, respectively, viz.

Special Commissioner for disposing of the causes depending before the late Provincial Court for the (Northern, Southern, Centre or Western) Division.

III. And it is hereby enacted, that every Special Commissioner so appointed, previously to entering upon the execution of the duties of his office, shall take and subscribe the oath prescribed to be taken by Judges of the Provincial Courts of Appeal, before any person who shall be commissioned by the Governor in Council of Fort Saint George to administer it.

IV. And it is hereby enacted, that the Special Commissioners shall transfer the Original Suits on the files of Provincial Courts, in which no proceedings have been held beyond the filing of the pleadings, and exhibits, to the Zillah Courts within whose jurisdiction they would fall respectively if they were commenced *de novo*, and such suits shall be tried and decided by the Judges of such Zillah Courts subject to Appeal to the Sudr Udalut.

V. *First.*—And it is hereby enacted, that all other Original Suits, and all Appeals on the file of the Provincial Courts, shall be tried and decided by the Special Commissioners, who shall have the same powers as heretofore have been vested in two or more Judges of such Courts sitting together, subject to the same rules and restrictions, and under the same provisions for Appeals to the Sudr Udalut.

Second.—Provided, that in a case of Special Appeal from a Lower Court, if a Special Commissioner differs from the Court from whose decision the Appeal is preferred, he shall not pass a final judgment reversing the decision, but shall record his opinion and transmit the record of the case to the Sudr Udalut, to be laid before a Single Judge of that Court, whose judgment, confirming or reversing the decree appealed against, shall be final.

VI. And it is hereby enacted, that the execution of Decrees of the Special Commissioners, and also of the Provincial Courts for which process was not issued previously to their abolition, shall be committed to the Judge of the Zillah in which the Suit was instituted, or if the Suit was instituted in the Provincial Court, to the Judge to whose jurisdiction the Suit would fall if it were commenced *de novo*. The records of the cases shall be transmitted, together with the Decrees, to the respective Zillah Judges, who shall proceed in the execution of the Decrees in the same manner as if they were passed by themselves, and appeals from their orders shall lie to the Sudr Udalut.

VII. And it is hereby enacted, that the Judges of the Zillah Courts shall proceed in like manner to complete the execution of Decrees of the Provincial Courts under process previously issued, subject to appeal to the Sudr Udalut.

VIII. And it is hereby enacted, that from decisions passed by Zillah Judges, Assistant Judges, and Principal Sudder Ameens, previously to the abolition of the Provincial Courts, in cases appealable to those Courts, in which the time allowed for appealing shall not have expired at the date of their abolition, an appeal shall lie to the Sudr Udalut, provided that the petition of appeal be presented to the Sudr Udalut or to the Civil Judge of the Zillah in which the original suit was decided, within one month from the expiration of the period within which it ought to have been presented under the Rules applicable to appeals to the Provincial Courts.

IX. And it is hereby enacted, that it shall be competent to the Governor in Council of Fort Saint George to authorize the appointment of Ministerial Officers and Vakeels of the Courts of the Special Commissioners, who shall be subject to the same Rules as are applicable to the Ministerial Officers and Vakeels of the Provincial Courts.

To CAPT. T. E. ROGERS,
Emigration Agent at the Port of Calcutta.

Genl Dept. SIR,

The Hon'ble the Deputy Governor of Bengal having observed from the Return for the past month, that notwithstanding the unrestricted authority given for the Embarkation of the Wives of Emigrants, the actual number of Women embarked still bears a proportion to the men of only 15 per cent., and this proportion being much smaller than that contemplated by Government, I am directed to observe that unless an improvement takes place, His Honor will be obliged to have recourse to some stringent measure, which shall compel those who are engaged in inducing Emigrants to embark to prefer such as are prepared to take their Wives with them.

2d. Previously, however, to taking any decisive steps in this matter, the Hon'ble the Deputy Governor directs that you will make the views and intentions of the Government on this point known to the several Agents, and His Honor will in the mean time carefully observe the results from your Monthly Reports.

I have the honor to be,

T. R. DAVIDSON,
Offg. Secy. to the Govt. of India.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

17TH MAY, 1843.

The Hon'ble the President in Council, with the concurrence of the Right Hon'ble the Governor General, has revised the Rules published on 29th January 1840, for the grant of leave of absence, and for regulating deductions from Salaries, and Deputation Allowances. The following Rules will have effect from this date for regulating Deputation Allowances, and the terms on which leave of absence will be given to places situated within the limits of the respective Presidencies, to which the Applicants are attached.

Sec. VI. (Amended.) Civil Servants absent from their Stations under Medical Certificate, within the limits of their respective Presidencies, shall be entitled to the Salaries of their Offices for the period of two years, subject to a deduction of ½d for the whole term of such absence, save and excepted that for the first year, if the Salary be not more than 500 Rupees per mensem, no deduction shall be made, and if it be only so much more than 500 Rupees that the prescribed deduction of ½d would reduce the allowance below that sum, only the excess beyond Rs. 500 shall be deducted, but for the second year, the full deduction shall be in force. An absent Servant, whether Civil or Military, shall in no case retain any Civil Office or employment, nor be permitted to draw any portion of official Salary for a longer period than two years, but a Civil Servant who may, on account of sickness duly certified, obtain an extension of leave beyond two years shall, if his period of actual residence be less than 12 years, be allowed to draw the second rate of subsistence allowance, and if the period of such actual residence be 12 years, the highest rate of subsistence allowance, but if he continue absent in disobedience of an order to return, or without sufficient cause shewn, that allowance also shall be forfeited. The period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

Sec. XI. (Amended). The Government of each Presidency may grant to Civil or Military Servants holding Civil appointments leave of absence for one month in each year without deduction from the Salaries and Emoluments drawn by such Servants. Such leave however will only be granted when the Government is satisfied that no inconvenience or expense will arise from the departure of the Officer seeking it. No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave.

Sec. XII. (Amended.) The Government of each Presidency may, on sufficient cause being shewn, grant to a Civil or Military Officer holding a Civil Office special leave of absence on private affairs. Provided however that if any Officer to whom such leave shall be granted shall be absent from his Station for any period exceeding that to which under the last rule he may be entitled without deduction, the Absentee if a Civil Servant shall for the period in excess draw no more than one-half of his Salary and Allowances, and if a Military Officer only so much of the Salary and Allowances of any Civil Office to which he may stand appointed as added to the Military Pay and Allowances which he may be entitled to draw shall equal one-half of his entire Military and Civil emoluments. After an absence of three months (exclusive of any period which may be granted under Sec. XI) any Office held by the Absentee shall become vacant.

Sec. XIII. is rescinded.

Sec. XVIII. (Amended.) The sum of Company's Rupees 52,200 per annum, having been fixed under the orders of the Court of Directors as the Maximum Salary of Civil Office for the Offices of Government under the situation of Member of Council—Civil and Military Servants holding Office in the Political De-

partment, who may draw larger Allowances than this annual sum as a consolidated personal and sumptuary allowance in consideration of the necessary expences of their position, will in all cases of absence be treated in respect to deductions as drawing only the Allowance thus limited, and the excess above the monthly salary yielded by that annual sum, shall remain as a local addition to the usual Deputation Allowance to be drawn by the Officer performing the duties to meet the necessary expenses of his position.

Note.—This rule will equally apply in case of a Political Resident taking a leave of one month for which in other cases he would suffer no deduction.—The excess above the maximum monthly salary will in that case be enjoyed by the person in charge.

Section XIX. (Amended.) Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an Office according to the following rates, and subject to the limitations and conditions hereinafter laid down.

Note. — Military persons acting for other Military persons holding Civil Office, will, as in the case of Staff, draw half the difference between the incumbent's Military Allowances and the consolidated Civil Salary as at present, that is, will draw the amount retrenched from the Absentee, but when acting for a Civil Servant they will draw at the rates and under the same rules as Civil Servants.

To Civil Servants not holding any substantive Appointment.

At the rate of 25 per Cent. on the Monthly Salary of the appointment officiated in, such Deputation Allowance being in addition to the Subsistence Allowance of their respective ranks.

To Civil Servants holding an Office of inferior emolument when Officiating for a Superior.

At the rate of 10 per Cent. upon the monthly Salary of the appointment officiated in, in all cases in which the Salary of such appointment shall not exceed Co.'s Rs. 2,000 per mensem, and in respect to all appointments of which the Salary shall be more than Co.'s Rs. 2,000 per mensem, at the rate of 10 per Cent. upon Co.'s Rs. 2,000, and of 5 per Cent. on the amount in which the monthly Salary may exceed Co.'s Rs. 2 000: provided however that no lower rate of Deputation Allowance shall be given than 100 Rs. per mensem.

The Deputation Allowance shall in all cases be in addition to the Salary of the substantive appointment held by the Officer on deputation.

A Civil Servant acting for another shall have no claim to Commission or Fees, where any such sources of emolument exist. These shall be regarded as forming part of the income of the Officer to be relieved, subject to the prescribed deductions.

Sec. XXI. (Amended.) No Subordinate Officer acting for his Principal or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of one month, and then the Allowance is not to be drawn in arrear. But a Servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Sec. XXII. (Amended.) Civil Servants, if deputed to act at a distance from the stations where they are employed, or Military Officers holding Civil Office who may be so deputed, or who may be ordered by Government on Special duty, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment.

Sec. XXIV. (Amended.) The Government of each Presidency may grant to Chaplains and Assistant Chaplains special leave of absence on private affairs, but if such absence shall exceed the period to which the Absentees may be entitled under the following Rule, they shall for the period in excess be subjected to the deduction of one-half of their Allowances, and after an absence of four months all Allowances shall be discontinued.

Sec. XXV. (Amended.) Leave of absence for one month in each year, under the principle sanctioned in Sec. XI. may be granted to Chaplains or Assistant Chaplains by the Bishop of the Diocese, or when the Diocese may be vacant (but not otherwise) by the Archdeacon or other Ecclesiastical functionary performing the duties of an Archdeacon or Commissary: and such leave being consistent with the rule will be recognized by the Civil Auditor after it has been published in the *Government Gazette* of the Presidency with the authority of Government. Information of every leave so granted by the Bishop or other Ecclesiastical Officer above mentioned, shall be immediately transmitted to the proper Secretary to Government for the purpose of notification in the *Gazette*.

Section XXVI. is rescinded.

Section XXVIII. (Amended.) The Mint Master, the Assay Master and Deputy or Assistant Assay Master of any Mint in India may obtain leave of absence under Sick Certificate, or on private affairs, subject to the conditions in the Rules forming Chapters I. to V. The Absentee if in the enjoyment of any Military pay or allowance shall, during his absence, be subject to the deductions prescribed in the case of Military Officers holding Civil employments. If not a Military Officer, the Absentee shall be subject to the same deductions as a Civil Servant under similar circumstances, but no Officer of the Mint or Assay Department can be permitted to draw any portion of Salary for a longer period than two years, if absent under Sick Certificate, nor for a longer period than four months if absent on private affairs.

The Rules published on the 29th of January 1840, not affected by the above alterations, remain in force.

An Act for abolishing the Provincial Courts of Appeal and Circuit in the Presidency of Fort St. George, and for establishing new Zillah Courts to perform their functions; for establishing Courts constituted according to Regulations I. and II., and Regulations VII. and VIII. of 1827, in place of the existing Civil and Criminal Zillah Courts, and for extending the Civil Jurisdiction of such Courts.

I. It is hereby enacted, that the Governor in Council of Fort Saint George be empowered by an Order in Council to abolish the Provincial Courts of Appeal and Circuit, and the Civil and Criminal Zillah Courts, now existing in that Presidency, and to establish new Zillah Courts to perform the Civil and Criminal functions now performed by the said Provincial Courts, and to replace the existing Civil and Criminal Zillah Courts, by Courts constituted according to Regulations I. and II. of 1827, or Regulations VII. and VIII. of 1827, at his discretion.

II. And it is hereby enacted, that every Zillah Court established under this Act, shall be superintended by one Judge, who shall be styled Civil and Session Judge of the Zillah.

Civil Jurisdiction. III. And it is hereby enacted, that the Zillah Courts established under this Act, shall exercise within the limits assigned to them, respectively, by the Order in Council by which they are constituted, the same Civil jurisdiction as is now exercised by the Provincial Courts of Appeal, except the Original jurisdiction vested in those Courts in suits for an amount or value less than 10,000 Company's Rupees, and shall be vested with the same authority, and shall be subject to the same rules and restrictions as such Provincial Courts of Appeal, except as hereinafter mentioned.

IV. And it is hereby enacted, that the Original jurisdiction vested in the Provincial Courts of Appeal in suits for an amount or value less than 10,000 Co.'s Rs., shall be transferred to the subordinate Zillah Courts constituted according to Regulations I. and VII. of 1827.

V. And it is hereby enacted, that Section VII. Regulation VII. of 1827 be rescinded.

VI. And it is hereby enacted, that in every Zillah in which there is a subordinate Court constituted according to Regulation VII. of 1827, the Zillah Court shall take cognizance of the Appeals which by Section VIII. of that Regulation are reserved from the jurisdiction of such Court.

VII. *First.*—And it is hereby enacted, in modification of Section IX. Regulation VII. of 1827, that in all cases, in which a Principal Sudder Ameen has occasion to call upon a Collector, Subordinate Collector, or Assistant Collector, or other European Officer of Government, to do any thing in any matter before his Court, he shall transmit to such Officer an Extract from the Proceedings of the Court containing a brief Abstract of the case, and specifying what is required to be done by him, with a request that he will comply therewith, and that he will return an answer stating what he has done within a certain time, and such Officer shall comply with the requisition so conveyed to him, in the same manner as if it had been accompanied by a precept from the Zillah Judge.

Second.—Provided, that if such Officer does not comply with such requisition the Principal Sudder Ameen shall report the case to the Zillah Judge, who shall proceed thereon as if the requisition had been made by a precept from himself.

VIII. *First.*—And it is hereby enacted, that Appeals shall lie to the Zillah Court from all decrees or orders of Subordinate Civil Courts constituted according to Regulations I. and VII. of 1827, and of Sudder Ameens and District Moonsiffs, in cases in which Appeals are now allowable,

but such Appeals must be preferred within the period of 30 days, to be calculated as prescribed in the existing Regulations.

Second.—Provided, that whenever a Court constituted according to Regulation I. of 1827, or according to Regulation VII. of 1827, is established in any Zillah at a place remote from the station of the Zillah Court, the Sudr Udalut, with the sanction of the Governor in Council, may order Appeals from the decisions and orders of District Moonsiffs stationed within the limits assigned to such Court, to be preferred to such Court. But it shall be competent to the Zillah Judge, at his discretion, to call up to his own Court, from time to time, Appeals received by any such Court, and to dispose of them himself.

Third.—Provided also, that the Judge of any Zillah Court may refer to any Subordinate Judge or Principal Sudder Ameen in the Zillah, any Appeals from District Moonsiffs which may be filed in the Zillah Court.

Fourth.—Provided also, that if any such Appeal from a decision or order of a District Moonsiff, which may have been under this Section referred for decision, or preferred in the first instance, to a Subordinate Judge or Principal Sudder Ameen, be dismissed without any decision being come to on its merits, it shall be competent to the party aggrieved by such order of dismissal to prefer a Summary Appeal from it to the Judge of the Zillah, and it shall be the duty of the said Zillah Judge to hold such proceeding on such Summary Appeal as he may consider proper: and, having satisfied himself that the order dismissing the Appeal has been passed without sufficient cause being shewn for such dismissal, it shall be competent for such Zillah Judge to issue his Precept to the Court by which the Appeal may have been dismissed, requiring that the Appeal shall be again admitted on the file, and a decision passed upon it after mature consideration of its merits.

IX. And it is hereby enacted, that Appeals, Regular, and Summary, from decisions and orders of the Zillah Courts, shall lie to the Sudr Udalut, under the same rules and restrictions as are applicable to similar Appeals to the Sudr Udalut from the Provincial Courts of Appeal.

X. *First.*—And it is hereby enacted, that it shall be competent to a single Judge of the Sudr Udalut to hold a sitting of Court on all matters within the cognizance of that Court, and to pass orders or judgments in conformity to the Regulations, subject to the following provisions.

Second.—On the hearing of any Appeal from the decision or order of any Court of inferior jurisdiction, in any case, regular or miscellaneous, if a single Judge of the Sudr Udalut shall be of opinion that no sufficient ground has been shewn to impugn the correctness or justness of such decision or order, it shall be competent to such single Judge, without reference to the order of the file, to confirm the same without requiring the attendance of the opposite party, and with or without a revision of the whole proceedings, as the nature of the case may appear to require, and to communicate the order of confirmation, through the Court from whose judgment the Appeal was made, to the opposite party, with a view to enable such party to take immediate measures for the execution of the decree. On the other hand, if a single Judge shall be of opinion that the decision or order appealed against ought to be altered, or reversed, as being manifestly unjust or at variance with some Regulation in force, or in opposition to the Hindoo or Mahomedan Law or other Law applicable to the case, or as having been passed without sufficient investigation of the merits, or as grounded on an assumption obviously erroneous, or irrelevant with reference to the points at issue, it shall likewise be competent to a single Judge to issue an injunction pointing out the irregularity, illegality, or other defect, apparent in the proceedings, decision, or order, appealed against, and requiring that the Court by which the same may have been held, or passed, shall revise the case, and proceed thereon in such manner as may appear conformable to justice and to the Regulations.

Third.—A single Judge of the Sudr Udalut may exercise his discretion in calling for the proceedings of the Lower Courts, or such parts of them as may appear necessary, and may further order a report in English, or in the Vernacular language commonly used in the Court, as the occasion may render advisable, on any points requiring explanation, prior to passing a determination on the case or matter in Appeal.

Fourth.—It shall further be competent to a single Judge to direct, that the execution of any judgment or order passed by any inferior Court, in all cases in which that measure may appear to him expedient, may be stayed until a final decision has been passed thereon.

XI. And it is hereby enacted, that the provisions of Clause 2d, of the foregoing Section, shall be applicable to the Judges of Zillah Courts, and to Subordinate Judges and Principal Sudder Ameens

XII. And it is hereby enacted, that any provisions of the existing Regulations which require inferior Courts to furnish the Sudr Udalut with translations of papers written in the Vernacular languages of the country, which they may transmit to that Court in Appeals and other cases, be rescinded.

XIII. And it is hereby enacted, in modification of Sections XIII. and XIV. Regulation V. of 1802, that all processes and orders therein described which may issue from the Sudr Udalut, shall be directed to the Zillah Courts established under this Act.

XIV. And it is hereby enacted, that it shall be competent to the Judges of the Zillah Courts to refer the execution of decrees of the Sudr Udalut, and of their own Courts, to the Subordinate Judges, or Principal Sudder Ameens of their Zillahs, respectively, who shall proceed therein under the rules prescribed in the general Regulations applicable to such cases, provided that an Appeal shall lie from any order passed by a Subordinate Judge, or Principal Sudder Ameen, under such reference, to the Zillah Court in the first instance, and secondly a Special Appeal to the Sudr Udalut.

XV. And it is hereby enacted, that all other processes issued by the Sudr Udalut and directed to the Zillah Court, or originating in the Zillah Court, shall be served under the orders of the Zillah Judge by the proper Officers of the Court.

XVI. And it is hereby enacted, in modification of Section VI. Regulation III. 1838, that the power of suspending Sudder Ameens from Office, thereby vested in the Zillah, Assistant, and Native Judges, shall for the future be vested in the Judges of Zillah Courts established under this Act.

XVII. *First.*—And it is hereby enacted, that all parts of Regulations VI. and VII. 1816, in which the Zillah Judge is mentioned, shall be understood as applicable to the Judges of the Zillah

Courts established under this Act, excepting Section LVI. Regulation VI. 1816, which shall be applicable to the Subordinate Judges and Principal Sudder Ameens, as extended by Section V. Regulation III. of 1833. And all parts of Regulation VI. of 1816 in which the Provincial Court is mentioned, shall be understood as applicable to the Sudr Udalut.

Second.—Provided, that District Moonsiffs may be employed by Subordinate Judges and Principal Sudder Ameens, as well as by Judges of Zillah Courts, in the manner and for the purposes specified in Sections LX. and LXI. Regulation VI. 1816.

XVIII. And it is hereby enacted, that when a Zillah Judge sees reasons for calling up under Section LIV. Regulation VI. 1816, any cause that may be depending before a District Moonsiff, he may refer it for trial to the Subordinate Judge, or Principal Sudder Ameen, of the Zillah, or to a Sudder Ameen, or another District Moonsiff.

XIX. And it is hereby enacted, that when a District Moonsiff shall forward to a Zillah Judge under Clause 2d, Section III. Regulation I. 1829, a Suit instituted in his Court, in which he is directly or indirectly a party, or otherwise personally interested, the Judge may refer it for trial either to a Sudder Ameen, or another District Moonsiff.

XX. And it is hereby enacted, that the Judges of Zillah Courts may refer to the Subordinate Judges, and Principal Sudder Ameens, applications for the executions of decisions of District Punchayets preferred under Section XVII. Regulation VII. 1816.

XXI. And it is hereby enacted, that it shall be competent to Judges of Zillah Courts to pass orders of their own authority on complaints preferred under Section XI. Regulation VII. 1816, according to Clause 4 thereof.

XXII. And it is hereby enacted, that the Zillah Judge shall be competent to receive and pass orders of his own authority on complaints preferred under Section XXVII. Regulation VII. 1832.

XXIII. And it is hereby enacted, that Civil Actions and Criminal prosecutions under Clauses 1 and 2, Section VIII. Regulation VI. 1816, with respect to District Moonsiffs, and as extended by Section XIII. Regulation VIII. 1816, with respect to Sudder Ameens, shall be brought before the Zillah Courts established under this Act.

XXIV. And it is hereby enacted, that Section III. Regulation VIII. 1816, be rescinded.

XXV. And it is hereby enacted, in modification of Section XIV. Regulation VIII. 1816, that Sudder Ameens shall have authority to order execution of the decisions passed by them, according to the rules for the execution of decrees applicable to the Courts to which they are attached, and to issue all process relative to the causes and proceedings before them under their own official seal and signature, and to realize fines imposed by them without reference to any Superior Officer.

Criminal Jurisdiction.

XXVI. And it is hereby enacted, that the Judges of the Zillah Courts established under this Act shall exercise within the limits assigned to those Courts respectively, the same Criminal jurisdiction as is now exercised by the Judges of the Courts of Circuit; and shall be vested with the same authority, and subject to the same rules and restrictions, as far as they are applicable and consistent with this Act.

XXVII. And it is hereby enacted, that the said Judges shall hold permanent Sessions in the said Zillah Courts for the trial of all persons accused of crimes and offences now cognizable by the Courts of Circuit, who shall be committed for trial by the Subordinate Judges, or Principal Sudder Ameens, of the Zillahs respectively.

XXVIII. And it is hereby enacted, that Section II. Regulation XIII. 1832, be rescinded.

XXIX. And it is hereby enacted, in modifications of Clauses 1st and 3d, Section IX. Regulation X. of 1816, that if upon a perusal of the depositions given before the Magistrate, or any competent Officer of Police, it shall appear to the Subordinate Judge, or Principal Sudder Ameen, before whom a prisoner is brought charged with a crime or misdemeanor subject to the jurisdiction of the Judge of the Zillah Court of Session, that there is evidence of the prisoner being concerned in the perpetration of the crime or misdemeanor with which he is charged, and if the deponents confirm their depositions on oath before him, it shall be competent to the Subordinate Judge, or Principal Sudder Ameen, without further investigation, to commit the prisoner to take his trial before the Session Judge.

XXX. And it is hereby enacted, that the Session Judge shall commence the trial immediately, and shall take the examination of the prosecutor and of the witnesses for the prosecution, and the defence of the prisoner, and the examinations of the witnesses for the defence, and if more witnesses have been previously summoned and are expected to attend, or if the Session Judge thinks it necessary after the commencement of the trial to call for further evidence, he shall adjourn the proceedings, permitting the prosecutor and witnesses to return to their houses, unless he shall see special cause to detain them in order to their being confronted with the other witnesses whose attendance is expected.

XXXI. And it is hereby enacted, that except in cases in which the Session Judge thinks proper to proceed as authorized in Section XXXII. of this Act, the Mahomedan Law Officer attached to the Zillah Court shall sit with the Session Judge for the trial of persons charged with crimes now cognizable by Courts of Circuit, in like manner and subject to the like Regulations as are now applicable to Law Officers sitting with the Courts of Circuit.

XXXII. *First.*—And it is hereby enacted, that it shall be competent to Session Judges in the trial of Criminal cases, to avail themselves at their discretion of the assistance of respectable Natives, or other persons, in either of the two following ways,

Viz.—By constituting two or more such persons Assessors, or Members of the Court, with a view to the advantages derivable from their observations, particularly in the examination of witnesses. The opinion of each of the Assessors shall be given separately and discussed, and if any of the Assessors, or the authority presiding in the Court, desire it, the opinions of the Assessors shall be recorded in writing.

Or by employing them more nearly as a Jury. They will then attend during the trial, will suggest, as it proceeds, such points of enquiry as occur to them, (the Court, if no objection exists, using every endeavour to procure the required information,) and after consultation will deliver in their verdict. The mode of selecting the Jurors, the number to be employed, and the manner in which their verdict shall be delivered, are left to the discretion of the Judge who presides."

Second.—Provided, that the Law Officer may be one of the Assessors or Jury.

Third.—Provided also, that the decision shall be passed by the Judge according to his own opinion, whether he agrees with the Assessors or Jury, or not, if the case be one which under the existing Regulations it is competent to him to dispose of finally. But if he differs from the Assessors or Jury, his decision shall not be carried into effect unless confirmed by the Court of Fouzdaree Udalut to which the case shall be immediately referred.

XXXIII. And it is hereby enacted, that it shall be competent to a single Judge of the Foujdaree Udalut on a revision of the proceedings held on any Criminal trial by any Court of inferior jurisdiction, to reverse or alter the sentence or order passed thereon, provided such reversal or alteration be in favor of the accused, whether for acquittal, mitigation of punishment, or otherwise.

XXXIV. And it is hereby enacted, that if a single Judge of the Foujdaree Udalut on a revision of the proceedings in a trial held by a Session Judge, concur in opinion with the Session Judge, whether for conviction or acquittal, it shall be competent to such single Judge to pass a final sentence, except for capital punishment, which as heretofore shall in all cases require the concurrent opinion of two Judges of the Court.

XXXV. And it is hereby enacted, that it shall be competent to the Court of Foujdaree Udalut on a review of the Abstract Statements of Prisoners punished without reference, to mitigate the sentence passed on any prisoner when such sentence may appear on the Session Judge's own shewing of the facts, manifestly illegal or too severe, and it shall not be necessary for the Court to call for the proceedings in such cases, unless they shall see special reasons for so doing. It shall further be competent to the Court in like manner to annul the sentence passed in any case when such sentence may be in opposition to any Law or Regulation in force, and to require the Session Judge to pass a new sentence according to Law.

XXXVI. And it is hereby enacted, in modification of Section II. Regulation III. 1833, that the authority to over-rule judgments passed by Sudder Ameens in Criminal cases shall be vested in the Session Judges.

XXXVII. And it is hereby enacted, that Section XXIV. Regulation X. 1816, Clauses 2 and 3, Section IV. Regulation II. 1822, Clause 2, Section V., and Clauses 2 and 4, Section VIII. Regulation VI. 1827, shall be applicable to Session Judges instead of Judges of Circuit.

XXXVIII. And it is hereby enacted, that prosecutions against Magistrates and their Assistants under Section XLIII. Regulation IX. 1816, shall be instituted in the Zillah Courts established under this Act.

XXXIX. *First.*—And it is hereby enacted, in modification of Section III. Regulation XIII. 1832, that it shall be the duty of the Session Judge to bring to the notice of the Foujdaree Udalut any gross misconduct of any Native Officer of Police which may have come under his observation in a case investigated by himself, or which may have been reported to him by a Subordinate Judge, or Principal Sudder Ameen, and which appears to him to deserve the penalty of dismissal, and it shall be competent to the Foujdaree Udalut to order the dismissal of such Officer.

Second.—Provided, that the Session Judge shall furnish a copy of his Report upon the case to the Magistrate, and the Foujdaree Udalut shall not pass a final order upon it until the answer of the Magistrate, which shall be addressed to that Court, has been received and considered.

XL. And it is hereby enacted, that it shall be the duty of the Sessions Judge to bring to the notice of the Magistrate any minor neglects, or omissions, or transgressions, of the Subordinate Officers of Police which have come under his own observations, or have been reported to him by a Subordinate Judge, or Principal Sudder Ameen, and such notifications shall be recorded in the periodical returns to the Foujdaree Udalut.

XLI. And it is hereby enacted, that it shall be competent to the Session Judge to report to the Foujdaree Udalut any neglect or delay on the part of the Magistrate, or the Subordinate Officers of the Magistracy, by which the course of justice has been seriously impeded in cases before himself, or which have been reported to him by a Subordinate Judge, or Principal Sudder Ameen.

XLII. And it is hereby enacted, that it shall be competent to the Session Judges, Subordinate Judges, and Principal Sudder Ameens, to communicate directly with the District Officers of Police for the purpose of obtaining all the evidence that appears to be forthcoming in cases in which prisoners have been forwarded by them charged with crimes and misdemeanors, Section LV. Regulation XI. 1816 notwithstanding.

XLIII. And it is hereby enacted, that except as provided in Section XLVII. of this Act, Europeans and Americans charged with offences not punishable by the Magistrate, committed within the local jurisdiction of a Principal Sudder Ameen, shall be sent for trial to the Session Judge, who shall proceed thereon in conformity with the rules applicable to his own Court, or to Courts constituted according to Regulation II. of 1827, as the case may require.

XLIV. And it is hereby enacted, that in any Zillah, in which the Governor in Council of Fort St. George deems it expedient to establish the Zillah Court, and the Court or Courts under Subordinate Judges, or Principal Sudder Ameens, at separate stations, it shall be competent to the said Governor in Council, by an Order in Council, to authorize the Session Judge to take cognizance of all Criminal cases subject ordinarily to the jurisdiction of the Subordinate Courts, as well as cases subject to his own jurisdiction, which shall be sent to him by the Magistrate or Officers of Police of such Talooks as shall be therein indicated, and to dispose of such cases according to the rules applicable to them respectively.

XLV. And it is hereby enacted, that in any Zillah in which the Governor in Council of Fort St. George deems it unnecessary to establish a Subordinate Civil and Criminal Court, constituted according to Regulations I. and II. or Regulations VII. and VIII. 1827, it shall be competent to the said Governor in Council, by an Order in Council, to authorize the Civil and Session Judge to exercise the Civil and Criminal Jurisdiction assigned to such Courts, besides the proper Civil and Criminal jurisdiction of the Zillah Court, and to take cognizance immediately of Criminal cases, within his proper jurisdiction as Session Judge, as they are sent up by the Police and Magistracy.

XLVI. And it is hereby enacted, that when the said Governor in Council deems it proper to establish in any such Zillah a Court under a Sudder Ameen at a detached station, it shall be competent to the Governor in Council to authorise the Sudder Ameen to receive and dispose of Civil Suits arising in the portion of the Zillah over which jurisdiction shall be assigned to him, without the intervention of the Zillah Judge, under the limitation as to amount or value prescribed by the existing Regulations: and also to receive and dispose of Criminal cases sent to him by the Police and Magistracy of the division subject to his jurisdiction, for which the punishment prescribed shall not exceed the limitation specified in Section VII. Regulation X. of 1816.

XLVII. And it is hereby enacted, that whenever the Governor in Council of Fort St. George shall establish a Court under a European Principal Sudder Ameen at Cochin, such Principal Sudder Ameen shall exercise within the jurisdiction assigned to him all the powers of a Criminal Court constituted according to Regulation II. of 1827, and also all the powers of a Joint Magistrate.

XLVIII. And it is hereby enacted, that when the Subordinate Criminal Court at the Station of a Zillah Court is constituted according to Regulation VIII. of 1827, the Zillah Jail shall be under the charge of the Session Judge.

XLIX. And it is hereby enacted, that when the Subordinate Criminal Court at the Station of the Zillah Court is constituted according to Regulation II. of 1827, the Zillah Jail shall be under the charge of the Judge of the Subordinate Criminal Court, and the Session Judge shall be vested with authority to visit the Jail, and to pass orders according to Section XXXII. Regulation VII. of 1802, and Section VII. Regulation X. 1832.

L. And it is hereby enacted, that the Subordinate Officers and Vakeels, who shall be appointed to the Zillah Courts established under this Act, shall be subject to the same rules as are applicable to the Subordinate Officers and Vakeels of the Provincial Courts of Appeal.

LI. And it is hereby enacted, that the Governor in Council of Fort St. George shall direct what Law Officers shall be appointed to the Zillah Courts established under this Act, and shall order the manner of their appointment, and such Officers shall be subject to the same rules as the Law Officers of the Provincial Courts of Appeal.

LII. And it is hereby enacted, that the Governor in Council of Fort St. George may appoint an Assistant Judge to any Zillah Court, to whom the Judge shall have authority to refer any Appeals which may be depending before him, excepting appeals from the Subordinate Courts constituted according to Regulation I. or Regulation VII. of 1827, and such Assistant Judge shall be empowered to try and dispose of cases so referred to him under the rules applicable to the Judge.

LIII. And it is hereby enacted, that it shall be lawful for the Governor General in Council, by an Order in Council, to authorize the Governor in Council of Fort St. George at any time to change the Stations of Zillah Courts and the limits of their local jurisdiction, and to abolish any of the Zillah Courts which shall be first established under this Act, and to establish new Zillah Courts in any parts of the Presidency of Fort Saint George.

LIV. *First.*—And whereas it is deemed expedient to extend the powers vested in Magistrates by Regulation IX. of 1816.

It is hereby enacted, that the Magistrates be authorized to exercise the powers vested in Criminal Judges by Section VII. Regulation X. of 1816, concurrently with the Subordinate Criminal Courts.

Second.—Provided that in all cases in which Magistrates shall exercise the additional powers hereby vested in them, the form of procedure shall be the same as is required to be observed in the Subordinate Criminal Courts in similar cases, and the same record shall be kept of the trial.

LV. And it is hereby enacted, that in every case in which a Magistrate shall exercise such additional powers an Appeal from his sentence or order may be preferred to the Session Judge within one month, and it shall be competent to the Session Judge upon such an Appeal to annul or alter the sentence or order, provided that he shall not increase the punishment awarded by the Magistrate.

LVI. And it is hereby enacted, that all criminal cases which may be depending at the time of the abolition of the Zillah and Provincial Courts, shall be disposed of by the Courts acquiring jurisdiction over the same in virtue of this Act:—provided, however, that prisoners who may have been committed for trial by the Session Judge in his former Office of Criminal Judge, or Joint Criminal Judge, and who may object to be tried by that Officer, shall be tried by the Session Judge of another Court, or by the Special Commissioner of the Division, or by an Officer specially appointed by Government.

FORT WILLIAM,
FINANCIAL DEPARTMENT,
17TH MAY, 1843.

The Hon'ble the President in Council, with the concurrence of the Right Hon'ble the Governor General, has revised the Rules published on 29th January 1840, for the grant of leave of absence, and for regulating deductions from Salaries, and Deputation Allowances. The following Rules will have effect from this date for regulating Deputation Allowances, and the terms on which leave of absence will be given to places situated within the limits of the respective Presidencies, to which the Applicants are attached.

Sec. VI. (Amended.) Civil Servants absent from their Stations under Medical Certificate, within the limits of their respective Presidencies, shall be entitled to the Salaries of their Offices for the period of two years, subject to a deduction of ½d for the whole term of such absence, save and excepted that for the first year, if the Salary be not more than 500 Rupees per mensem, no deduction shall be m[illegible], and if it be

only so much more than 500 Rupees that the prescribed deduction of ½d would reduce the allowance below that sum, only the excess beyond Rs. 500 shall be deducted, but for the second year, the full deduction shall be in force. An absent Servant, whether Civil or Military, shall in no case retain any Civil Office or employment, nor be permitted to draw any portion of official Salary for a longer period than two years, but a Civil Servant who may, on account of sickness duly certified, obtain an extension of leave beyond two years shall, if his period of actual residence be less than 12 years, be allowed to draw the second rate of subsistence allowance, and if the period of such actual residence be 12 years, the highest rate of subsistence allowance, but if he continue absent in disobedience of an order to return, or without sufficient cause shewn, that allowance also shall be forfeited The period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

Sec. XI. (Amended). The Government of each Presidency may grant to Civil or Military Servants holding Civil appointments leave of absence for one month in each year without deduction from the Salaries and Emoluments drawn by such Servants. Such leave however will only be granted when the Government is satisfied that no inconvenience or expense will arise from the departure of the Officer seeking it. No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave.

Sec. XII. (Amended.) The Government of each Presidency may, on sufficient cause being shewn, grant to a Civil or Military Officer holding a Civil Office special leave of absence on private affairs. Provided however that if any Officer to whom such leave shall be granted shall be absent from his Station for any period exceeding that to which under the last rule he may be entitled without deduction, the Absentee if a Civil Servant shall for the period in excess draw no more than one-half of his Salary and Allowances, and if a Military Officer only so much of the Salary and Allowances of any Civil Office to which he may stand appointed as added to the Military Pay and Allowances which he may be entitled to draw shall equal one-half of his entire Military and Civil emoluments. After an absence of three months (exclusive of any period which may be granted under Sec. XI.) any Office held by the Absentee shall become vacant.

Sec. XIII. is rescinded.

Sec. XVIII. (Amended.) The sum of Company's Rupees 52,200 per annum, having been fixed under the orders of the Court of Directors as the Maximum Salary of Civil Office for the Offices of Government under the situation of Member of Council—Civil and Military Servants holding Office in the Political Department, who may draw larger Allowances than this annual sum as a consolidated personal and sumptuary allowance in consideration of the necessary expences of their position, will in all cases of absence be treated in respect to deductions as drawing only the Allowance thus limited, and the excess above the monthly salary yielded by that annual sum, shall remain as a local addition to the usual Deputation Allowance to be drawn by the Officer performing the duties to meet the necessary expenses of his position.

Note.—This rule will equally apply in case of a Political Resident taking a leave of one month for which in other cases he would suffer no deduction.—The excess above the maximum monthly salary will in that case be enjoyed by the person in charge.

Note. — Military persons acting for other Military persons holding Civil Office. will, as in the case of Staff, draw half the difference between the incumbent's Military Allowances and the consolidated Civil Salary as at present, that is, will draw the amount retrenched from the Absentee, but when acting for a Civil Servant they will draw at the rates and under the same rules as Civil Servants.

Section XIX. (Amended.) Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an Office according to the following rates, and subject to the limitations and conditions hereinafter laid down.

To Civil Servants not holding any substantive Appointment.

At the rate of 25 per Cent. on the Monthly Salary of the appointment officiated in, such Deputation Allowance being in addition to the Subsistence Allowance of their respective ranks.

To Civil Servants holding an Office of inferior emolument when Officiating for a Superior.

At the rate of 10 per Cent. upon the monthly Salary of the appointment officiated in, in all cases in which the Salary of such appointment shall not exceed Co.'s Rs. 2,000 per mensem, and in respect to all appointments of which the Salary shall be more than Co.'s Rs. 2,000 per mensem, at the rate of 10 per Cent. upon Co. s Rs. 2,000, and of 5 per Cent. on the amount in which the monthly Salary may exceed Co.'s Rs. 2 000: provided however that no lower rate of Deputation Allowance shall be given than 100 Rs. per mensem.

The Deputation Allowance shall in all cases be in addition to the Salary of the substantive appointment held by the Officer on deputation.

A Civil Servant acting for another shall have no claim to Commission or Fees, where any such sources of emolument exist. These shall be regarded as forming part of the income of the Officer to be relieved, subject to the prescribed deductions.

Sec. XXI. (Amended.) No Subordinate Officer acting for his Principal or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of one month, and then the Allowance is not to be drawn in arrear. But a Servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Sec. XXII. (Amended.) Civil Servants, if deputed to act at a distance from the stations where they are employed, or Military Officers holding Civil Office who may be so deputed, or who may be ordered by Government on Special duty, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment.

Sec. XXIV. (Amended.) The Government of each Presidency may grant to Chaplains and Assistant Chaplains special leave of absence on private affairs, but if such absence shall exceed the period to which the Absentees may be entitled under the following Rule, they shall for the period in excess be subjected to the deduction of one-half of their Allowances, and after an absence of four months all Allowances shall be discontinued.

Sec. XXV. (Amended.) Leave of absence for one month in each year, under the principle sanctioned in Sec. XI. may be granted to Chaplains or Assistant Chaplains by the Bishop of the Diocese, or when the Diocese may be vacant (but not otherwise) by the Archdeacon or other Ecclesiastical functionary performing the duties of an Archdeacon or Commissary: and such leave being consistent with the rule will be recognized by the Civil Auditor after it has been published in the *Government Gazette* of the Presidency with the authority of Government. Information of every leave so granted by the Bishop or other Ecclesiastical Officer above mentioned, shall be immediately transmitted to the proper Secretary to Government for the purpose of notification in the *Gazette*.

Section XXVI. is rescinded.

Section XXVIII. (Amended.) The Mint Master, the Assay Master and Deputy or Assistant Assay Master of any Mint in India may obtain leave of absence under Sick Certificate, or on private affairs, subject to the conditions in the Rules forming Chapters I. to V. The Absentee if in the enjoyment of any Military pay or allowance shall, during his absence, be subject to the deductions prescribed in the case of Military Officers holding Civil employments. If not a Military Officer, the Absentee shall be subject to the same deductions as a Civil Servant under similar circumstances, but no Officer of the Mint or Assay Department can be permitted to draw any portion of Salary for a longer period than two years, if absent under Sick Certificate, nor for a longer period than four months if absent on private affairs.

The Rules published on the 29th of January 1840, not affected by the above alterations, remain in force.

FORT WILLIAM,

FOREIGN DEPARTMENT,

SECRET,

27TH MAY, 1843.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

AGRA, *the 16th May*, 1843.

The Governor General has directed the publication of the following letter from His Excellency the Governor of Scinde, with its several enclosures.

The Governor General has much satisfaction in making generally known the able dispositions made by Captain Thomas, of the 8th Bombay native infantry, for the defence of the entrenched camp during the battle near Hyderabad, on the 24th of March.

The Governor General has likewise much satisfaction in making known the names of the officers and men, who have been already reported as specially distinguished in the battle of Hyderabad. The reports from the remaining regiments will be published whenever they may be received.

By order of the Right Honorable the Governor General of India,

J. THOMASON,
Secy. to the Govt. of India,
with the Governor General.

From His Excellency the Governor of Scinde,

To the Right Honorable the Governor-General.

Camp, Hyderabad, 17th April, 1843.

MY LORD,

I have the honor to enclose to your Lordship, the reports made by officers commanding regiments, of remarkable actions performed by individuals under their command, in the battle fought on the 24th March.

Also the report of Captain Thomas, of the 8th N. I., of the preparations made by him for the defence of the entrenchments at the Residency, to attack which the enemy had detached five thousand men to Hooserie, a village hard by, but subsequently he recalled this force to his main body at Dubba. It is right that I should state how much importance attached to the defence of the entrenchments, which there was every reason to believe would be attacked, as also the town of Hyderabad. These two garrisons diminished my force by 1,079 *men* and *two pieces of cannon*, and I have to express my sense of the good arrangements and zeal of Major Reid and Captain Thomas, the officers whom (greatly against their own wishes) I ordered to remain in command of these two garrisons.

I have, &c.

(Signed) C. J. NAPIER, *Governor.*

The great pressure of business prevented my sooner having forwarded these reports.

From Captain A. THOMAS,
Commanding entrenched Camp,
To the Acting Assistant Adjutant General,
Scinde Field Force.

Camp, Hyderabad, 8th April, 1843.

SIR,

I have the honor to transmit for the information of Major General Sir Charles J. Napier, K. C. B., Governor of Scinde, that on the departure of the force on the morning of the 24th of March, my first care was to assign posts to the officers and men under my command, which was done in the following manner: To Lieutenant Steward, of the 16th grenadiers Bengal N. I., was confided the defence of the left flank of the breast-work; to Lieut. Bosanquet, of the same regiment, the right flank; and Lieutenant Pruen, Bombay artillery, and myself took charge of the front and reserve. The two guns left with me were most judiciously placed *en barbette*, by Lieutenant Pruen, so that in case of attack they would have swept the whole of the works in front, and one entire flank. Two parties of sepoys, consisting of fifty men each, were formed as a reserve and posted fifty paces on each side of the abattis, leading into the Residency compound. The remaining sepoys were placed round the works, at intervals of ten paces distant, in single files, supported by matchlockmen and dismounted horsemen belonging to Meer Ali Morad, under the command of Sirdar Ali Hussein. Each flank abutting on the Indus, was further protected by the *Meteor* and *Nimrod*, armed steamers, which effectually guarded against either of them being turned.

A reserve of fifty horse was posted in rear of the Residency compound equally distant from both flanks, and so as to be able to co-operate where most required. A similar reserve, and for a similar purpose, was posted in the centre of the front of the breast-work. The Khyheery horse were divided into two parties and placed one hundred paces in rear of each flank near the river, so that had either flank been turned these men would have been at hand to drive the enemy back without requiring any man behind the breast-work to leave his post.

Forty men of the Scinde horse under a jemadar, defended on foot that part of the breast-work behind which they had encamped.

After posting the men, and seeing that each knew his position so as to fall in his proper place at a moment's warning, half the men were told off as a working party to render the unfinished entrenchments as secure as the limited time allowed us would admit of. By the evening I considered we were perfectly secure, having placed abattis composed of baboul trees, wherever we were unable to finish the trench.

Half the men during the day were always at their posts. At sunset every man fell in at his allotted station, and his arms, ammunition, &c., were carefully inspected. During the night sentries were placed at intervals of twenty yards, the entire round of the works the remaining men sleeping in their accoutrements, with the arms loaded by them; the officers doing the same. Outlying picquets of horse were stationed two hundred and fifty yards outside the entrenchment on both flanks and front, who threw out videttes and patrolled at the distance of from one to two miles from the works, each patrol crossing the other every half hour, and a report hourly delivered during the night. These at sun-rise were withdrawn, and smaller parties of horse swept round the camp at four and five miles distance during the day.

These were the arrangements I deemed proper for the defence of the camp, the charge of which I had the honor to be entrusted with by the Major General and Governor in Scinde; and although no attack was made on the camp, still I hope I shall not be deemed presumptuous in declaring that from the zeal and alacrity displayed by both officers and men under my command, there was no fear that, although our numbers were small and the works extensive to defend, had we been attacked we would have endeavoured to emulate the gallant example set us by the troops under the Major General, more particularly after the re inforcement was received under Brevet Captain Unwin, artillery, consisting of forty European artillery men, and two 68-pounder howitzers.

On the morning of the 24th March, we were re-inforced by the Persian Prince Aga Khan, with twenty-five horsemen. He informed me that he had been driven out of Jarrick by three thousand Beloochees, with the loss on his side of one hundred killed and wounded in action, out of one hundred and thirty.

Only on one occasion did I hear of any Beloochees being within four miles of me, and then Sirdar Ali Hussein with eighty horse, was despatched just before daybreak to reconnoitre, with orders to sweep the country for seven or eight miles round. He returned at 10 A. M., and reported that no enemy was to be seen or heard of. This proved to be the case, and with the exception of detached parties on the other side of the river progressing towards the hills, nothing more was heard of the enemy.

On the arrival of the *Planet*, steamer, from Sukkur, Lieutenant McLeod of the 20th regiment N. I., volunteered his services, as also did Lieutenant Pottinger of the 15th regiment N. I., of which I gladly availed myself.

Sirdar Ali Hussein co-operated most zealously with me, as also did all his people. The Khyree chiefs and their men behaved also very well.

In conclusion, I beg to express my thanks for the assistance I received from the officers during the time I was in command of the entrenched camp.

I have, &c.

SIR,

In obedience to Division Orders I have the honor to report, for the information of Major General Sir C. J. Napier, K. C. B., Commanding in Sinde and Beloochistan, that I am unable to particularize any individual who prominently distinguished himself in action on the 24th instant. I trust, however, the Major General will not consider me presumptuous in bringing to his notice the steadiness of the regiment when under a very heavy fire close in front of the village on the enemy's right, and where we had the irreparable misfortune of losing a gallant and much esteemed officer, Captain Garrett. In the same place Lieutenant Snow had his horse and shoulder scales struck by matchlock bullets.

The enemy appearing to occupy the village in great force, I did not consider myself justified in leaving the left of our guns exposed, before the order reached me, "cavalry to the front," when I immediately advanced, and came round the village, passing in my way to the Fulaillee, three deep nullahs. We first advanced a short distance to the left, but seeing no enemy, returned, and then went off to the right, and followed up the enemy for about six miles, cutting up all we met, and brought in two camels. The ground was much intersected by numerous deep canals, and I am happy to state all the men behaved in a most soldier-like manner; were perfectly obedient to every word of command I gave, and moved steadily in line throughout the whole charge.

ROLL *of Warrant Officers, Non-Commissioned Officers and Troopers, of the 3d Regiment Light Cavalry, who distinguished themselves in the action fought on the 24th instant.*

Camp, Allyar-ka-Tanda, 30th March, 1843.

Riding Master Walter.—For gallant conduct in engaging and killing several of four men that attacked him, and capturing one of their horses, his own charger (private property,) being killed in the encounter. He was finally rescued by naick Bhowany Sing, who came to his assistance. Riding Master Walter was acting as Adjutant on that day.

Havildar Guzerat Sing, 3d Troop.—Conspicuous gallantry in singly engaging several men assembled, both on horse-back and on foot, and killing one or more of them.

Naick Bhowany Sing, 6th troop.—Steady and gallant conduct in proceeding to the rescue of Riding Master Walter, who was surrounded by the enemy, and there doing good and essential service.

Trooper Hussein Bux, 6th troop.—Gallant conduct in rushing into the midst of the enemy to the rescue of Subadar Sahabut Khan, who, in endeavouring to capture a Standard, had got surrounded by them. He killed several of the enemy on this occasion. He had before distinguished himself, and been wounded in action.

Lance naick Chunder Sing, 3d Troop.—Fought nobly; after killing two men was knocked off his horse, which was immediately afterwards shot. He then had to fight his way on foot, in doing which it is said, he killed several more.

SIR,

In compliance with Division Orders of the 26th instant, I have the honor to request you will bring to the notice of Major General Sir C. J. Napier, K. C. B., that the conduct of the Poona horse, under my command, on the 24th, in the action with the enemy was such, that it would be invidious in me to notice any of the numerous acts of gallantry performed by the sowars on that occasion. But when all behaved well, I cannot neglect to notice in particular the conduct of duffadar Ahmed Khan, who, throughout the action was ever foremost, and led on the men in a manner which elicited my warmest approbation. This man has already the 3d class Order of Merit, from his having, at the fight at Nufoosk, in the Murree Hills, saved (under much peril) his commanding officer's life. He, on the 24th, in my presence cut down three of the enemy, and also saved my life by sabreing the Beloochee, who wounded me in the sword-hand. I consider his conduct as well deserving the favorable notice of the Major General,

SIR,

In reference to Division Orders, calling for the names of officers, non-commissioned and privates, who distinguished themselves in the battle of the 24th instant, I have made every enquiry, and after due consideration, I have great difficulty in being able to make selections of particularly distinguished conduct, on an occasion when great gallantry and forwardness was conspicuous in the regiment. I hope, I am not doing injustice by mentioning the following names: Lieutenant Coote was the first to surmount the enemy's works, and whilst waving a Standard he captured, and giving assistance to a soldier to reach the crest of the breast-work, was severely wounded.

Corporal Timothy Kelly shot a man bearing a silver knobbed Standard, and captured it.

Private J. Doherty,
Ditto C. Lynar,
Ditto E. Tobin,
Ditto J. McCartin,
Ditto Thomas Walousley,
Ditto G. Roberts,
Ditto E. Watson,
Ditto J. Oakley,
} Each of these men shot the bearer, and captured a Standard.

SIR,

With reference to Division Orders of the 26th instant, I do myself the honor to report, for the information of Major General Sir C. J. Napier, K. C. B., commanding the troops in Scinde and Beloochistan, that in the general engagement which took place on the 24th instant, Purgass Sing, jemadar of the light company, of the regiment under my command, whilst skirmishing, accompanied by five sepoys of his own company, killed seven of the enemy, one of them sup-

posed to be a chief, whom the jemadar slew in single combat, and captured his arms. Privat Apphjee Sutosee, of the light company, killed one of the enemy's Standard bearers, capturing h Standard, pursued and killed another of the enemy, in whose possession was a sword belonging t the 3d regiment light cavalry, which he recovered. Private Rugonat Sing, of the 3d compar bayonetted two of the enemy in presence of Captain Tait, commanding the Poona horse; he al bayonetted two of the enemy, and wounded a third, in presence of some of the Poona horse, whic latter circumstance, the men belonging to that corps who witnessed the deeds, especially requeste Captain Tait to bring to my notice. Major Waddington also was present.

Sir,

In obedience to Division Orders of yesterday's date, I beg to hand up the names of the undermentioned European commissioned, and non-commissioned officers and men, as follows:—

Lieutenant W. E. Wilkinson, Adjutant, 21st N. I. — Came to the front to support me as I was leading the regiment over the centre ridge in the canal, which formed the enemy's position, and seeing a man, who has, I believe, since been ascertained to be Meer Goolam Ali Talpooree, coming at me, sword in hand, stepped in between and cut him down, in doing which he received a wound on the head, which cut through his pugree, and displaced the metal peak of a horse artillery helmet, and must have killed him, but for this defence, and he also got wounded in the sword-arm.

Naick Sew Umber Bhut, grenadier company. — Was wounded in four or five places, (I have no means of ascertaining more exactly, as the man was sent into Hyderabad so soon). Some of the wounds severe, but he would not leave the ranks, setting an example of fearlessness and devotion to his duty, which I hope, may be looked upon favorably. I have promised this man the first vacancy for the third stripe.

Private Oree Guzuria, 4th compy. — Severely wounded in the thigh, but would not leave the ranks, and while I was requesting him to do so, seeing some heads over the bank, fired his piece, and continued loading and firing till the end of the engagement.

I beg to explain, that the nature of the duty entrusted to the 21st regiment, was such as in a great measure to preclude the possibility of any display of individual courage. The regiment was ordered to reserve its fire till within ten or fifteen paces of the enemy, and not a shot was fired till I gave the word, which I did not do till I got to within from ten to fifteen paces from the canal consequently the whole regiment was able to jump into it at almost the same moment, and advanced in the same order, as much as the nature of the position admitted, the most active getting up the centre ridge first. Officers not being encumbered with a musket and pouch, of course had the advantage; but I can safely say, that none were backward, and I consider it would be invidious to mention the name of any, whom chance, or a superior degree of bodily activity, had enabled to gain a position to which all appeared to aspire equally.

To prove that I was as well supported by my men as I could desire, I hope it may not be considered foreign to the subject to mention, that though attacked by several men, one after the other, I had not occasion once to act in my own defence.

I have, &c.

From Major A. Woodburn,
Commanding 2d Brigade,
To the Acting Assistant Adjutant General,
Scinde Field Force.

Camp, near Allyar-ka-Tanda, 28th March, 1843.

Sir,

In reference to Division Orders of the 26th instant, calling on commanding officers to forward a statement of acts of gallantry performed by any commissioned, non-commissioned officers, or men, in the action of the 24th instant, I do myself the honor to transmit the only letter on this subject, which I have received in the 2d brigade.

2. As I was myself partly a witness to an act of courage and good example in the 25th regiment, I beg to be allowed to submit it to the Major General commanding. When this regiment reached the village, the firing of the enemy, though greatly lessened, was still kept up in a very

galling way, from many of the houses. This was particularly the case from a mosque which had been loopholed, and the shots from it knocked over several sepoys. The building was entered by some of the men who were almost immediately driven out by the enemy. On seeing this, Ensign Nixon and Lieutenant Thomson, 25th regiment, instantly rushed into it, sword in hand, and attacked the enemy, eight in number. The former officer cut down three with his own hand, but while so engaged, his life was saved by the latter (Lieutenant Thomson) warding off cuts made at him. The sepoys having, in the mean time got in, disposed of the remaining five. In this affair subadar Russell Singh, a gallant old native officer, took a prominent part, and had his sword broken in giving point to one of the enemy, and color havildar Hoolass Singh, grenadier company, got a wound in the leg by a sword cut.' In addition to these Lieutenant Thomson has mentioned to me, that havildar Ballik Ram Tewarree, 5th; naick Ram Sah Panday, 4th; private Pursaud Maray, 5th; and private Soomur Singh, 5th companies, particularly distinguished themselves by their courageous conduct on the occasion referred to, and all four were wounded in it.

3. In conclusion I can only state that, so far as came under my observation, every officer and man in the 2d brigade did his duty well and truly.

I have, &c.

FORT WILLIAM,
FINANCIAL DEPARTMENT,

17TH MAY, 1843.

The Hon'ble the President in Council, with the concurrence of the Right Hon'ble the Governor General, has revised the Rules published on 29th January 1840, for the grant of leave of absence, and for regulating deductions from Salaries, and Deputation Allowances. The following Rules will have effect from this date for regulating Deputation Allowances, and the terms on which leave of absence will be given to places situated within the limits of the respective Presidencies, to which the Applicants are attached.

SEC. VI. (Amended.) Civil Servants absent from their Stations under Medical Certificate, within the limits of their respective Presidencies, shall be entitled to the Salaries of their Offices for the period of two years, subject to a deduction of ½d for the whole term of such absence, save and excepted that for the first year, if the Salary be not more than 500 Rupees per mensem, no deduction shall be made, and if it be only so much more than 500 Rupees that the prescribed deduction of ½d would reduce the allowance below that sum, only the excess beyond Rs. 500 shall be deducted, but for the second year, the full deduction shall be in force. An absent Servant, whether Civil or Military, shall in no case retain any Civil Office or employment, nor be permitted to draw any portion of official Salary for a longer period than two years, but a Civil Servant who may, on account of sickness duly certified, obtain an extension of leave beyond

two years shall, if his period of actual residence be less than 12 years, be allowed to draw the second rate of subsistence allowance, and if the period of such actual residence be 12 years, the highest rate of subsistence allowance, but if he continue absent in disobedience of an order to return, or without sufficient cause shewn, that allowance also shall be forfeited The period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

Sec XI. (Amended) The Government of each Presidency may grant to Civil or Military Servants holding Civil appointments leave of absence for one month in each year without deduction from the Salaries and Emoluments drawn by such Servant. Such leave however will only be granted when the Government is satisfied that no inconvenience or expense will arise from the departure of the Officer seeking it. No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave.

Sec. XII. (Amended.) The Government of each Presidency may, on sufficient cause being shewn, grant to a Civil or Military Officer holding a Civil Office special leave of absence on private affairs. Provided however that if any Officer to whom such leave shall be granted shall be absent from his Station for any period exceeding that to which under the last rule he may be entitled without deduction, the Absentee if a Civil Servant shall for the period in excess draw no more than one-half of his Salary and Allowances, and if a Military Officer only so much of the Salary and Allowances of any Civil Office to which he may stand appointed as added to the Military Pay and Allowances which he may be entitled to draw shall equal one-half of his entire Military and Civil emoluments. After an absence of three months (exclusive of any period which may be granted under Sec. XI.) any Office held by the Absentee shall become vacant.

Sec. XIII. is rescinded.

Sec. XVIII. (Amended.) The sum of Company's Rupees 52,200 per annum, having been fixed under the orders of the Court of Directors as the Maximum Salary of Civil Office for the Offices of Government under the situation of Member of Council—Civil and Military Servants holding Office in the Political Department, who may draw larger Allowances than this annual sum as a consolidated personal and sumptuary allowance in consideration of the necessary expences of their position, will in all cases of absence be treated in respect to deductions as drawing only the Allowance thus limited, and the excess above the monthly salary yielded by that annual sum, shall remain as a local addition to the usual Deputation Allowance to be drawn by the Officer performing the duties to meet the necessary expenses of his position.

Note.—This rule will equally apply in case of a Political Resident taking a leave of one month for which in other cases he would suffer no deduction.—The excess above the maximum monthly salary will in that case be enjoyed by the person in charge.

Note. — Military persons acting for other Military persons holding Civil Office, will, as in the case of Staff, draw half the difference between the incumbent's Military Allowances and the consolidated Civil Salary as at present, that is, will draw the amount retrenched from the Absentee, but when acting for a Civil Servant they will draw at the rates and under the same rules as Civil Servants.

Section XIX. (Amended.) Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an Office according to the following rates, and subject to the limitations and conditions hereinafter laid down.

To Civil Servants not holding any substantive Appointment.

At the rate of 25 per Cent. on the Monthly Salary of the appointment officiated in, such Deputation Allowance being in addition to the Subsistence Allowance of their respective ranks.

To Civil Servants holding an Office of inferior emolument when Officiating for a Superior.

At the rate of 10 per Cent. upon the monthly Salary of the appointment officiated in, in all cases in which the Salary of such appointment shall not exceed Co.'s Rs. 2,000 per mensem, and in respect to all appointments of which the Salary shall be more than Co.'s Rs. 2,000 per mensem, at the rate of 10 per Cent. upon Co.'s Rs. 2,000, and of 5 per Cent. on the amount in which the monthly Salary may exceed Co.'s Rs. 2,000: provided however that no lower rate of Deputation Allowance shall be given than 100 Rs. per mensem.

The Deputation Allowance shall in all cases be in addition to the Salary of the substantive appointment held by the Officer on deputation.

A Civil Servant acting for another shall have no claim to Commission or Fees, where any such sources of emolument exist. These shall be regarded as forming part of the income of the Officer to be relieved, subject to the prescribed deductions.

Sec. XXI. (Amended.) No Subordinate Officer acting for his Principal or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of one month, and then the Allowance is not to be drawn in arrear. But a Servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Sec. XXII. (Amended.) Civil Servants, if deputed to act at a distance from the stations where they are employed, or Military Officers holding Civil Office who may be so deputed, or who may be ordered by Government on Special duty, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment.

Sec. XXIV. (Amended.) The Government of each Presidency may grant to Chaplains and Assistant Chaplains special leave of absence on private affairs, but if such absence shall exceed the period to which the Absentees may be entitled under the following Rule, they shall for the period in excess be subjected to the deduction of one-half of their Allowances, and after an absence of four months all Allowances shall be discontinued.

Sec. XXV. (Amended.) Leave of absence for one month in each year, under the principle sanctioned in Sec. XI. may be granted to Chaplains or Assistant Chaplains by the Bishop of the Diocese, or when the Diocese may be vacant (but not otherwise) by the Archdeacon or other Ecclesiastical functionary performing the duties of an Archdeacon or Commissary: and such leave being consistent with the rule will be recognized by the Civil Auditor after it has been published in the *Government Gazette* of the Presidency with the authority of Government. Information of every leave so granted by the Bishop or other Ecclesiastical Officer above mentioned, shall be immediately transmitted to the proper Secretary to Government for the purpose of notification in the *Gazette*.

Section XXVI. is rescinded.

Section XXVIII. (Amended.) The Mint Master, the Assay Master and Deputy or Assistant Assay Master of any Mint in India may obtain leave of absence under Sick Certificate, or on private affairs, subject to the conditions in the Rules forming Chapters I. to V. The Absentee if in the enjoyment of any Military pay or allowance shall, during his absence, be subject to the deductions prescribed in the case of Military Officers holding Civil employments. If not a Military Officer, the Absentee shall be subject to the same deductions as a Civil Servant under similar circumstances, but no Officer of the Mint or Assay Department can be permitted to draw any portion of Salary for a longer period than two years, if absent under Sick Certificate, nor for a longer period than four months if absent on private affairs.

The Rules published on the 29th of January 1840, not affected by the above alterations, remain in force.

Published by order of the Hon'ble the President of the Council of India in Council,

ACT No. VI. OF 1843.

Passed by the Hon'ble the President of the Council of India in Council, on the 21st of April 1843, with the assent of the Right Hon'ble the Governor General of India.

An Act for amending the Law concerning the jurisdiction and procedure of the Courts of Ameens and Moonsiffs.

I.—In modification of Clause 4, Section 18, Regulation V. of 1831, Bengal Code, it is hereby enacted, that in the trial and decision of all original Suits referred to them by the Judge, the Principal Sudder Ameens shall be guided by the rules established for the conduct of business in the Courts of the Zillah and City Judges.

II.—And it is hereby enacted, that the provisions of Section 4, Act No. XXV. of 1837, in respect to appeals from decisions passed by Principal Sudder Ameens, in Suits of the nature specified therein, be extended to all interlocutory orders passed by those Officers in such Suits.

III.—And it is hereby enacted, that such parts of Regulation XXIII. 1814, as prohibit the Sudder Ameens and Moonsiffs from requiring security from defendants; or from attaching their property in cases pending before them; or from realizing fines imposed by them without first obtaining the sanction of the Zillah Judge, be repealed.

IV.—And it is hereby enacted, that it shall be competent to the Sudder Ameens and Moonsiffs to demand security from the defendant, under the provisions of Sections 4 and 5, Regulation II. 1806, in cases pending before them; and also to proceed, without reference to the Zillah Judge, to the realization of fines imposed by them, provided that all orders passed by the Sudder Ameens and Moonsiffs under this Section, be subject to an appeal to the Zillah Judge.

V.—And it is hereby enacted, in modification of Section 22, Regulation V. of 1831, that decrees passed in the Courts of the Judges or Principal Sudder Ameens, in cases of appeal from the decisions of the Sudder Ameens or Moonsiffs, shall be executed by the Courts in which the original decisions were passed, under the general rules prescribed for the execution of decrees passed by those Courts—applications for the execution of such decrees shall be presented, together with a certified copy of the decree of the Judge or Principal Sudder Ameen to the Court of original jurisdiction. In appeals from the orders of the Moonsiff or Sudder Ameen in such cases the decision of the Zillah or City Judge shall be final.

VI.—And it is hereby enacted, that Clause 2, Section 13, Regulation XXIII. 1814, and Clause 4, Section 5, Regulation V. 1831, be repealed.

VII.—And it is hereby enacted, that no person whatever shall, by reason of place of birth, or by reason of descent, be in any Civil proceeding whatever, exempted from the jurisdiction of the Courts of the Moonsiffs, in the Territories subject to the Presidency of Fort William in Bengal.

VIII.—And it is hereby enacted, that persons invested with the powers of Moonsiff shall be competent to receive, try, and determine suits of every description under the restrictions as to local jurisdiction and value of property mentioned in Clauses, 1, 2 and 3, Section 5, Regulation V. 1831. Provided, however, that no Moonsiff shall try any suit, in which he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court shall be a party.

IX.—And it is hereby enacted, that in cases, where by reason of the above Section, a Moonsiff cannot try a suit because he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court is a party to the suit, it shall nevertheless be competent to the Moonsiff to receive the suit, and forward it to the Judge of the Zillah to which he is subordinate, who may thereupon refer the same for trial and decision to any other Moonsiff of the District.

ACT No. VI. OF 1843.

Passed by the Hon'ble the President of the Council of India in Council, on the 21st of April 1843, with the assent of the Right Hon'ble the Governor General of India.

An Act for amending the Law concerning the jurisdiction and procedure of the Courts of Ameens and Moonsiffs.

I.—In modification of Clause 4, Section 18, Regulation V. of 1831, Bengal Code, it is hereby enacted, that in the trial and decision of all original Suits referred to them by the Judge, the Principal Sudder Ameens shall be guided by the rules established for the conduct of business in the Courts of the Zillah and City Judges.

II.—And it is hereby enacted, that the provisions of Section 4, Act No. XXV. of 1837, in respect to appeals from decisions passed by Principal Sudder Ameens, in Suits of the nature specified therein, be extended to all interlocutory orders passed by those Officers in such Suits.

III.—And it is hereby enacted, that such parts of Regulation XXIII. 1814, as prohibit the Sudder Ameens and Moonsiffs from requiring security from defendants; or from attaching their property in cases pending before them; or from realizing fines imposed by them without first obtaining the sanction of the Zillah Judge, be repealed.

IV.—And it is hereby enacted, that it shall be competent to the Sudder Ameens and Moonsiffs to demand security from the defendant, under the provisions of Sections 4 and 5, Regulation II. 1806, in cases pending before them; and also to proceed, without reference to the Zillah Judge, to the realization of fines imposed by them, provided that all orders passed by the Sudder Ameens and Moonsiffs under this Section, be subject to an appeal to the Zillah Judge.

V.—And it is hereby enacted, in modification of Section 22, Regulation V. of 1831, that decrees passed in the Courts of the Judges or Principal Sudder Ameens, in cases of appeal from the decisions of the Sudder Ameens or Moonsiffs, shall be executed by the Courts in which the original decisions were passed, under the general rules prescribed for the execution of decrees passed by those Courts—applications for the execution of such decrees shall be presented, together with a certified copy of the decree of the Judge or Principal Sudder Ameen to the Court of original jurisdiction. In appeals from the orders of the Moonsiff or Sudder Ameen in such cases the decision of the Zillah or City Judge shall be final.

VI.—And it is hereby enacted, that Clause 2, Section 13, Regulation XXIII. 1814, and Clause 4, Section 5, Regulation V. 1831, be repealed.

VII.—And it is hereby enacted, that no person whatever shall, by reason of place of birth, or by reason of descent, be in any Civil proceeding whatever, exempted from the jurisdiction of the Courts of the Moonsiffs, in the Territories subject to the Presidency of Fort William in Bengal.

VIII.—And it is hereby enacted, that persons invested with the powers of Moonsiff shall be competent to receive, try, and determine suits of every description under the restrictions as to local jurisdiction and value of property mentioned in Clauses, 1, 2 and 3, Section 5, Regulation V. 1831. Provided, however, that no Moonsiff shall try any suit, in which he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court shall be a party.

IX.—And it is hereby enacted, that in cases, where by reason of the above Section, a Moonsiff cannot try a suit because he himself, or any of his relatives, or dependants, or any of the Vakeels or Officers of his Court is a party to the suit, it shall nevertheless be competent to the Moonsiff to receive the suit, and forward it to the Judge of the Zillah to which he is subordinate, who may thereupon refer the same for trial and decision to any other Moonsiff of the District.

ACT No. VI. OF 1843.

Passed by the Hon'ble the President of the Council of India in Council, on the 21st of April 1843, with the assent of the Right Hon'ble the Governor General of India.

An Act for amending the Law concerning the jurisdiction and procedure of the Courts of Ameens and Moonsiffs.

I.—In modification of Clause 4, Section 18, Regulation V. of 1831, Bengal Code, it is hereby enacted, that in the trial and decision of all original Suits referred to them by the Judge, the Principal Sudder Ameens shall be guided by the rules established for the conduct of business in the Courts of the Zillah and City Judges.

II.—And it is hereby enacted, that the provisions of Section 4, Act No. XXV. of 1837, in respect to appeals from decisions passed by Principal Sudder Ameens, in Suits of the nature specified therein, be extended to all interlocutory orders passed by those Officers in such Suits.

III.—And it is hereby enacted, that such parts of Regulation XXIII. 1814, as prohibit the Sudder Ameens and Moonsiffs from requiring security from defendants; or from attaching their property in cases pending before them; or from realizing fines imposed by them without first obtaining the sanction of the Zillah Judge, be repealed.

IV.—And it is hereby enacted, that it shall be competent to the Sudder Ameens and Moonsiffs to demand security from the defendant, under the provisions of Sections 4 and 5, Regulation II. 1806, in cases pending before them; and also to proceed, without reference to the Zillah Judge, to the realization of fines imposed by them, provided that all orders passed by the Sudder Ameens and Moonsiffs under this Section, be subject to an appeal to the Zillah Judge.

V.—And it is hereby enacted, in modification of Section 22, Regulation V. of 1831, that decrees passed in the Courts of the Judges or Principal Sudder Ameens, in cases of appeal from the decisions of the Sudder Ameens or Moonsiffs, shall be executed by the Courts in which the original decisions were passed, under the general rules prescribed for the execution of decrees passed by those Courts—applications for the execution of such decrees shall be presented, together with a certified copy of the decree of the Judge or Principal Sudder Ameen to the Court of original jurisdiction. In appeals from the orders of the Moonsiff or Sudder Ameen in such cases the decision of the Zillah or City Judge shall be final.

VI.—And it is hereby enacted, that Clause 2, Section 13, Regulation XXIII. 1814, and Clause 4, Section 5, Regulation V. 1831, be repealed.

VII.—And it is hereby enacted, that no person whatever shall by reason of place of birth, or by reason of descent, be in any Civil proceeding whatever, exempted from the jurisdiction of the Courts of the Moonsiffs, in the Territories subject to the Presidency of Fort William in Bengal.

VIII.—And it is hereby enacted, that persons invested with the powers of Moonsiff shall be competent to receive, try, and determine suits of every description under the restrictions as to local jurisdiction and value of property mentioned in Clauses, 1, 2 and 3, Section 5, Regulation V. 1831. No. 2.—Report of the Examination of such Opium.

each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

CIVIL SERVICE ANNUITY FUND.

NOTICE.—The Managers of this Fund have received through the Government Copy of a Despatch from the Hon'ble Court of Directors, dated 15th March 1843, wherein referring to the addition to Rule 15, adopted by the Subscribers on 30th July 1842, the Court propose an Amendment, (both Original and Amendment are below published,) premising it with the following observations:—"It is possible that a rule inflicting a fine, absolutely and without any provision for remission, might sometimes operate inconveniently to the interests of individuals, but we are of opinion that much greater evils will be likely to arise from entrusting to the Managers or the Service generally, a discretion, as to the infliction, or remission of the fine. Every person incurring the fine will apply to be exempted, and whatever may be the decision of the Managers on his application, the probability is, that an appeal to the Service will be made either by the Applicant, if his request be refused, or by some other Subscriber if it be granted. The result will be the multiplication of disputes: the creation of ill feeling among the Subscribers, and the consumption of much time in a manner calculated only to encrease and perpetuate irritation. The operation of personal feeling in the decision both of the Managers and the Service, will also be invariably suspected, however unjustly, and we cannot believe the Subscribers on further reflection will be willing to adopt a rule which will open a door to so much evil."

The Court's Amendment of Rule.

"If any Subscriber, to whom an Annuity has been reserved under his application and declaration to resign the Service, shall subsequently withdraw or retract his application and declaration, or refuse to accept the Annuity so reserved, or if he shall continue in the Service beyond the time limited by the rules of the Fund, he shall forfeit the sum of Co's Rs 10,000 (Ten Thousand,) to be at once deducted from his Subscription account with the Fund, and the sum so forfeited to be available for the general purposes of the Fund."

Note.—The Court admonitorily remark—"The Subscriber who takes the Annuity which shall so lapse, must not, however, resign the Service and succeed to the Annuity, until three months after the Government shall have been informed of his intention to resign."

Rule adopted at Meeting of 30th July, 1842.

"In substitution of the rule requiring the declaration upon honor, it is hereby further provided, that if any Subscriber to whom an Annuity shall have been reserved under his application and declaration to resign the Service as above, shall subsequently withdraw or retract his application or declaration, or if he shall continue in the Service beyond the time (viz. 1st July,) limited by the foregoing rule, he shall, unless for special reasons he be exempted by the Managers subject to an appeal to the Service by the individual in question or by any Member of the Fund, forfeit the sum of Co.'s Rs. 10,000, to be at once deducted from his Subscription account with the fund. The sum or sums that may be so forfeited shall be carried to the Credit of the Unappropriated Funds of the Institution, and be held available for the general purposes of the Fund."

The Managers accordingly hereby give Notice, that a Special General Meeting of Subscribers will be held at the Town Hall, on Saturday, the 29th July next, at 11 o'Clock, A. M., (or immediately after the Civil Fund Meeting,) for the purpose of considering the adoption of a Rule to the effect of the Amendment proposed by the Hon'ble Court.

FORT WILLIAM, HOME DEPARTMENT,
LEGISLATIVE,

THE 14TH JUNE, 1843.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 14th June 1843, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information

ACT No. IX. OF 1843.

For the Incorporation of a Bank at Madras.

Whereas the Hon'ble Court of Directors of the East India Company, by and with the approbation of the Board of Commissioners for the Affairs of India, has directed the abolition of the present Government Bank at Madras, and in lieu thereof has sanctioned the establishment of a Bank at Madras on the principles hereinafter set forth, and has required the Government of India to pass an Act of Incorporation for the same;

I. It is therefore hereby enacted, that from the 1st day of July next ensuing, in the year of our Lord 1843, the persons whose names are included in the Schedule hereunto annexed, having severally subscribed and signed their acceptance of the terms of incorporation specified in this Act, and with the Government of Madras on the part of the East India Company having paid into the Government Treasury the amount of Capital Stock subscribed by them respectively and taken receipts for the same from the Sub-Treasurer to the Government of Fort Saint George shall, together with the Governor in Council for the time being of the Presidency of Madras, be a Corporation Body Corporate and Politic by name of the Bank of Madras, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereinafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

Provided however that it shall be lawful to the Governor General of India in Council at any time before the 1st of September next, to rectify any errors in the Schedule of the said Proprietors by notice in the Official Gazettes of Calcutta and Madras, so that no alteration be made in the principles upon which such Schedule has been framed.

II. And it is hereby declared and provided, that if any of the persons whose names are in the said Schedule shall have failed to make good their subscriptions on or before the 1st day of May last past, the Shares to which such names are attached were claimable and might be taken by the persons who having made applications for Shares which were received after the prescribed amount of Capital had been taken and subscribed for by the parties in the said Schedule, had been permitted to have their said applications registered as received: and the Shares which shall have so lapsed having been tendered to such applicants in the order of such registry according to the list given in to the Governor in Council at Fort Saint George, shall be and are the property of such persons provided they shall have in the manner heretofore mentioned paid up their subscriptions on or before the 20th day of May last past. And in the event of there having remained any unpaid Shares after the parties whose names had been so registered had thus had the option of completing the payments due on such Shares, then such remaining unpaid Shares are declared to have been at the disposal of a General Meeting of the Proprietors convened for that purpose: And it is hereby enacted, that the persons who shall have become the Proprietors of the lapsed Shares in the manner above provided or under an appropriation made at such General Meeting of Proprietors by payment of the amount subscribed shall be considered to belong, and shall to all intents and purposes belong to the Corporation Body Corporate and Politic by name of the Bank of Madras, and shall possess and enjoy all the rights, privileges and immunities the same as the persons according to the Original Schedule who shall have paid up their Subscriptions on or before the 1st day of May last past. AND it is hereby declared and required that as soon after the promulgation of this Act, as may be practicable, the Governor in Council at Fort Saint George shall publish in the Official Gazette of that Presidency a Schedule of the Proprietors of the Bank of Madras as incorporated under the provisions of this Act, and that the same shall be transmitted to be republished in the Official Gazette of Calcutta.

III. And it is hereby enacted, that the Capital Stock of the Bank of Madras shall be Thirty Lakhs of Rupees, whereof Three Lakhs shall be the property of the Governor in Council of Madras, for the time being on behalf of the East India Company, and the persons whose names are in the Schedule hereunto annexed, or in any Schedule corrected in the manner provided for in the 1st Section of this Act, or whose names shall be in the Schedule published by order of the Governor in Council at Fort St. George in the Official Gazette of that Presidency as required in Section II. of this Act, shall be Proprietors of the Shares of the said Capital Stock set against their names respectively.

IV. And it is hereby enacted, that it shall be in the power of the Governor General of India in Council, from time to time, by an Order duly published in the Official Gazettes of Calcutta and of Madras, to authorize the said Capital Stock to be increased, and to make such order and direction for the opening of Subscriptions towards such increase of Capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such Subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportion of New Stock to which they may respectively be entitled, and also to make such order and direction as to him the said Governor General in Council may seem fit for the disposal of the amount of New Stock that may not be subscribed for, and paid up by the Proprietors in the manner and form that may be so prescribed.

And it is hereby enacted, that the Capital Stock of the Bank of Madras shall be divided into Shares of One Thousand Rupees each, which shall be numbered accordingly, and Three Hundred of the said Shares numbered from No. 1 to 300 shall be the property of the Governor in Council of Madras, for the time being, on behalf of the East India Company, and the remainder shall be the property of the Proprietors who shall have paid up the same, and no separate interest or Share in the Stock of the said Bank of less amount than 1,000 Rupees shall be created or held by any Proprietors, and if at any time the Capital of the said Bank shall be increased, the new Stock added thereto shall in like manner be divided into Shares of 1,000 Rupees each, and no Proprietor shall be entitled to claim a share of such new Stock of less amount than 1,000 Rupees.

VI. And it is hereby enacted, that on the said 1st day of July 1843, or on some early day after that date, provided the Subscriptions have been paid up as above prescribed, the Governor in Council of Madras shall notify in the Official Gazette of that Presidency that the Bank of Madras being incorporated as above provided, shall from the date of such notification be opened for the transaction of all manner of business authorized by this Act, and the said Bank shall and may sue and be sued by its Corporate name, and shall and may use such common Seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold either absolutely or conditionally, for a term or in perpetuity, any description of property whatever, and to transfer and convey the same.

VII. And it is hereby enacted, that immediately on the opening of the said Bank of Madras the business of the present Government Bank of Madras shall cease, and it shall proceed to wind up its affairs as soon as possible, and all Cash Notes of the Government Bank of Madras which shall be then outstanding shall be payable thenceforth at the Bank of Madras which shall pay them on being verified by such Officers as the Governor in Council of Fort St. George may appoint for the purpose, on presentment, as if they had been issued by the Bank of Madras.

VIII. And it is hereby enacted, that on Monday of every week, so long as there are any Notes of the Government Bank outstanding, the Bank of Madras shall cause to be made up a Statement of the Notes of the Government Bank paid by them in the course of the preceding week, and transmit the same to the Governor in Council of Madras with the Notes, who shall thereupon cause the amount, with all reasonable expedition, to be repaid to the Bank of Madras.

IX. And it is hereby enacted, that after the delivery by the Sub-Treasurer at Madras, to whom all Subscriptions on account of the Capital of this Bank will have been paid, as above provided, of the amount of Capital Stock to the Directors of the Bank, the receipt which may be granted by the Sub-Treasurer to the Subscribers respectively shall be cancelled, and a Certificate signed by three Directors of the Bank of Madras shall be delivered to each Proprietor, and any person who is a Proprietor of more than one Share of the Capital Stock, may at his option demand a Certificate for each of his Shares, or one Certificate for all his Shares, or several Certificates, each of which may be for any number of his Shares.

X. And it is hereby enacted, that no Proprietor shall be allowed to increase his share in the Capital Stock of the said Bank beyond the Amount of Fifty Thousand Rupees, excepting on occasion of any increase being made to the Capital Stock of the said Bank under the Authority of the Governor General in Council, in the manner prescribed in Section IV. of this Act, in which case any Proprietor holding Stock to the full Amount of Fifty Thousand Rupees shall, notwithstanding, be entitled to subscribe to the increased Capital Stock in a rateable proportion; and excepting any addition to his interest in the said Capital Stock arises from Succession, Bequest, or Marriage.

XI. And it is hereby enacted, that the said Share or Shares of the Capital Stock of the said Bank shall be of the nature of personal Estate of the Proprietors thereof respectively, and that the same shall be transferable by endorsement to be made on the Certificates thereof, respectively, under the hand of the Proprietor or Proprietors, or his or their Attorney duly authorized, which endorsement shall specify the name of the person or persons to whom the said transfer shall be made, but no such endorsement shall be effectual to transfer any such Share or Shares, until such endorsement shall have been registered at the Bank of Madras, and such registration shall have been noted on such endorsement under the hand of an Officer appointed for that purpose, by the Directors of the said Bank.

XII. And it is hereby enacted, that the said Corporate body of the Bank of Madras shal consist and be composed of the Registered Proprietors for the time being of the said Shares of the Capital Stock of the said Bank, and of no other person or persons whatsoever.

XIII. And it is hereby enacted, that the business of the said Bank shall be managed by nine Directors, of whom three shall be appointed and be removeable by the Governor in Council of Madras, and the remaining six shall be elected by the General Meeting of the Proprietors of the said Bank, and shall be removeable by vote of the majority of a General Meeting of the said Proprietors.

XIV. And it is hereby enacted, that the first Directors of the said Bank shall be such three persons as may be appointed by the Governor in Council of Madras to be Directors of the Bank, together with six persons of those whose names are inserted in the Schedule of Proprietors published in the Official Gazette of Fort St. George, in the manner prescribed by Section II. of this Act, and who being entitled to not less than six Shares or 6,000 Rupees of the Capital Stock of the said Bank shall be elected at a General Meeting of the persons whose names are inserted in the said Schedule to be held at such time and place as the Governor in Council of Madras may fix by public notification in the Official Gazette of that Presidency, and the election shall be made by the persons who according to the said Schedule of Proprietors may be entitled to Shares of the Capital Stock of the Bank, and the said persons shall vote at such election in person or by proxy according to the quantity of Stock respectively held by them, and the Directors so appointed shall appoint Officers, and take all necessary steps for opening the Bank.

when this Act shall take effect for its incorporation, and the rotation amongst the six Directors first appointed under the next preceding Section, shall be established according to the number of votes; the two Directors elected by the fewest votes first vacating and the next two in the year following, and so in succession in the third year.

XV. And it is hereby enacted, that two of the six Directors elected as provided in Section XIV. and to be elected by the Proprietors, shall in rotation go out of Office on the Second Monday in the Month of December in every year, on which day in every year a General Meeting of Proprietors shall be held for the election of two Directors in their stead; but no Director going out by rotation as aforesaid shall be re-elected at the election which takes place thereupon though he shall be eligible for a future election.

XVI. And it is hereby enacted, that in case of the death, resignation or absence from Madras for more than three months, or disqualification under Section XVII., or removal as aforesaid of any Director elected as provided in Section XIV., or to be elected by the Proprietors after the incorporation of the Bank of Madras, the Directors shall call a General Meeting of the Proprietors, to be held within fifteen days of the day of notice, for the purpose of choosing a successor, and such successor shall come into the place in rotation above mentioned of the late Director.

XVII. And it is hereby enacted, that no person shall be capable of serving as a Director by election of the Proprietors who shall not be Proprietor in his own right unincumbered of six Shares or Six Thousand Rupees of the Capital Stock of the Bank of Madras, or who shall be a Director of any other Bank issuing notes payable on demand within the Town or Suburbs of Madras.

XVIII. And it is hereby enacted, that at a General Meeting of the Proprietors, every election and other matter in question shall be decided by a majority of votes, and that no person shall be allowed to vote at any such Meeting in respect of any Share of the said Capital Stock acquired by transfer, or purchase, or otherwise than by Act of Law, unless such transfer shall have been completed Six Months at the least before the time of tendering such vote.

XIX. And it is hereby enacted, that at all such General Meetings the Proprietors shall vote according to the following scale:

XXV. And it is hereby enacted, that the said Directors shall have power to appoint such Officers as may be necessary to conduct the business of the said Bank and to remove any Officer of the said Bank and to fix the Salaries of such Officers, provided that the whole expense of the Establishment of the said Bank shall not, in any one year exceed 50,000 Rupees, without previous authority from the General Meeting of the Proprietors.

CIVIL SERVICE ANNUITY FUND.

NOTICE.—The Managers of this Fund have received through the Government, Copy of a Despatch from the Hon'ble Court of Directors, dated 15th March 1843, wherein referring to the addition to Rule 15, adopted by the Subscribers on 30th July 1842, the Court propose an Amendment, (both Original and Amendment are below published,) premising it with the following observations:—"It is possible that a rule inflicting a fine, absolutely and without any provision for remission, might sometimes operate inconveniently to the interests of individuals, but we are of opinion that much greater evils will be likely to arise from entrusting to the Managers or the Service generally, a discretion, as to the infliction, or remission of the fine. Every person incurring the fine will apply to be exempted, and whatever may be the decision of the Managers on his application, the probability is, that an appeal to the Service will be made either by the Applicant, if his request be refused, or by some other Subscriber if it be granted. The result will be the multiplication of disputes: the creation of ill feeling among the Subscribers, and the consumption of much time in a manner calculated only to encrease and perpetuate irritation. The operation of personal feeling in the decision both of the Managers and the Service, will also be invariably suspected, however unjustly, and we cannot believe the Subscribers on further reflection will be willing to adopt a rule which will open a door to so much evil."

The Court's Amendment of Rule.

"If any Subscriber, to whom an Annuity has been reserved under his application and declaration to resign the Service shall subsequently withdraw or retract his application and declaration, or refuse to accept the Annuity so reserved, or if he shall continue in the Service beyond the time limited by the rules of the Fund, he shall forfeit the sum of Co.'s Rs 10 000 (Ten Thousand,) to be at once deducted from his Subscription account with the Fund, and the sum so forfeited to be available for the general purposes of the Fund."

Note.—The Court admonitorily remark—"The Subscriber who takes the Annuity which shall so lapse, must not, however, resign the Service and succeed to the Annuity, until three months after the Government shall have been informed of his intention to resign."

Rule adopted at Meeting of 30th July, 1842.

"In substitution of the rule requiring the declaration upon honor, it is hereby further provided, that if any Subscriber to whom an Annuity shall have been reserved under his application and declaration to resign the Service as above, shall subsequently withdraw or retract his application or declaration, or if he shall continue in the Service beyond the time (viz 1st July,) limited by the foregoing rule he shall, unless for special reasons he be exempted by the Managers subject to an appeal to the Service by the individual in question or by any Member of the Fund, forfeit the sum of Co.'s Rs. 10,000, to be at once deducted from his Subscription account with the fund. The sum or sums that may be so forfeited shall be carried to the Credit of the Unappropriated Funds of the Institution, and be held available for the general purposes of the Fund."

The Managers accordingly hereby give Notice, that a Special General Meeting of Subscribers will be held at the Town Hall, on Saturday, the 29th July next, at 11 o'Clock, A. M., (or immediately after the Civil Fund Meeting,) for the purpose of considering the adoption of a Rule to the effect of the Amendment proposed by the Hon'ble Court.

It is therefore hereby enacted, that from the 1st day of July next ensuing, in the year of our Lord 1843, the persons whose names are included in the Schedule hereunto annexed, having severally subscribed and signed their acceptance of the terms of incorporation specified in this Act, and with the Government of Madras on the part of the East India Company having paid into the Government Treasury the amount of Capital Stock subscribed by them respectively and taken receipts for the same from the Sub-Treasurer to the Government of Fort Saint George shall, together with the Governor in Council for the time being of the Presidency of Madras, be a Corporation Body Corporate and Politic by name of the Bank of Madras, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereinafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

Provided however that it shall be lawful to the Governor General of India in Council at any time before the 1st of September next, to rectify any errors in the Schedule of the said Proprietors by notice in the Official Gazettes of Calcutta and Madras, so that no alteration be made in the principles upon which such Schedule has been framed.

II. "O Merciful Lord and Heavenly Father, by whose gracious gift mankind is increased, we most humbly offer unto Thee our hearty thanks for Thy great goodness vouchsafed to Thy people, in delivering Thy servant our Sovereign Lady the Queen, from the perils of childbirth, and given her the blessing of a daughter. Continue, we beseech Thee, Thy fatherly care over her; support and comfort her in the hours of weakness, and day by day renew her strength. Preserve the infant Princess from whatever is hurtful either to body or soul, and adorn her, as she advances in years, with every Christian virtue. Regard with thine especial favour our Queen and her Royal Consort, that they may long live together in the enjoyment of all earthly happiness, and may finally be made partakers of everlasting glory. Implant in the hearts of Thy people a deep sense of Thy manifold mercies, and give us grace to show forth our thankfulness by dutiful affection to our Sovereign, by brotherly love one towards another, and by constant obedience to Thy commandments; so that, passing through this life in Thy faith and fear, we may in the life to come be received into Thy heavenly kingdom, through the merits and mediation of Thy Blessed Son Jesus Christ our Lord. Amen."

LEGISLATIVE,

THE 14TH JUNE, 1843.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 14th June 1843, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. IX. OF 1843.

For the Incorporation of a Bank at Madras.

Whereas the Hon'ble Court of Directors of the East India Company, by and with the approbation of the Board of Commissioners for the Affairs of India, has directed the abolition of the present Government Bank at Madras, and in lieu thereof has sanctioned the establishment of a Bank at Madras on the principles hereinafter set forth, and has required the Government of India to pass an Act of Incorporation for the same;

I. It is therefore hereby enacted, that from the 1st day of July next ensuing, in the year of our Lord 1843, the persons whose names are included in the Schedule hereunto annexed, having severally subscribed and signed their acceptance of the terms of incorporation specified in this Act, and with the Government of Madras on the part of the East India Company having paid into the Government Treasury the amount of Capital Stock subscribed by them respectively and taken receipts for the same from the Sub-Treasurer to the Government of Fort Saint George shall, together with the Governor in Council for the time being of the Presidency of Madras, be a Corporation Body Corporate and Politic by name of the Bank of Madras, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereinafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

Provided however that it shall be lawful to the Governor General of India in Council at any time before the 1st of September next, to rectify any errors in the Schedule of the said Proprietors by notice in the Official Gazettes of Calcutta and Madras, so that no alteration be made in the principles upon which such Schedule has been framed.

II. And it is hereby declared and provided, that if any of the persons whose names are in the said Schedule shall have failed to make good their subscriptions on or before the 1st day of May last past, the Shares to which such names are attached were claimable and might be taken by the persons who having made applications for Shares which were received after the prescribed amount of Capital had been taken and subscribed for by the parties in the said Schedule, had been permitted to have their said applications registered as received: and the Shares which shall have so lapsed having been tendered to such applicants in the order of such registry according to the list given in to the Governor in Council at Fort Saint George, shall be and are the property of such persons provided they shall have in the manner heretofore mentioned paid up their subscriptions on or before the 20th day of May last past. And in the event of there having remained any unpaid Shares after the parties whose names had been so registered had thus had the option of completing the payments due on such Shares, then such remaining unpaid Shares are declared to have been at the disposal of a General Meeting of the Proprietors convened for that purpose: And it is hereby enacted, that the persons who shall have become the Proprietors of the lapsed Shares in the manner above provided or under an appropriation made at such General Meeting of Proprietors by payment of the amount subscribed shall be considered to belong, and shall to all intents and purposes belong to the Corporation Body Corporate and Politic by name of the Bank of Madras, and shall possess and enjoy all the rights, privileges and immunities the same as the persons according to the Original Schedule who shall have paid up their Subscriptions on or before the 1st day of May last past. AND it is hereby declared and required that as soon after the promulgation of this Act, as may be practicable, the Governor in Council at Fort Saint George shall publish in the Official Gazette of that Presidency a Schedule of the Proprietors of the Bank of Madras as incorporated under the provisions of this Act, and that the same shall be transmitted to be republished in the Official Gazette of Calcutta.

III. And it is hereby enacted, that the Capital Stock of the Bank of Madras shall be Thirty Lakhs of Rupees, whereof Three Lakhs shall be the property of the Governor in Council of Madras, for the time being on behalf of the East India Company, and the persons whose names are in the Schedule hereunto annexed, or in any Schedule corrected in the manner provided for in the 1st Section of this Act, or whose names shall be in the Schedule published by order of the Governor in Council at Fort St. George in the Official Gazette of that Presidency as required in Section II. of this Act, shall be Proprietors of the Shares of the said Capital Stock set against their names respectively.

IV. And it is hereby enacted, that it shall be in the power of the Governor General of India in Council, from time to time, by an Order duly published in the Official Gazettes of Calcutta and of Madras, to authorize the said Capital Stock to be increased, and to make such order and direction for the opening of Subscriptions towards such increase of Capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such Subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportion of New Stock to which they may respectively be entitled, and also to make such order and direction as to him the said Governor General in Council may seem fit for the disposal of the amount of New Stock that may not be subscribed for, and paid up by the Proprietors in the manner and form that may be so prescribed.

V. And it is hereby enacted, that the Capital Stock of the Bank of Madras shall be divided into Shares of One Thousand Rupees each, which shall be numbered accordingly, and Three Hundred of the said Shares numbered from No. 1 to 300 shall be the property of the Governor in Council of Madras, for the time being, on behalf of the East India Company, and the remainder shall be the property of the Proprietors who shall have paid up the same, and no separate interest or Share in the Stock of the said Bank of less amount than 1,000 Rupees shall be created or held by any Proprietors, and if at any time the Capital of the said Bank shall be increased, the new Stock added thereto shall in like manner be divided into Shares of 1,000 Rupees each, and no Proprietor shall be entitled to claim a share of such new Stock of less amount than 1,000 Rupees.

VI. And it is hereby enacted, that on the said 1st day of July 1843, or on some early day after that date, provided the Subscriptions have been paid up as above prescribed, the Governor in Council of Madras shall notify in the Official Gazette of that Presidency that the Bank of Madras being incorporated as above provided, shall from the date of such notification be opened for the transaction of all manner of business authorized by this Act, and the said Bank shall and may sue and be sued by its Corporate name, and shall and may use such common Seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold either absolutely or conditionally, for a term or in perpetuity, any description of property whatever, and to transfer and convey the same.

VII. And it is hereby enacted, that immediately on the opening of the said Bank of Madras the business of the present Government Bank of Madras shall cease, and it shall proceed to wind up its affairs as soon as possible, and all Cash Notes of the Government Bank of Madras which shall be then outstanding shall be payable thenceforth at the Bank of Madras which shall pay them on being verified by such Officers as the Governor in Council of Fort St. George may appoint for the purpose, on presentment, as if they had been issued by the Bank of Madras.

VIII. And it is hereby enacted, that on Monday of every week, so long as there are any Notes of the Government Bank outstanding, the Bank of Madras shall cause to be made up a Statement of the Notes of the Government Bank paid by them in the course of the preceding week, and transmit the same to the Governor in Council of Madras with the Notes, who shall thereupon cause the amount, with all reasonable expedition, to be repaid to the Bank of Madras.

IX. And it is hereby enacted, that after the delivery by the Sub-Treasurer at Madras, to whom all Subscriptions on account of the Capital of this Bank will have been paid, as above provided, of the amount of Capital Stock to the Directors of the Bank, the receipt which may be granted by the Sub-Treasurer to the Subscribers respectively shall be cancelled, and a Certificate signed by three Directors of the Bank of Madras shall be delivered to each Proprietor, and any person who is a Proprietor of more than one Share of the Capital Stock, may at his option demand a Certificate for each of his Shares, or one Certificate for all his Shares, or several Certificates, each of which may be for any number of his Shares.

XI. And it is hereby enacted, that the said Share or Shares of the Capital Stock of the said Bank shall be of the nature of personal Estate of the Proprietors thereof respectively, and that the same shall be transferable by endorsement to be made on the Certificates thereof, respectively, under the hand of the Proprietor or Proprietors, or his or their Attorney duly authorized, which endorsement shall specify the name of the person or persons to whom the said transfer shall be made, but no such endorsement shall be effectual to transfer any such Share or Shares, until such endorsement shall have been registered at the Bank of Madras, and such registration shall have been noted on such endorsement under the hand of an Officer appointed for that purpose, by the Directors of the said Bank.

incurred in procuring this Act of Incorporation, shall, upon being audited and admitted by the said Directors be paid out of the Funds of the Bank as soon as it is opened for business, and that the amount so paid shall be defrayed out of the future profits of the Bank at the discretion of the Directors, and provided that the said Directors, subject to the control and sanction of the Proprietors at the General Meetings, shall have power, when they see fit, to set apart from such profits, a sum not exceeding Five per Cent. on the Capital Stock of the Bank as a reserve against Contingencies.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 30th June, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within one Calendar month from the day of Sale, that is to say no Treasury Receipts will be accepted in payment after 4 P. M. of Wednesday, the 26th July 1843, and in case any Lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit of 1,000 Rupees per Lot or 200 Rupees per Chest, or any Public Securities that may have been deposited on account of such Lots or Chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of Lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single Lots, or of a different number of Lots or Chests, whether more or less than the number of Lots or Chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The Receipt for such Deposit will be granted only in the name of such Purchaser and the Public Securities deposited, will be returned when the clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a Deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to One Thousand Rupees per Lot, (or Two Hundred Rupees per Chest,) on each Lot so bid for.

12th.—The Purchaser of any Lot shall have the option of naming and purchasing in immediate succession any number of Lots of the same Agency to the extent of Fifty Lots, and for the Lots so purchased, the Purchaser shall Deposit 1,000 Rupees per Lot, and pay the same price per Chest as that for which he purchased his first Lot, provided always that there remain a sufficient number of Lots of that Opium to complete the said Fifty, but not otherwise.

13th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the Jurisdiction of the said Supreme Court shall be waived.

14th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1.—Certificate of the Opium now advertised for Sale.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1841-42, the same precautions have been taken as these which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shown to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Application having been made by the French Authorities, for the 300 Chests of Opium deliverable to them, under the 6th Article of the Convention between Great Britain and France, dated 7th March 1815, in the proportions stated in the margin, it is hereby notified that in the event of the whole, or any portion of the Opium thus claimed by the French Government, not being cleared out within the limited period allowed for clearance, viz, one month from the date of the sale, such quantity of Opium (or any part thereof) as may remain uncleared, will be sold at the sale next ensuing the date of payment, or disposed of at a sale to be held expressly for the purpose.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be left, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

False Point Light House is in Latitude 20° 19½′ N. and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 88° 4′ E., and bears from the former N. 61 E. true N. E. by E. ¼ E. by Compass distant 83 miles, and is laid in 12 fathoms.

A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly deposit which is sand and mud with shining specks,) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour.

The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Bridge, which can readily be done by making the Light House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N. Ed. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms, when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles to the Southward of it and 23 fathoms the same distance to the Westward of it.

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are warned to be careful in avoiding collision by night or by day and in communicating with either of the above Vessels, either at anchor or hove too, when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon, whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light at the Gaff end to mark the way they are riding.*

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross) and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

NOTICE.

The following Directions for Vessels entering the Moulmein River, prepared by Lieut. W. Fell, I. N., are published for general information.

By order of the Marine Board,

C. B. GREENLAW,
Secretary.

Fort William,
The 12th Dec., 1842.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 40° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queekini Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5° East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 29° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ½ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 14° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward, and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Goodwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 04′ 48″ N. / Longitude 97° 35′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

NOTICE.

THE following intelligence touching a Shoal in the Bay of Bengal, not hitherto noticed, Extracted from the Mauritius Price Current and Shipping List of 26th October, 1842, is published for general information.

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842.—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be left, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

False Point Light House is in Latitude 20° 19½′ N. and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 88° 4′ E, and bears from the former N. 61 E. true N. E. by E. ¼ E. by Compass distant 83 miles, and is laid in 12 fathoms.

A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly deposit which is sand and mud with shining specks,) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour.

The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Bridge, which can readily be done by making the Light House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N. Ed. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms, when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles, to the Southward of it and 23 fathoms the same distance to the Westward of it.

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head, Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are warned to be careful in avoiding collision by night or by day and in communicating with either of the above Vessels, either at anchor or hove too, when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon, whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light at the Gaff end to mark the way they are riding.*

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross) and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

NOTICE.

The following Directions for Vessels entering the Moulmein River, prepared by Lieut. W. Fell, I. N., are published for general information.

By order of the Marine Board,

C. B. GREENLAW,
Secretary.

Fort William,
The 12th Dec., 1842.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part

of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 40° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy, being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queckini Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5° East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 20° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ¾ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 84° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward, and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Goodwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 01′ 48″ N. / Longitude 97° 35′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

NOTICE.

THE following intelligence touching a Shoal in the Bay of Bengal, not hitherto noticed, Extracted from the Mauritius Price Current and Shipping List of 26th October, 1842, is published for general information.

Fort William, *the 20th Dec.* 1842.

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842.—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

WEDNESDAY, JANUARY 11, 1843.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 6TH JANUARY, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 6th of January 1843.

ACT No. —— OF 1843.

An Act for regulating inquiries into the truth of matters implicating the public conduct of Officers not removeable without the sanction of Government within the Presidency of Fort St George in Madras.

I. Whereas it is expedient to amend the provisions contained in the Regulations concerning inquiries into the truth of matters implicating the public conduct of European Officers, and to extend the same to all Officers not removeable without the sanction of Government:

It is hereby enacted, that Regulations III. of 1809, II. of 1810, VI. of 1811, and VIII. of 1822, of the Madras Code, be repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Fort St. George in Madras, whenever either the Courts of Sudr and Foujdaree Adawlut, or the Board of Revenue, shall be of opinion that substantial grounds exist for making a regular and formal inquiry into the truth of any imputation of official misconduct affecting any Officer subject to their controul respectively, and not removeable without the sanction of Government, they shall submit the documents on which their opinion may be founded, together with a statement of the charges reduced to distinct articles which they may propose to be made the subject of a regular investigation, to the Governor in Council of Fort St. George, for his consideration and orders.

III. And it is hereby enacted, that any charge or information, of the description aforesaid, may be preferred direct to the Courts of Sudr and Foujdaree Adawlut, or to the Board of Revenue, respectively, who shall examine the complainant or informant circumstantially upon oaths, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and require the party accused to explain or reply to any matters they may deem to need explanation and make such further inquiries, upon oath or affirmation upon the subject as they may judge proper.

IV. And it is hereby enacted, that any charge or information may also be made before any Judge, Magistrate, or Collector, for any acts of the description beforementioned committed within their jurisdiction, respectively, who shall examine the complainants or informant circumstantially upon oath, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and shall transmit the deposition so taken to the Sudr and Foujdaree Adawlut, or to the Board of Revenue, according as the person accused may be subject to those Authorities respectively.

V. And it is hereby provided, that it shall not be lawful for the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, to act upon any such charge or information, unless the person preferring the same shall make oath, or solemn affirmation in case he be entitled to be exempted from taking an oath, that he believes the facts on which the charge is grounded to be true.

VI. And it is hereby provided, that it shall be lawful for the Courts of Sudr and Foujdaree Adawlut, and for the said Board, respectively, to dismiss any such charge or information, where they do not see any substantial reason for entering further into the inquiry. Provided, that on every occasion when they shall dismiss any such charge or information, they shall submit the same, together with all the circumstances of the case, in like manner as is provided in Section II. of this Act.

VII. And it is hereby provided, that the said Courts of Sudr and Foujdaree Adawlut, and the said Board, respectively, may, at any stage of the inquiry into such matters as aforesaid, require the person preferring such charge or information as aforesaid to furnish such security as may be deemed reasonable that he will attend and prosecute the charge to a conclusion, and in the event of security being so required all proceedings shall be stayed until the same shall be furnished accordingly.

VIII. And it is hereby provided, nevertheless, that if any matter of the nature aforesaid, affecting such Officer as is mentioned in the second Section of this Act, shall appear in the course of any proceedings, whether preliminary or otherwise, which shall come before or be reported to either of the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, those authorities shall act upon such matter, or institute such inquiry upon oath or affirmation as aforesaid, into the same as they shall deem proper for the purpose of such reference as aforesaid to the Governor in Council of Fort St. George, although no charge or information be preferred as aforesaid; and in such cases it shall not be necessary, before acting upon or instituting any inquiry concerning any matter so appearing in the course of proceedings, to require any oath or affirmation in regard to the truth of such matter.

IX. And it is hereby enacted, that if the Governor in Council of Fort St. George, upon such reference as is mentioned in the second Section of this Act, shall concur with the Authority by which it may be submitted, or if such Governor in Council shall, from information of the description aforesaid that may be laid before him in respect of any Officer not directly subject to the Courts or Board above named, deem it necessary to institute proceedings against any such Officer, he shall appoint a Commissioner or Commissioners for making a regular and formal inquiry into the truth of the matters referred

And it is hereby enacted, that it shall be competent to the Governor in Council by an Order of Council to determine in all cases where such Commissioner or Commissioners shall hold their sittings—as well within the local limits of Her Majesty's Supreme Court, as beyond those limits.

X. And it is hereby enacted, that on the appointment of every such Commission, the said Governor in Council shall direct whether the Commission shall be placed under the control of any of the Authorities aforesaid, or shall act immediately under the authority of Government, and all Commissions appointed as aforesaid shall be guided by the instructions which they may receive in this behalf from the Government.

XI. And it is hereby enacted, that the Commissioner or Commissioners appointed as aforesaid, before entering on the discharge of his or their duties, shall take the following oath:

I, A. B., Commissioner for the purpose of (here state the object of the Commission) do solemnly swear that I will faithfully and impartially perform the duty committed to me without fear, favor, or bias, to the best of my ability, knowledge, and judgment; so help me God.

XII. And it is hereby enacted, that whenever a charge shall be referred for investigation to a Special Commission, the said Governor in Council will determine whether the conduct of the prosecution shall be left to the accuser, or be undertaken on the part of Government. In the latter case, the said Governor in Council will nominate such person or persons as may be deemed proper, to conduct the prosecution on behalf of Government.

XIII. And it is hereby enacted, that it shall be the duty of Commissioners appointed under this Regulation, after receiving the plaint or charge, and the documents from which the same may have been prepared, to call upon the person accused for his reply to the accusation; to examine upon oath, or under a solemn declaration, the witnesses named by the accuser or the accused; to receive any further written documents offered in support of, or against the accusation; and to call for and take any further requisite evidence which may be indicated by the witnesses adduced or documents exhibited by either party, and may appear to be necessary for the ascertainments of facts, or the discovery of the truth or falsehood of the charges, or of any part thereof.

XIV. And it is hereby enacted, that for the discharge of the duties specified in the preceding Section, or any other functions which may be delegated to a Commission under this Regulation, such Commission when holding its sittings without the local limits of the Supreme Court of Madras shall be vested with the same powers as are exercised by the Zillah Courts, except that all process to cause the attendance of witnesses, or other compulsory process, shall be served through the Zillah Judge in whose jurisdiction the Commission may be held, and executed by the Zillah Judge in whose jurisdiction the witness or other person upon whom the process is to be served may reside.

XV. And it is hereby enacted, that whenever such Commission shall hold its sittings by Order of Council as aforesaid, within the local limits of Her Majesty's Supreme Court of Judicature, such Commissioners shall be vested with a power to examine on oath or solemn affirmation to call for documentary and all other evidence, which they deem necessary for the purpose of their enquiry, to summon and enforce the attendance before them of all witnesses wheresoever resident, to punish contempts, to commit for perjury, and to punish by fine and imprisonment, the refusal to attend on summons duly served, or the refusal to give evidence.

XVI. And it is hereby enacted that the provisions of Act XXIII. of 1840 shall be applicable for all the purposes of such Commissions aforesaid, in the same way as that Act is now applicable to Courts within the Provinces.

XVII. And it is hereby enacted, that in the event of any witness duly summoned by ordinary subpœna, or by subpœna duces tecum, through the medium of the Supreme Court (according as is prescribed in Act No. XXIII. of 1840) not attending before such Commissioner or Commissioners aforesaid, refusing to give evidence, or to produce such documentary evidence as may be called for by such Commissioners, that it shall be lawful for such Commissioner or Commissioners to issue process of arrest and search, and such process shall be executed through the Supreme Court, in the same manner as is prescribed in the Act for the execution of other process through the instrumentality of Her Majesty's Supreme Court of Judicature.

XVIII. And it is hereby enacted, that the provisions of Act XV of 1835 shall be applicable (in cases of a Commission sitting within the limits of the Supreme Court) to the purposes of this Act—Provided, however, that in the case of any European British subject, rendering himself amenable to any of the penalties set forth in this Act, the Commissioner or Commissioners shall have the power to commit such person to the custody of the Superintendent of Police, for eventual trial before the Supreme Court, in the case of perjury or for temporary imprisonment under the award of such Commissioner or Commissioners.

XIX. And it is hereby enacted, that on the close of the evidence for the prosecution and defence, the accused shall be at liberty to record any observation upon the result of the inquiry which he may think necessary for the vindication of his conduct and character. The accuser, or the person appointed to conduct the prosecution on the part of Government, shall also be at liberty to record any remarks on the subject of the prosecution which he may deem requisite.

XX. And it is hereby enacted, that as soon after the conclusion of the proceedings as circumstances shall permit, the Commissioner or Commissioners shall, when the Commission shall be instructed to act immediately under the authority of Government, submit directly to the Government to which he or they may be subordinate, and in other cases to the Controlling Court or Board, the proceedings under the Commission, accompanied by translations of papers not in the English language, together with a summary of the pleadings and evidence, and his or their opinion of the merits of the case.

XXI. And it is hereby provided, that it shall be lawful for the said Governor in Council, or the Controlling Court or Board, upon consideration of the report of any such Commission as aforesaid, to direct the Commissioner or Commissioners to take further evidence, or to give further explanation of his or their opinion or opinions connected with the case investigated, and the Commissioner or Commissioners are authorized and required to take such further evidence, and to give such further explanation.

XXII. And it is hereby enacted, that the Sudr and Foujdaree Adawlut, or the Board to which any report of a Commissioner or Commissioners may be submitted as aforesaid after due consideration of the same, and after obtaining such further evidence or explanations as they may require, shall submit the whole of the proceedings and documents received by them to the Government, together with their opinion whether any and what charges have been established against the accused.

XXIII. And it is hereby provided, that whenever a Special Commission may be appointed under the Provisions of this Act, the said Governor in Council will determine, on a view of the nature and circumstances of the case, whether the accused Officer shall be suspended from the discharge of the functions of his office; and if so, whether he shall be permitted

to draw the established allowances of his office, or otherwise.

XXIV. FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 6TH JANUARY, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 6th of January 1843.

ACT No. —— OF 1843.

An Act for regulating inquiries into the truth of matters implicating the public conduct of Officers not removeable without the sanction of Government within the Presidency of Fort St George in Madras.

I. Whereas it is expedient to amend the provisions contained in the Regulations concerning inquiries into the truth of matters implicating the public conduct of European Officers, and to extend the same to all Officers not removeable without the sanction of Government:

It is hereby enacted, that Regulations III. of 1809, II. of 1810, VI. of 1811, and VIII. of 1822, of the Madras Code, be repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Fort St. George in Madras, whenever either the Courts of Sudr and Foujdaree Adawlut, or the Board of Revenue, shall be of opinion that substantial grounds exist for making a regular and formal inquiry into the truth of any imputation of official misconduct affecting any Officer subject to their control respectively, and not removeable without the sanction of Government, they shall submit the documents on which their opinion may be founded, together with a statement of the charges reduced to distinct articles which they may propose to be made the subject of a regular investigation, to the Governor in Council of Fort St. George, for his consideration and orders.

III. And it is hereby enacted, that any charge or information, of the description aforesaid, may be preferred direct to the Courts of Sudr and Foujdaree Adawlut, or to the Board of Revenue, respectively, who shall examine the complainant or informant circumstantially upon oaths, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and require the party accused to explain or reply to any matters they may deem to need explanation and make such further inquiries, upon oath or affirmation upon the subject as they may judge proper.

IV. And it is hereby enacted, that any charge or information may also be made before any Judge, Magistrate, or Collector, for any acts of the description beforementioned committed within their jurisdiction, respectively, who shall examine the complainants or informant circumstantially upon oath, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and shall transmit the deposition so taken to the Sudr and Foujdaree Adawlut, or to

the Board of Revenue, according as the person accused may be subject to those Authorities respectively.

V. And it is hereby provided, that it shall not be lawful for the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, to act upon any such charge or information, unless the person preferring the same shall make oath, or solemn affirmation in case he be entitled to be exempted from taking an oath, that he believes the facts on which the charge is grounded to be true.

VI. And it is hereby provided, that it shall be lawful for the Courts of Sudr and Foujdaree Adawlut, and for the said Board, respectively, to dismiss any such charge or information, where they do not see any substantial reason for entering further into the inquiry. Provided, that on every occasion when they shall dismiss any such charge or information, they shall submit the same, together with all the circumstances of the case, in like manner as is provided in Section II. of this Act.

VII. And it is hereby provided, that the said Courts of Sudr and Foujdaree Adawlut, and the said Board, respectively, may, at any stage of the inquiry into such matters as aforesaid, require the person preferring such charge or information as aforesaid to furnish such security as may be deemed reasonable that he will attend and prosecute the charge to a conclusion, and in the event of security being so required all proceedings shall be stayed until the same shall be furnished accordingly.

VIII. And it is hereby provided, nevertheless, that if any matter of the nature aforesaid, affecting such Officer as is mentioned in the second Section of this Act, shall appear in the course of any proceedings, whether preliminary or otherwise, which shall come before or be reported to either of the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, those authorities shall act upon such matter, or institute such inquiry upon oath or affirmation as aforesaid, into the same as they shall deem proper for the purpose of such reference as aforesaid to the Governor in Council of Fort St. George, although no charge or information be preferred as aforesaid; and in such cases it shall not be necessary, before acting upon or instituting any inquiry concerning any matter so appearing in the course of proceedings, to require any oath or affirmation in regard to the truth of such matter.

IX. And it is hereby enacted, that if the Governor in Council of Fort St. George, upon such reference as is mentioned in the second Section of this Act, shall concur with the Authority by which it may be submitted, or if such Governor in Council shall, from information of the description aforesaid that may be laid before him in respect of any Officer not directly subject to the Courts or Board above named, deem it necessary to institute proceedings against any such Officer, he shall appoint a Commissioner or Commissioners for making a regular and formal inquiry into the truth of the matters referred. And it is hereby enacted, that it shall be competent to the Governor in Council by an Order of Council to determine in all cases where such Commissioner or Commissioners shall hold their sittings—as well within the local limits of Her Majesty's Supreme Court, as beyond those limits.

X. And it is hereby enacted, that on the appointment of every such Commission, the said Governor in Council shall direct whether the Commission shall be placed under the control of any of the Authorities aforesaid, or shall act immediately under the authority of Government, and all Commissions appointed as aforesaid shall be guided by the instructions which they may receive in this behalf from the Government.

XI. And it is hereby enacted, that the Commissioner or Commissioners appointed as aforesaid, before entering on the discharge of his or their duties, shall take the following oath:

I, A. B., Commissioner for the purpose of (here state the object of the Commission) do solemnly swear that I will faithfully and impartially perform the duty committed to me without fear, favor, or bias, to the best of my ability, knowledge, and judgment; so help me God.

XII. And it is hereby enacted, that whenever a charge shall be referred for investigation to a Special Commission, the said Governor in Council will determine whether the conduct of the prosecution shall be left to the accuser, or be undertaken on the part of Government. In the latter case, the said Governor in Council will nominate such person or persons as may be deemed proper, to conduct the prosecution on behalf of Government.

XIII. And it is hereby enacted, that it shall be the duty of Commissioners appointed under this Regulation, after receiving the plaint or charge, and the documents from which the same may have been prepared, to call upon the person accused for his reply to the accusation; to examine upon oath, or under a solemn declaration, the witnesses named by the accuser or the accused; to receive any further written documents offered in support of, or against the accusation; and to call for and take any further requisite evidence which may be indicated by the witnesses adduced or documents exhibited by either party, and may appear to be necessary for the ascertainments of facts, or the discovery of the truth or falsehood of the charges, or of any part thereof.

XIV. And it is hereby enacted, that for the discharge of the duties specified in the preceding Section, or any other functions which may be delegated to a Commission under this Regulation, such Commission when holding its sittings without the local limits of the Supreme Court of Madras shall be vested with the same powers as are exercised by the Zillah Courts, except that all process to cause the attendance of witnesses, or other compulsory process, shall be served through the Zillah Judge in whose jurisdiction the Commission may be held, and executed by the Zillah Judge in whose jurisdiction the witness or other person upon whom the process is to be served may reside.

XV. And it is hereby enacted, that whenever such Commission shall hold its sittings by Order of Council as aforesaid, within the local limits of Her Majesty's Supreme Court of Judicature, such Commissioners shall be vested with a power to examine on oath or solemn affirmation to call for documentary and all other evidence, which they deem necessary for the purpose of their enquiry, to summon and enforce the attendance before them of all witnesses wheresoever resident, to punish contempts, to commit for perjury, and to punish by fine and imprisonment, the refusal to attend on summons duly served, or the refusal to give evidence.

XVI. And it is hereby enacted, that the provisions of Act XXIII. of 1840 shall be applicable for all the purposes of such Commissions aforesaid, in the same way as that Act is now applicable to Courts within the Provinces.

XVII. And it is hereby enacted, that in the event of any witness duly summoned by ordinary subpœna, or by subpœna duces tecum, through the medium of the Supreme Court (according as is prescribed in Act No. XXIII. of 1840) not attending before such Commissioner or Commissioners aforesaid, refusing to give evidence, or to produce such documentary evidence as may be called for by such Commissioners, that it shall be lawful for such Commissioner or Commissioners to issue process of arrest and search, and such process shall be executed through the Supreme Court, in the same manner as is prescribed in the Act for the execution of other process through the instrumentality of Her Majesty's Supreme Court of Judicature.

XVIII. And it is hereby enacted, that the provisions of Act XV of 1835 shall be applicable (in cases of a Commission sitting within the limits of the Supreme Court) to the purposes of this Act—Provided, however, that in the case of any European British subject, rendering himself amenable to any of the penalties set forth in this Act, the Commissioner or Commissioners shall have the power to commit such person to the custody

of the Superintendent of Police, for eventual trial before the Supreme Court, in the case of perjury or for temporary imprisonment under the award of such Commissioner or Commissioners.

XIX. And it is hereby enacted, that on the close of the evidence for the prosecution and defence, the accused shall be at liberty to record any observation upon the result of the inquiry which he may think necessary for the vindication of his conduct and character. The accuser, or the person appointed to conduct the prosecution on the part of Government, shall also be at liberty to record any remarks on the subject of the prosecution which he may deem requisite.

XX. And it is hereby enacted, that as soon after the conclusion of the proceedings as circumstances shall permit, the Commissioner or Commissioners shall, when the Commission shall be instructed to act immediately under the authority of Government, submit directly to the Government to which he or they may be subordinate, and in other cases to the Controlling Court or Board, the proceedings under the Commission, accompanied by translations of papers not in the English language, together with a summary of the pleadings and evidence, and his or their opinion of the merits of the case.

XXI. And it is hereby provided, that it shall be lawful for the said Governor in Council, or the Controlling Court or Board, upon consideration of the report of any such Commission as aforesaid, to direct the Commissioner or Commissioners to take further evidence, or to give further explanation of his or their opinion or opinions connected with the case investigated, and the Commissioner or Commissioners are authorized and required to take such further evidence, and to give such further explanation.

XXII. And it is hereby enacted, that the Sudr and Foujdaree Adawlut, or the Board to which any report of a Commissioner or Commissioners may be submitted as aforesaid after due consideration of the same, and after obtaining such further evidence or explanations as they may require, shall submit the whole of the proceedings and documents received by them to the Government, together with their opinion whether any and what charges have been established against the accused.

XXIII. And it is hereby provided, that whenever a Special Commission may be appointed under the Provisions of this Act, the said Governor in Council will determine, on a view of the nature and circumstances of the case, whether the accused Officer shall be suspended from the discharge of the functions of his office; and if so, whether he shall be permitted to draw the established allowances of his office, or otherwise.

XXIV. And it is hereby provided, that the Governor in Council on consideration of the report and proceedings submitted to him in pursuance of Sections XX. and XXII. of this Act, will pass such decision on the case as may appear to him most consonant to the principles of justice and consistent with the powers possessed by Government in matters of this description; and in the event of his deeming it necessary that the party accused should be brought to trial by a public prosecution before a competent Court of Law, will issue the necessary instructions for that purpose to the Law Officers of Government. But whatever proceedings may be held, or whatever decision or order may be passed by Government, individuals deeming themselves aggrieved by any public Officer, will be at all times at liberty to seek redress according to the ordinary forms prescribed by law.

Ordered, that the Draft now read be published for general information.

GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL.

FORT WILLIAM, 13TH JANUARY, 1843.

No. 8 of 1843.—The Governor General is pleased to direct the publication of the following Despatch from Major General W. Nott, Commanding at Kandahar, dated 12th January 1842, omitted to be printed at the time of receipt

Candahar, 12th January, 1842.

To Lieutenant Colonel STUART,
Mily. Secy. to the Govt. of India.

SIR,—I have the honor to acquaint you for the information of the Right Hon'ble the Governor General of India, that the rebel Army under the Command of Prince Sufeter Jung, Attah Mahomed, and other Chieftains, having approached to within fifteen miles of Kandahar, I this morning moved out of the City with five and a half Regiments of Infantry, Shah's 1st Cavalry, a party of Skinner's Horse, and Sixteen Guns—after a march of four hours over a very difficult country, I came in sight of the rebel Army, from fifteen to twenty thousand men, drawn up in a strong position on the right Bank of the Urgundab. I immediately crossed the River, the troops marched to the attack, and in twenty minutes carried their position and dispersed their whole Army—the Cavalry with a troop of Horse Artillery were instantly sent in pursuit and followed the fugitives about eight miles. The Enemy's loss was severe, their fire was high and wild, and our loss has been very trifling. I enclose a list of killed and wounded.

I beg to bring to the favorable notice of Government the following Officers who Commanded Corps and Detachments:

Lieutenant Colonel Wymer, 38th Regiment N. I.
Lieutenant Colonel McLaren, 16th Native Infantry.
Major Lane, 2d Native Infantry.
Major Hibbert, Her Majesty's 40th Regiment.
Captain Dalyell, in charge of a Wing of the 42d N. I.
Captain MacDonell, Shah's 5th Infantry.
Captain Anderson, Bengal Artillery.
Captain Leeson, Shah's 1st Cavalry, and
Captain Haldane, Skinner's Horse.

My thanks are due to the Captains Polwhele and Scott, Brigade Majors—to Major Sanders, Bengal Engineers, for his constant zeal and exertions—to Lieutenant North, Bombay Engineers, and to Lieutenant Tytler, Assistant Quarter Master General.

Major Rawlinson, Political Agent, was in the field, and kindly acted as one of my Staff.

The Troops, both European and Native, behaved with their usually gallantry.

I am, &c.

2d.—The Opium to be offered for Sale at an Upset Price of Rupees 400 per Chest, and to be all sold to the highest bidder above that price.

3d.—If at the above Sale the entire quantity of 1,800 Chests shall not be sold, it shall subsequently be competent for the Board of Customs, Salt and Opium, to dispose of the lots which remain on hand at future Sales.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 1,000 Rupees per Lot or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 10th February 1843, or on the other hand failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatever attending such Re-sale, shall be borne and paid by the Defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 10th February 1843, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 10th February, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within one Calendar month from the day of Sale, that is to say no Treasury Receipts will be accepted in payment after 4 P. 9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of Lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single Lots, or of a different number of Lots or Chests, whether more or less than the number of Lots or Chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The Receipt for such Deposit will be granted only in the name of such Purchaser and the Public Securities deposited, will be returned when the clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a Deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to One Thousand Rupees per Lot, (or Two Hundred Rupees per Chest,) on each Lot so bid for.

12th.—The Purchaser of any Lot shall have the option of naming and purchasing in immediate succession any number of Lots of the same Agency Opium to the extent of Fifty Lots, and for the Lots so purchased, the Purchaser shall Deposit 1,000 Rupees per Lot, and pay the same price per Chest as that for which he purchased his first Lot; provided always that there remain a sufficient number of Lots of that Opium to complete the said Fifty, but not otherwise.

13th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

14th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1.—Certificate of the Opium now advertised for Sale.
No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1841-42, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be left, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

False Point Light House is in Latitude 20° 19½′ N. and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 88° 4′ E., and bears from the former N. 61 E. true N. E. by E. ¼ E. by Compass distant 83 miles, and is laid in 12 fathoms.

A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly deposit which is sand and mud with shining specks,) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour.

The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Bridge, which can readily be done by making the Light House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N. Ed. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms, when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles to the Southward of it and 23 fathoms the same distance to the Westward of it.

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head, Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light at the Gaff end to mark the way they are riding.*

warned to be careful in avoiding collision by night or by day and in communicating with either of the above Vessels, either at anchor or hove too, when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon, whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross) and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

NOTICE.

The following Directions for Vessels entering the Moulmein River, prepared by Lieut. W. Fell, I. N., are published for general information.

By order of the Marine Board,

C. B. GREENLAW,

Secretary.

Fort William,
The 12th Dec., 1842.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 40° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy, being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queekin Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5°.East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 29° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ¾ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 84° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Goodwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 04′ 48″ N. / Longitude 97° 35′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842.—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

NAME UNKNOWN.

The Marine Board having received information on the 27th of October last, from Mr. H. C. Hamilton, the Magistrate at Pooree, that a Vessel, believed to be a Barque, had been discovered sunk in deep water off Juggernauth Pagoda, shortly after the heavy gale which occurred about that period, with the sanction of Government, caused every practicable means to be adopted with a view to discover her identity.

She lies in 10 fathoms water stiff mud, distance from the shore 2634 yards, with Juggernauth Tree bearing N. 40° 59′ W.

After every possible exertion, all the information obtainable beyond that contained in the following Report from the Master Attendant, describing minutely the Articles saved from her, is as follows:

Mr. Hamilton states under date 20th November, that he thought some portion of the upper Cabin roofs had given way, as he had collected several pieces of a Vessel painted blue and white, evidently from this Vessel, also a part of a Cabin door with the venetians gone. It was painted on one side a stone colour, with bright rose coloured pannels, and on the other buff, picked out with black and green

The remnant of the Main Sail bears the following mark:

BENSON AND SON,

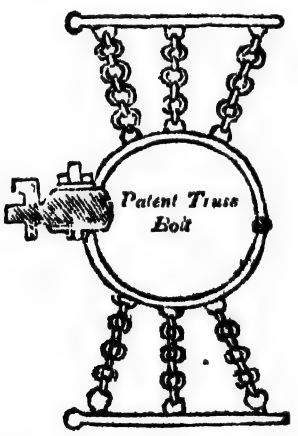
LOWER SHADWELL,

LONDON,

and by the London Directory it appears that they are Sail-makers at that place. The Yards were black, and the lower Masts white throughout.

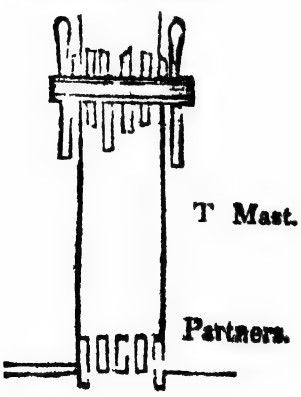
By information received from Captain Biden, Master Attendant at Madras, it appears that the "Acasta," a Barque belonging to London, left Ennore on the 22d September last, laden with Salt for Calcutta, and has not been since heard of. The attention therefore of parties interested in her is more particularly drawn to this Advertisement.

DESCRIPTION OF ARTICLES LYING AT THE BANKSHALL, RECOVERED FROM A VESSEL SUNK IN 10 FATHOMS WATER OFF THE TOWN OF POORIE.



F. and M. Truss and Catarpin legs.

Head of Main Mast of Fir—broken off just below the Spider hoop—length of remains 17 ft. 5 i.—Mast-head 9 ft. 10 i.—Diameter 16 inches—painted white—Hounds secured with two iron hoops, upper one made with a hinge on aft side and screw-bolt on the other for the Patent Truss; on each side of the Hoop three Chain Catarpin legs.



Fore Mast entire, of Fir—length 60 ft. 3 i.—Mast-head 9 ft. 9 i.—Diameter at the Partners 16 inches—From heel to partners looks as if it had been painted red—above the partners for 4 ft. 9 i.—painted a dark green—above that painted white at partners—Eight flat pieces of iron fixed round the Mast—a wooden rack round the Mast for belaying-pins, secured by an iron band—no mark on the Mast indicating a lower deck.

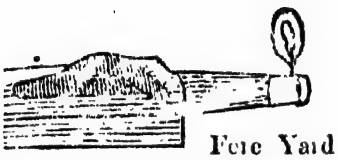
Bowsprit of Fir, broken off just inside the knight heads—length of remains 23 feet—Diameter 19 inches—two iron hoops—outer one fitted underneath for a Chain Bobstay to be set up on; the inner Hoop for a Bobstay and Chain Bowsprit shrouds.

Main Topmast, entire—extreme length 29 ft. 10 i.—Mast-head 4 ft. 7¼ i.—Diameter at Cap 10⅝ inches—Sheave hole cut through the Mast—Iron Spider Strop with two thimbles on each side for Topgallant Rigging.

Fore Topmast of Fir, broken off at Cap—length of remains 18 ft. 9 i.—Mast-head 5 feet—Diameter at Cap 10⅝ inches—Iron Spider Strop fitted with two thimbles each side for Topgallant Rigging.

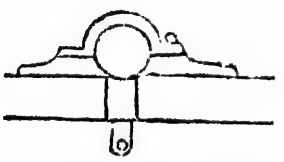
Topsail Sheet Blocks.

Main Yard of Fir—entire length 44 ft. 4 i.—Yard Arms each 3 ft. 3 i.—Diameter at slings 11 inches—Topsail Sheet Sheave at Yard Arm fitted in an iron box or casing abaft the yard, and iron plate guards for chain sheets—patent Bow Trusses—Iron hoop on the centre of yard for top-sail sheet blocks, which are iron.



Fore Yard Arm.

Fore Yard entire—length 43 ft. 6 i.—Yard Arm 3 ft.—Diameter 12 inches, of Fir—appears to be not so old as Main Yard—Iron work in the centre of the Yard like the Main. The Yard Arm Sheet Hole is through the yard with an iron plate, and two shoulders, as per margin.

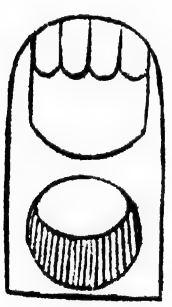


F. and Main Topsail Parral.

Main Topsail Yard of Fir—entire length 36 ft. 2 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 8¾ inch—Parral with wooden checks and iron clamp—a hoop in centre for T. Shackle—Yard Arm Sheave Hole guarded with iron wire.

Fore Topsail Yard of Poon, and apparently nearly a new Spar—Extreme length 35 ft. 6 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 9½ inches, fitted exactly like the last.

Spritsail Yard of Fir—Extreme length 36 ft. 3½ i.—Diameter at Slings 9½ inches—apparently had been rigged across the Forecastle.



Fore Stay Heart and Jibboom Saddle.

Jibboom broken off at the Cap, made of a close grained white wood, uncertain of its being Fir—length of remains 14 ft. 6 i.—Diameter 10½ inches—Jibboom Saddle and Fore Stay Heart in one.

All the Yards appear as if they had been primed with a lead colour, and afterwards painted black.

No Coir Yarn has been discovered, but plenty of Manilla Rope.

The following marks on the Canvass and Spars have been found:

Main top lower part,..... M

Main lower Cap, ... M

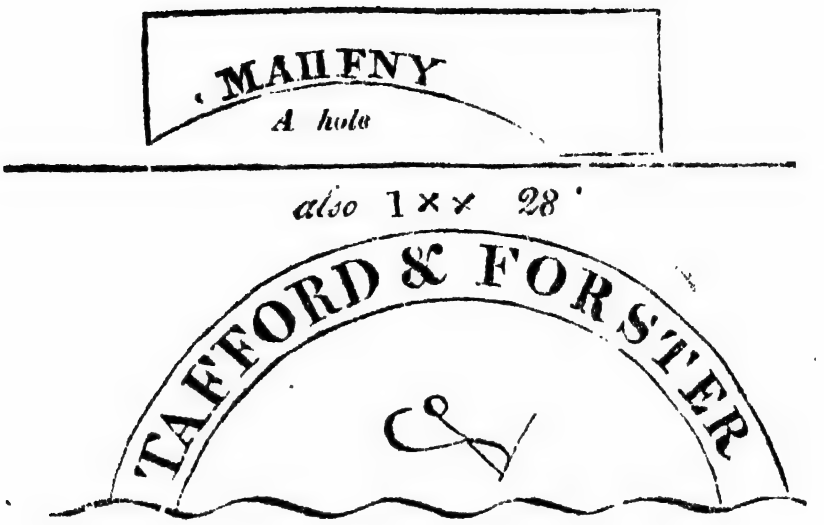
Fore Top in two places, ... M

On a Topsail, John William Chapman Whitby Boiled.

Both Lower and Topsail Yards are fitted with Iron Jackstays.

On the Foresail No. 5.

3502



It would appear the Vessel was a Bark, about 300 Tons, for although no part of the Mizen Mast has been discovered, and her Main Braces led forward, the Topsail Braces led aft. The Vessel evidently was not fitted in this Country, as no particle of Coir was found about this rigging or running gear—but there was some Manilla Rope.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

Camp Ferozepore, the 4th January, 1843.

The Right Honorable the Governor General is pleased to direct the publication of the following despatch from Major General Pollock, C B., and of a return of casualties in the affair of the 3d November last, which took place in the Khyber pass, (not before received,) for general information.

By order of the Right Hon'ble the Governor General of India,

T. H. MADDOCK,
Secy. to the Government of India,
with the Governor General.

No. 4 of 1843.

From Major General GEORGE POLLOCK, C. B.,
Commanding a Field Force,

To T. H. MADDOCK, ESQ.,
Secy. to the Government of India,
with the Governor General.

Camp Ferozepore, 1st January, 1843.

SIR,

I have the honor to forward a copy of Major Gereral McCaskill's despatch of the 20th October 1842, also a return of casualties in the affair of the 3d November last, which took place in the Khyber pass; copies of these documents had been despatched subsequent to the transactions to which they relate, but I conclude some accident must have happened to the dâk, by which they were forwarded.

I have the honor to be, &c.,

(Signed) GEORGE POLLOCK, *Major General,*
Commanding a Field Force

Ferozepore, 1st January, 1843.

From Major General MCCASKILL, K. H.,
Commanding Infantry Division,

To Captain PONSONBY,
Assistant Adjutant General.

Camp Gundamuck, 20th October, 1842.

SIR,

I beg to report to you, for the information of Major General Pollock, C. B., that the force of the 2d column under my immediate command, and as detailed in the margin, was attacked by the predatory tribes of the mountains on its march from Tezeen, from which point it was separated from your head-quarters up to the date of its arrival at Gundamuck.

ARTILERY.

2 guns of Capt. Alexander's troop.
Captain Blood's battery of 9-pounders.

CAVALRY.

Head-quarters and 2 squadrons 1st light cavalry.
2 rissalahs.
3d irregular cavalry.

INFANTRY.

4th brig. under Brigr. Monteath, C. B.
H. M.'s 31st regiment.
Wing 33d N. I. re-inforced by wing 60th N. I.
2d regiment N. I.
16th ditto ditto.

The most serious opposition which it encountered, was in the defiles of Jugdulluck, celebrated for the previous conflicts between the Ghilzies and our troops last year, and during the late advance on Cabool.

I broke up from my encampment at the foot of this pass early on the morning of the 18th instant, and made arrangements as I advanced, in proportions of course to my numerical strength, for the occupation of the several strong points, which command the road. Detached parties began to shew themselves as my force reached the crest of the position, and after despatching flanking detachments on the domineering heights to the right and left, I waited the approach of Brigadier Monteath with the main body of the column, before I descended into the lower ground beyond. The necessity for this caution was soon demonstrated, for as the Brigadier took up his position on the *plateau*, partly occupied by the ruins of the well known fort, he observed the enemy collecting in force around him, he, therefore, very properly determined to hold the head of the pass, until the whole of the baggage and material had moved down towards the plain below, and the rear guard under Lieut. Colonel Richmond should have joined him on the eminence. He placed his guns in battery, and their fire and that of the troops completely held the enemy, who were very numerous, in check, and he reports with much satisfaction, that though the attempts of the Ghilzies were obstinate and persevering, they did not succeed in making themselves masters of a single article of baggage or military stores; a sharp conflict was, however, sustained upon particular points, whilst the rear guard was coming up in the one direction, and our long train of animals descending in the other. The Brigadier finally gave over charge of the position to Lieutenant Colonel Richmond, and his rear guard whom he counselled to retain it one quarter of an hour after his own troops advanced beyond it; the succession of lower eminences on either flank, had, in the mean time been crowned, so far as our limited means permitted, under my personal directions, by parties from the advance guard from Jugdulluck to the valley of Soorkhab, and the baggage was thus protected from the attacks of the predatory bodies which were hovering around it, along that whole line of road: Lieutenant Colonel Richmond and the rear guard were vigorously pressed by the Ghilzies, as they finally came down from the *plateau*, but every where most creditably repelled the enemy, and made their way, late in the evening, to our encampment at Soorkhab; I have to regret that Captain Burnett, 54th N. I., who had been recently relieved from a captivity commenced at Ghuznee, was severely wounded on the heights, having volunteered his services with a party of the 16th N. I.; Brevet Captain Pender, H. M.'s 31st foot, had received a bad hurt in a previous skirmish near Seh Baba. Throughout these affairs the conduct of the troops employed, including the 2d and 16th N. I, temporarily attached to me, has deserved my highest approbation, and I feel it to be my duty to record that in the advance to Cabool, and in retiring from it, the bravery of that portion of the 4th brigade which took part in the active operations, viz. H. M.'s 31st regiment, and a wing of the 33d N. I, the remaining wing and the 6th N. I., having been detained to garrison Jellalabad and Gundamuck; as well as their endurance of privations and fatigue have been beyond all praise. No troops could in every respect have behaved better, and I feel myself to be deeply indebted to Brigadier Monteath, C B., and to Lieutenant Colonel Bolton, of H. M.'s 31st, and to Lieutenant Colonel Richmond, 33d N. I., for the able and gallant manner in which they have been led. I enclose a return of killed and wounded.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

The 6th January, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 6th of January 1843.

Act No. —— of 1843.

An Act for regulating inquiries into the truth of matters implicating the public conduct of Officers not removeable without the sanction of Government within the Presidency of Fort St. George in Madras.

I. Whereas it is expedient to amend the provisions contained in the Regulations concerning inquiries into the truth of matters implicating the public conduct of European Officers, and to extend the same to all Officers not removeable without the sanction of Government:

It is hereby enacted, that Regulations III. of 1809, II. of 1810, VI. of 1811, and VIII. of 1822, of the Madras Code, be repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Fort St. George in Madras, whenever either the Courts of Sudr and Foujdaree Adawlut, or the Board of Revenue, shall be of opinion that substantial grounds exist for making a regular and formal inquiry into the truth of any imputation of official misconduct affecting any Officer subject to their controul respectively, and not removeable without the sanction of Government, they shall submit the documents on which their opinion may be founded, together with a statement of the charges reduced to distinct articles which they may propose to be made the subject of a regular investigation, to the Governor in Council of Fort St. George, for his consideration and orders.

III. And it is hereby enacted, that any charge or information, of the description aforesaid, may be preferred direct to the Courts of Sudr and Foujdaree Adawlut, or to the Board of Revenue, respectively, who shall examine the complainant or informant circumstantially upon oaths, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and require the party accused to explain or reply to any matters they may deem to need explanation and make such further inquiries, upon oath or affirmation upon the subject as they may judge proper.

IV. And it is hereby enacted, that any charge or information may also be made before any Judge, Magistrate, or Collector, for any acts of the description beforementioned committed within their jurisdiction, respectively, who shall examine the complainants or informant circumstantially upon oath, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and shall transmit the deposition so taken to the Sudr and Foujdaree Adawlut, or to the Board of Revenue, according as the person accused may be subject to those Authorities respectively.

V. And it is hereby provided, that it shall not be lawful for the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, to act upon any such charge or information, unless the person preferring the same shall make oath, or solemn affirmation in case he be entitled to be exempted from taking an oath, that he believes the facts on which the charge is grounded to be true.

VI. And it is hereby provided, that it shall be lawful for the Courts of Sudr and Foujdaree Adawlut, and for the said Board, respectively, to dismiss any such charge or information, where they do not see any substantial reason for entering further into the inquiry. Provided, that on every occasion when they shall dismiss any such charge or information, they shall submit the same, together with all the circumstances of the case, in like manner as is provided in Section II. of this Act.

VII. And it is hereby provided, that the said Courts of Sudr and Foujdaree Adawlut, and the said Board, respectively, may, at any stage of the inquiry into such matters as aforesaid, require the person preferring such charge or information as aforesaid to furnish such security as may be deemed reasonable that he will attend and prosecute the charge to a conclusion, and in the event of security being so required all proceedings shall be stayed until the same shall be furnished accordingly.

VIII. And it is hereby provided, nevertheless, that if any matter of the nature aforesaid, affecting such Officer as is mentioned in the second Section of this Act, shall appear in the course of any proceedings, whether preliminary or otherwise, which shall come before or be reported to either of the Courts of Sudr and Foujdaree Adawlut, or the said Board, respectively, those authorities shall act upon such matter, or institute such inquiry upon oath or affirmation as aforesaid, into the same as they shall deem proper for the purpose of such reference as aforesaid to the Governor in Council of Fort St. George, although no charge or information be preferred as aforesaid; and in such cases it shall not be necessary, before acting upon or instituting any inquiry concerning any matter so appearing in the course of proceedings, to require any oath or affirmation in regard to the truth of such matter.

IX. And it is hereby enacted, that if the Governor in Council of Fort St. George, upon such reference as is mentioned in the second Section of this Act, shall concur with the Authority by which it may be submitted, or if such Governor in Council shall, from information of the description aforesaid that may be laid before him in respect of any Officer not directly subject to the Courts or Board above named, deem it necessary to institute proceedings against any such Officer, he shall appoint a Commissioner or Commissioners for making a regular and formal inquiry into the truth of the matters referred. And it is hereby enacted, that it shall be competent to the Governor in Council by an Order of Council to determine in all cases where such Commissioner or Commissioners shall hold their sittings—as well within the local limits of Her Majesty's Supreme Court, as beyond those limits.

X. And it is hereby enacted, that on the appointment of every such Commission, the said Governor in Council shall direct whether the Commission shall be placed under the control of any of the Authorities aforesaid, or shall act immediately under the authority of Government, and all Commissions appointed as aforesaid shall be guided by the instructions which they may receive in this behalf from the Government.

XI. And it is hereby enacted, that the Commissioner or Commissioners appointed as aforesaid, before entering on the discharge of his or their duties, shall take the following oath:

I, A. B., Commissioner for the purpose of (here state the object of the Commission) do solemnly swear that I will faithfully and impartially perform the duty committed to me without fear, favor, or bias, to the best of my ability, knowledge, and judgment; so help me God.

XII. And it is hereby enacted, that whenever a charge shall be referred for investigation to a Special Commission, the said Governor in Council will determine whether the conduct of the prosecution shall be left to the accuser, or be undertaken on the part of Government. In the latter case, the said Governor in Council will nominate such person or persons as may be deemed proper, to conduct the prosecution on behalf of Government.

XIII. And it is hereby enacted, that it shall be the duty of Commissioners appointed under this Regulation, after receiving the plaint or charge, and the documents from which the same may have been prepared, to call upon the person accused for his reply to the accusation; to examine upon oath, or under a solemn declaration, the witnesses named by the accuser or the accused; to receive any further written documents offered in support of, or against the accusation; and to call for and take any further requisite evidence which may be indicated by the witnesses adduced or documents exhibited by either party, and may appear to be necessary for the ascertainments of facts, or the discovery of the truth or falsehood of the charges, or of any part thereof.

XIV. And it is hereby enacted, that for the discharge of the duties specified in the preceding Section, or any other functions which may be delegated to a Commission under this Regulation, such Commission when holding its sittings without the local limits of the Supreme Court of Madras shall be vested with the same powers as are exercised by the Zillah Courts, except that all process to cause the attendance of witnesses, or other compulsory process, shall be served through the Zillah Judge in whose jurisdiction

the Commission may be held, and executed by the Zillah Judge in whose jurisdiction the witness or other person upon whom the process is to be served may reside

XV. And it is hereby enacted, that whenever such Commission shall hold its sittings by Order of Council as aforesaid, within the local limits of Her Majesty's Supreme Court of Judicature, such Commissioners shall be vested with a power to examine on oath or solemn affirmation to call for documentary and all other evidence, which they deem necessary for the purpose of their enquiry, to summon and enforce the attendance before them of all witnesses wheresoever resident, to punish contempts, to commit for perjury, and to punish by fine and imprisonment, the refusal to attend on summons duly served, or the refusal to give evidence.

XVI And it is hereby enacted, that the provisions of Act XXIII. of 1840 shall be applicable for all the purposes of such Commissions aforesaid, in the same way as that Act is now applicable to Courts within the Provinces.

XVII. And it is hereby enacted, that in the event of any witness duly summoned by ordinary subpœna, or by subpœna ducesticum, through the medium of the Supreme Court (according as is prescribed in Act No. XXIII. of 1840) not attending before such Commissioner or Commissioners aforesaid, refusing to give evidence, or to produce such documentary evidence as may be called for by such Commissioners, that it shall be lawful for such Commissioner or Commissioners to issue process of arrest and search, and such process shall be executed through the Supreme Court, in the same manner as is prescribed in the Act for the execution of other process through the instrumentality of Her Majesty's Supreme Court of Judicature.

XVIII. And it is hereby enacted, that the provisions of Act XV of 1835 shall be applicable (in cases of a Commission sitting within the limits of the Supreme Court) to the purposes of this Act—Provided, however, that in the case of any European British subject, rendering himself amenable to any of the penalties set forth in this Act, the Commissioner or Commissioners shall have the power to commit such person to the custody of the Superintendent of Police, for eventual trial before the Supreme Court, in the case of perjury or for temporary imprisonment under the award of such Commissioner or Commissioners.

XIX And it is hereby enacted, that on the close of the evidence for the prosecution and defence, the accused shall be at liberty to record any observation upon the result of the inquiry which he may think necessary for the vindication of his conduct and character. The accuser, or the person appointed to conduct the prosecution on the part of Government, shall also be at liberty to record any remarks on the subject of the prosecution which he may deem requisite.

XX. And it is hereby enacted, that as soon after the conclusion of the proceedings as circumstances shall permit, the Commissioner or Commissioners shall, when the Commission shall be instructed to act immediately under the authority of Government, submit directly to the Government to which he or they may be subordinate, and in other cases to the Controlling Court or Board, the proceedings under the Commission, accompanied by translations of papers not in the English language, together with a summary of the pleadings and evidence, and his or their opinion of the merits of the case.

XXI. And it is hereby provided, that it shall be lawful for the said Governor in Council, or the Controlling Court or Board, upon consideration of the report of any such Commission as aforesaid, to direct the Commissioner or Commissioners to take further evidence, or to give further explanation of his or their opinion or opinions connected with the case investigated, and the Commissioner or Commissioners are authorized and required to take such further evidence, and to give such further explanation.

XXII. And it is hereby enacted, that the Sudr and Foujdaree Adawlut, or the Board to which any report of a Commissioner or Commissioners may be submitted as aforesaid after due consideration of the same, and after obtaining such further evidence or explanations as they may require, shall submit the whole of the proceedings and documents received by them to the Government, together with their opinion whether any and what charges have been established against the accused.

XXIII. And it is hereby provided, that whenever a Special Commission may be appointed under the Provisions of this Act, the said Governor in Council will determine, on a view of the nature and circumstances of the case, whether the accused Officer shall be suspended from the discharge of the functions of his office; and if so, whether he shall be permitted to draw the established allowances of his office, or otherwise.

XXIV. And it is hereby provided, that the Governor in Council on consideration of the report and proceedings submitted to him in pursuance of Sections XX. and XXII of this Act, will pass such decision on the case as may appear to him most consonant to the principles of justice and consistent with the powers possessed by Government in matters of this description; and in the event of his deeming it necessary that the party accused should be brought to trial by a public prosecution before a competent Court of Law, will issue the necessary instructions for that purpose to the Law Officers of Government. But whatever proceedings may be held, or whatever decision or order may be passed by Government, individuals deeming themselves aggrieved by any public Officer, will be at all times at liberty to seek redress according to the ordinary forms prescribed by law.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 6th day of April next.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be left, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

False Point Light House is in Latitude 20° 19½′ N, and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 88° 4′ E., and bears from the former N. 61 E. true N. E. by E. ¼ E. by Compass distant 83 miles, and is laid in 12 fathoms.

A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly deposit which is sand and mud with shining specks,) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour.

The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Bridge, which can readily be done by making the Light House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N Ld. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms, when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles to the Southward of it and 23 fathoms the same distance to the Westward of it.

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head, Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are warned to be careful in avoiding collision by

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light, at the Gaff end to mark the way they are riding.*

night or by day and in communicating with either of the above Vessels, either at anchor or hove too, when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon, whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross) and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

C. B. GREENLAW,

Secretary.

NOTICE.

The following Directions for Vessels entering the Moulmein River, prepared by Lieut. W. Fell, I. N., are published for general information.

By order of the Marine Board,

C. B. GREENLAW,

Secretary.

Fort William,
The 12th Dec., 1842.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 10° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy, being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queckini Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5° East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 29° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ¼ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 84° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward, and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Gowlwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 04′ 48″ N. / Longitude 97° 35′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

NOTICE.

THE following intelligence touching a Shoal in the Bay of Bengal, not hitherto noticed, Extracted from the Mauritius Price Current and Shipping List of 28th October, 1842, is published for general information.

By Order of the Marine Board,

C. B. GREENLAW,

Secretary.

Fort William,

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

NOTICE

OF A SUNKEN EUROPEAN VESSEL OFF POOREE,

NAME UNKNOWN.

The Marine Board having received information on the 27th of October last, from Mr. H. C. Hamilton, the Magistrate at Poorce, that a Vessel, believed to be a Barque, had been discovered sunk in deep water off Juggernauth Pagoda, shortly after the heavy gale which occurred about that period, with the sanction of Government, caused every practicable means to be adopted with a view to discover her identity.

She lies in 10 fathoms water stiff mud, distance from the shore 2684 yards, with Juggernauth Tree bearing N. 40° 59′ W.

After every possible exertion, all the information obtainable beyond that contained in the following Report from the Master Attendant, describing minutely the Articles saved from her, is as follows:

Mr. Hamilton states under date 20th November, that he thought some portion of the upper Cabin roofs had given way, as he had collected several pieces of a Vessel painted blue and white, evidently from this Vessel, also a part of a Cabin door with the venetians gone. It was painted on one side a stone colour, with bright rose coloured pannels, and on the other buff, picked out with black and green

The remnant of the Main Sail bears the following mark:

BENSON AND SON,

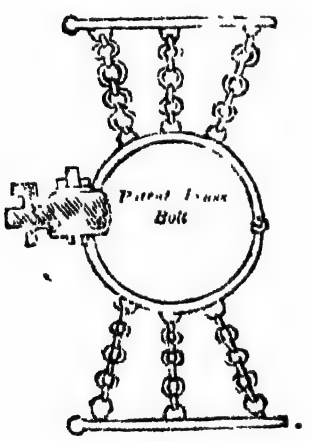
LOWER SHADWELL,

LONDON,

and by the London Directory it appears that they are Sail-makers at that place. The Yards were black, and the lower Masts white throughout.

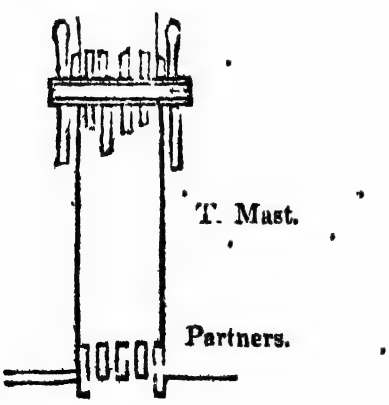
By information received from Captain Biden, Master Attendant at Madras, it appears that the "Acasta," a Barque belonging to London, left Lanore on the 22d September last, laden with Salt for Calcutta, and has not been since heard of. The attention therefore of parties interested in her is more particularly drawn to this Advertisement.

DESCRIPTION OF ARTICLES LYING AT THE BANKSHALL, RECOVERED FROM A VESSEL SUNK IN 10 FATHOMS WATER OFF THE TOWN OF POORIE.



F. and M. Truss and Catarpin legs.

Head of Main Mast of Fir—broken off just below the Spider hoop—length of remains 17 ft. 5 i.—Mast-head 9 ft. 10 i.—Diameter 16 inches—painted white—Hounds secured with two iron hoops, upper one made with a hinge on aft side and screw-bolt on the other for the Patent Truss; on each side of the Hoop three Chain Catarpin legs.



Fore Mast entire, of Fir—length 60 ft. 3 i.—Mast-head 9 ft. 9 i.—Diameter at the Partners 16 inches—From heel to partners looks as if it had been painted red—above the partners for 4 ft. 9 i.—painted a dark green—above that painted white at partners—Eight flat pieces of iron fixed round the Mast—a wooden rack round the Mast for belaying-pins, secured by an iron band—no mark on the Mast indicating a lower deck

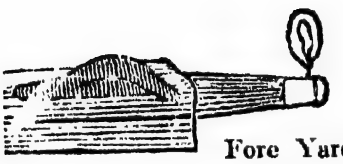
Bowsprit of Fir, broken off just inside the knight heads—length of remains 23 feet—Diameter 19 inches—two iron hoops—outer one fitted underneath for a Chain Bobstay to be set up on; the inner Hoop for a Bobstay and Chain Bowsprit shrouds.

Main Topmast entire—extreme length 29 ft. 10 i.—Mast-head 4 ft. 7½ i.—Diameter at Cap 10⅝ inches—Sheave hole cut through the Mast—Iron Spider Strop with two thimbles on each side for Topgallant Rigging.

Fore Topmast of Fir, broken off at Cap—length of remains 18 ft. 9 i.—Mast-head 5 feet—Diameter at Cap 10⅜ inches—Iron Spider Strop fitted with two thimbles each side for Topgallant Rigging.

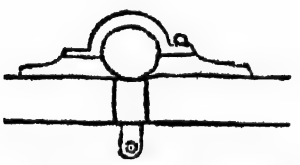
Topsail Sheet Blocks.

Main Yard of Fir—entire length 44 ft. 4 i.—Yard Arms each 3 ft. 3 i.—Diameter at slings 11 inches—Topsail Sheet Sheave at Yard Arm fitted in an iron box or casing abaft the yard, and iron plate guards for chain sheets—patent Bow Trusses—Iron hoop on the centre of yard for top-sail sheet blocks, which are iron.



Fore Yard Arm.

Fore Yard entire—length 43 ft. 6 i.—Yard Arm 3 ft.—Diameter 12 inches, of Fir—appears to be not so old as Main Yard—Iron work in the centre of the Yard like the Main. The Yard Arm Sheet Hole is through the yard with an iron plate, and two shoulders, as per margin.

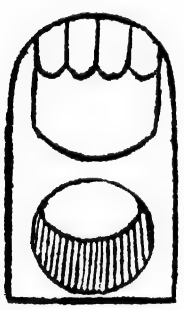


F. and Main Topsail Parral.

Main Topsail Yard of Fir—entire length 36 ft. 2 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 8¾ inch—Parral with wooden checks and iron clamp—a hoop in centre for T. Shackle—Yard Arm Sheave Hole guarded with iron wire.

Fore Topsail Yard of Poon, and apparently nearly a new Spar—Extreme length 35 ft. 6 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 9½ inches, fitted exactly like the last.

Spritsail Yard of Fir—Extreme length 36 ft. 3½ i.—Diameter at Slings 9½ inches—apparently had been rigged across the Forecastle.



Fore Stay Heart and Jibboom Saddle.

Jibboom broken off at the Cap, made of a close grained white wood, uncertain of its being Fir—length of remains 14 ft. 6 i.—Diameter 10½ inches—Jibboom Saddle and Fore Stay Heart in one.

All the Yards appear as if they had been primed with a lead colour, and afterwards painted black.

No Coir Yarn has been discovered, but plenty of Manilla Rope.

The following marks on the Canvass and Spars have been found:

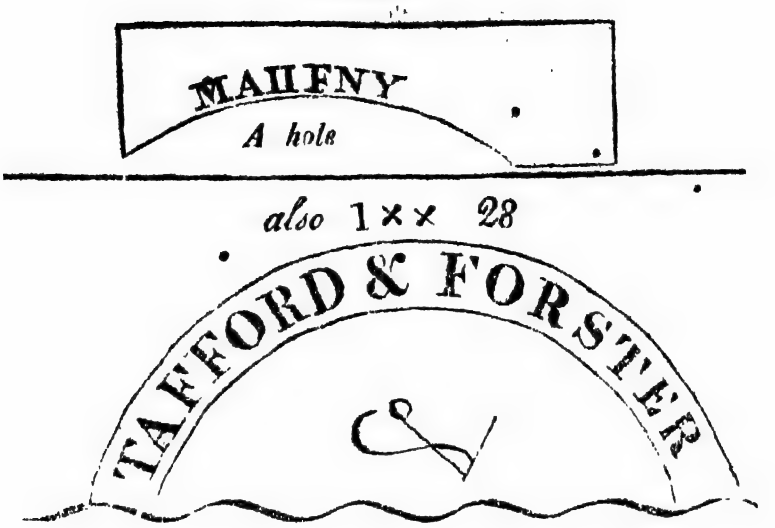
Main top lower part,..... M.
Main lower Cap, ... M
Fore Top in two places, ... M

On a Topsail, John William Chapman Whitby Boiled.

Both Lower and Topsail Yards are fitted with Iron Jackstays.

On the Foresail No. 5.

8502



It would appear the Vessel was a Bark, about 300 Tons, for although no part of the Mizen Mast has been discovered, and her Main Braces led forward, the Topsail Braces led aft. The Vessel evidently was not fitted in this Country, as no particle of Coir was found about this rigging or running gear—but there was some Manilla Rope.

Master Attendant.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1841-42, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 242.

Notice of a Floating Light stationed at the entrance of the Bombay Harbour.

The following Notice of a Floating Light stationed in the Fair Channel into Bombay Harbour, is published for general information.

By Order of the Marine Board,

C. B. GREENLAW, *Secy.*

Fort William,
The 19th January, 1843.

NOTICE

Is hereby given, that a Floating Light is stationed in the Fair Channel into Bombay Harbour about ⅞ of a mile to the S. W. by S. from the Fair Way Buoy, in about 9 fathoms at high water, and 7 fathoms at low spring tides, with the following bearings and distances.

Flag Staff on Malabar Point, N. 5° 46″ E. distance 6. 90 Nautic. Miles.

The Light House on Colaba, N. 21° 34″ E. distant 4. 56 Nautic. Miles.

The Fair Way Buoy N. E. by N. distant ¾ of a mile.

The Floating Light at the Sunken Rock, N. 38° 50″ E. distant 4. 68 miles.

Kennery Island, S. 14° 15″ E. distant 7. 43 miles.

The Point of the S. W. Prong in 6 fathoms foul ground bears North about 2 miles.

The Middle of Thull Shoal, E. S. E. 2 miles.

When approaching the Harbour, if the Floating Light Vessel is seen bearing on any point from N. by E. round to the Eastward as far as S. E. by S. a Ship might steer directly for it, and when up with the Light Vessel, should steer from her N. E. Easterly, so as to pass about ¾ of a mile to the Eastward of the other Light Vessel, which is moored about a quarter of a mile to the Southward of the Sunken Rock. After rounding the Rock Light Vessel, you may steer more Northerly, and if it be at night, should anchor about 1 mile to the N. E. by N. from it, where the water will be smooth. The South point of the Middle Ground Shoal, bears N. N. E., distant 2 miles from the Rock Light Vessel.

Both Light Vessels are painted Red, each carrying a Ball on the Light Mast, and during daylight they hoist a Red Flag when a sail is in sight.

The Outer Floating Light burns a Blue Light at the end of each hour during the night, and displays a Torch at the half hours.

The Flood Tide comes in from S. W. and Ebb from the N. E. It is High Water at 12 hours on full and change of the Moon.

D. ROSS,
Master Attendant.

Bombay,
28th December, 1842.

Note.—The Floating Light was tried during the last Monsoon and rode well, but in the event of her breaking adrift, the Fair Way Buoy is continued at its station.

NOTICE.

The following Directions for Vessels entering the Moulmein River, prepared by Lieut. W. Fell, I. N., are published for general information.

By order of the Marine Board,

C. B. GREENLAW,
Secretary.

Fort William,
The 12th Dec., 1842.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 40° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy, being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queckini Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5° East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 29° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ¾ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 84° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward, and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Goodwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 04′ 48″ N. / Longitude 97° 35′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

Commanding Flotilla.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be felt, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Latitude 20° 19½′ N. and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 85° 4′ E., and bears from the former N. 61 E. true N. E. by E. ½ E. by Compass distant 83 miles, and is laid in 12 fathoms."

"A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly deposit which is sand and mud with shining specks,) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour."

"The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Ridge, which can readily be done by making the Light House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N. Ed. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms, when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles to the Southward of it and 23 fathoms the same distance to the Westward of it."

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are warned to be careful in avoiding collision by night or by day and in communicating with either of the above Vessels, either at anchor or heave too; and when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon; whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light at the Gaff end to mark the way they are riding.*

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross) and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

By order of the Marine Board,

C. B. GREENLAW,
Secretary.

No. 130.

NOTICE

OF A SUNKEN EUROPEAN VESSEL OFF POOREE,

NAME UNKNOWN.

The Marine Board having received information on the 27th of October last, from Mr. H. C. Hamilton, the Magistrate at Pooree, that a Vessel, believed to be a Barque, had been discovered sunk in deep water off Juggernauth Pagoda, shortly after the heavy gale which occurred about that period, with the sanction of Government, caused every practicable means to be adopted with a view to discover her identity.

She lies in 10 fathoms water stiff mud, distance from the shore 2684 yards, with Juggernauth Tree bearing N. 40° 59′ W.

After every possible exertion, all the information obtainable beyond that contained in the following Report from the Master Attendant, describing minutely the Articles saved from her, is as follows:

Mr. Hamilton states under date 20th November, that he thought some portion of the upper Cabin roofs had given way, as he had collected several pieces of a Vessel painted blue and white, evidently from this Vessel, also a part of a Cabin door with the venetians gone. It was painted on one side a stone colour, with bright rose coloured pannels, and on the other buff, picked out with black and green

The remnant of the Main Sail bears the following mark:

BENSON AND SON,

LOWER SHADWELL,

LONDON,

and by the London Directory it appears that they are Sail-makers at that place. The Yards were black, and the lower Masts white throughout.

By information received from Captain Biden, Master Attendant at Madras, it appears that the "Acasta," a Barque belonging to London, left Ennore on the 22d September last, laden with Salt for Calcutta, and has not been since heard of. The attention therefore of parties interested in her is more particularly drawn to this Advertisement.

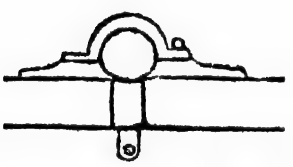
Fore Yard entire—length 43 ft. 6 i.—Yard Arm 8 ft.—Diameter 12 inches, of Fir—appears to be not so old as Main Yard—Iron work in the centre of the Yard like the Main. The Yard Arm Sheet Hole is through the yard with an iron plate, and two shoulders, as per margin.

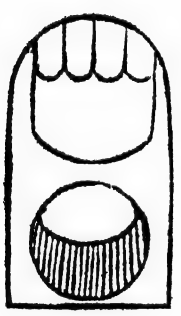


F. and Main Topsail Parral.

Main Topsail Yard of Fir—entire length 36 ft. 2 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 8¾ inch—Parral with wooden checks and iron clamp—a hoop in centre for T. Shackle—Yard Arm Sheave Hole guarded with iron wire.

Fore Topsail Yard of Poon, and apparently nearly a new Spar—Extreme length 35 ft. 6 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 9½ inches, fitted exactly like the last.

Spritsail Yard of Fir—Extreme length 36 ft. 3½ i.—Diameter at Slings 9½ inches—apparently had been rigged across the Forecastle.



Fore Stay Heart and Jibboom Saddle.

Jibboom broken off at the Cap, made of a close grained white wood, uncertain of its being Fir—length of remains 14 ft. 6 i.—Diameter 10½ inches—Jibboom Saddle and Fore Stay Heart in one.

All the Yards appear as if they had been primed with a lead colour, and afterwards painted black.

No Coir Yarn has been discovered, but plenty of Manilla Rope.

The following marks on the Canvass and Spars have been found:

Main top lower part..... M

Main lower Cap, ... M

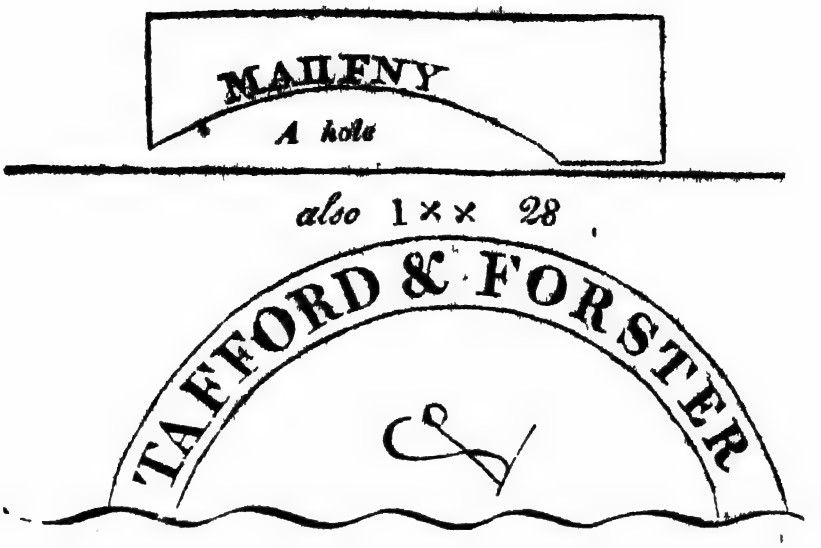
Fore Top in two places, ... M

On a Topsail, JOHN WILLIAM CHAPMAN WHITBY BOILED.

Both Lower and Topsail Yards are fitted with Iron Jackstays.

On the Foresail No. 5.

6502



It would appear the Vessel was a Bark, about 300 Tons, for although no part of the Mizen Mast has been discovered, and her Main Braces led forward, the Topsail Braces led aft The Vessel evidently was not fitted in this Country, as no particle of Coir was found about the rigging or running gear—but there was some Manilla Rope.

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

FORT WILLIAM,

SECRET DEPARTMENT, 21st January, 1843.

NOTIFICATION

By the Right Honorable the Governor General of India.

Camp Bhadour, the 10th January, 1843.

The Governor General has much satisfaction in publishing the following despatch from Vice Admiral Sir William Parker, K. C. B, and in making known thereby the high estimation in which the Vice Admiral holds the services of the Officers and men of the Navy of India, employed in the late operations on the Coast of China.

The Governor General entirely concurs in the approbation bestowed by the Vice Admiral upon the distinguished conduct of the Officers and men so employed, and in the estimation in which His Excellency holds their services which have so essentially contributed to the successful termination of the war.

By order of the Right Hon'ble the Governor General of India.

W. EDWARDS,
Asst. Secy. to the Govt. of India,
with the Governor General.

No. 81.

From Vice Admiral Sir W. Parker, K. C. B.,
To the Right Honorable Lord Ellenborough,

Governor General of India.

Cornwallis, at Chusan, 6th November, 1842.

My Lord,

As every exertion is now making to send to India, the disposable troops and transports, which have been taken up at Calcutta and Madras for the service of the China Expedition, it is my intention also to despatch, as soon as possible, the steam vessels of the Indian Navy, and those belonging to the Honorable East India Company, specified in the margin, which at present remain under my command.

Steam vessels of the Indian Navy.

Akbar, Captain Pepper.
Memnon, Commander Powell.
Medusa, Lieutenant H. Hewitt.

Steam vessels of the Hon'ble East India Company.

Proserpine, Commander Hough, R. N.
Pluto, Lieutenant John Tudor, R. N.
Phlegethon, Lieutenant McCleverty, R. N.
Nemesis, Lieutenant Hall, R. N.
Queen, Mr. W. Warden, acting Master R. N.

I cannot, however, make this communication to your Lordship unaccompanied by my unqualified commendation of the creditable, zealous, and able manner in which the whole of these vessels, as well as the *Sesostris*, *Auckland*, *Tenasserim*, and *Hooghly*, (which are already gone,) have been conducted: and I beg to recommend their several Commanders and Officers generally, to the favorable notice and consideration of your Lordship and the Indian Government, feeling that they have well merited any reward which can be bestowed on them.

The enclosed copy of a letter which I have addressed to the Secretary of the Admiralty, will also convey to your Lordship the sense which I entertain of the important services rendered to the expeditionary forces in this country by the steam vessels. And as it will be perceived that my particular object in that letter was to draw the attention of the Lords Commissioners of the Admiralty, to the peculiar position of the four Officers of the

Royal Navy, who respectively command the *Nemesis*, *Phlegethon*, *Pluto* and *Proserpine*, with the hope of obtaining for them promotion in their own profession, which will perhaps be their dearest reward; I wish to be understood that I hold in equal estimation the services of Commander Ormsby, of the *Sesostris*, who has conspicuously shared in the success of every hostile operation in which the squadron has been engaged since I assumed the Naval Command, and of Commanders Ethersey and Powell, and Lieutenant Hewitt, also of the Indian Navy, (who came subsequently at different periods under my command) as well as of Mr. Warden, in command of the *Queen*, and Mr. Wall of the *Tenasserim*; the former of whom has largely and most creditably participated in the naval operations in China from the commencement.

I have, &c.,

From Vice Admiral Sir W. PARKER, K. C. B.,

To the Secretary of the Admiralty.

Cornwallis, off the Amherst Rocks, 16th Oct. 1842.

SIR,

In my letter of the 29th of August, No. 182, I did myself the honor of reporting, for the information of the Lords Commissioners of the Admiralty, the commendable conduct of the Officers of all ranks and descriptions, who have served under my command, in the late operations of the combined forces in China.

The successful result which has attended Her Majesty's arms, has been throughout so materially aided by the unwearied and able exertions of the steam vessels of the Indian Navy, and those of the Honorable East India Company, that I flatter myself I shall stand excused for bringing the anomalous position of the meritorious Officers belonging to Her Majesty's Navy, who have commanded some of these latter vessels, under their Lordships' special and favorable consideration.

Lieutenant Hall, when he held the rank of Master in Her Majesty's Navy, was permitted by their Lordships to take command of the *Nemesis*, on her being fitted out by the Honorable East India Company, and he has borne a distinguished share in almost every naval operation from the commencement in the Canton river in January 1841, to the close at Nanking. This vessel has been kept ready for service at all times, mainly on her own resources, with admirable perseverance, and she has been managed throughout with consummate skill. For his gallantry and activity, Lieutenant Hall was promoted to his present rank by their Lordships on the 8th June 1841, and his subsequent exertions have well entitled him to any further advancement they may be disposed to bestow upon him.

Lieutenant McCleverty, who has command of the *Phlegethon*, under similar circumstances, is an old and valuable Officer, and has conducted his vessel with equal skill, zeal and gallantry. He did not reach this station until the operations in the Canton river were over, and about the period that I assumed the command of the naval forces, since which time, it is impossible to make any distinction between the services of the *Phlegethon* and *Nemesis*, for they have been equally conspicuous and deserving on every occasion, and the advantages derived by the combined forces from the activity of these two little vessels, is scarcely to be described.

The *Pluto* did not join until we were in possession of Chapoo, but she has fully participated in all the operations in the Yang-tze-Keang, and it is due to Lieutenant Tudor to state, that his gallantry in the attack of Woosung, and indefatigable exertions on every point of service, places him quite on a par with his brother Officers whom I have already noticed, as far as their comparative length of service in these seas can be estimated.

Commander Hough, commanding the *Proserpine*, has also given me the highest satisfaction by his unremitting zeal and attention; but unfortunately he did not join the squadron until the hostile operations of the naval branch of the Expedition were nearly over.

I will but add, that the services of the steam vessels generally, have been not less beneficial in the descent of the Yang-tze-Keang than in the advance up it. And it is to their exertions that we owe the safety of some of the ships of war, and several of the transports.

Having thus fulfilled a part of my duty in transmitting this representation for the consideration of their Lordships, I leave the cases of these Officers in their hands, and

I have, &c.

WEDNESDAY, JANUARY 25, 1843.

FORT WILLIAM,
SECRET DEPARTMENT, 24TH JANUARY, 1843.
NOTIFICATION

BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

Camp Ferozepore, the 31st December, 1842.

This day the troops which have returned from Cabool, and the army of reserve, were reviewed by His Excellency the Commander in Chief.

The whole force afterwards passed in column before the Governor General.

The Governor General was accompanied by the Koonwur Pertaub Singh, son of His Highness the Maharajah of Lahore; by Rajah Dhian Singh, the Minister of Lahore, and the other chiefs of the Punjab, now on a mission from the Maharajah, as well as by the Rajah of Jheend, and other chiefs of the protected Sikh states.

The force reviewed, consisted of nine battalions of European, and nineteen battalions of native infantry, (including Broadfoot's sappers); of two regiments of European and nine of native cavalry, besides detachments, and of seventeen batteries of artillery, comprising 102 guns.

Four battalions of infantry remained in camp.

The regiment of Kelat-i-Ghilzie carried for the first time, the colours presented to it by the Governor General, already inscribed with the words,

"Kelat-i-Ghilzie,"
"Candahar,"
"Ghuznee," and
"Cabool,"

in commemoration of the services, which have justly obtained for it the honor of being permanently attached to the Bengal army.

The troops were all in the finest order, and the horses in good condition for any service.

After the review, the Europeans received double rations, and thirty thousand seers of their favorite *mehtoye* were distributed to the native regiments.

Major General Sir Charles Napier, lately reviewed the troops under his command, at Sukkur.

The Major General has concentrated at that place, and in its immediate vicinity, twelve regiments of infantry; two regiments of cavalry, and an ample force of artillery.

One European and two native regiments occupy Kurrachee.

Two steam vessels, transferred from the Euphrates, have been already directed to the Indus, where the flotilla will now comprise six steam vessels.

Tranquillity is restored in Bundlekund.

A force of 14,000 men, well composed and amply provided with artillery, to which the Maharajah Scindiah has added, from his own army, three regiments of infantry and one of cavalry, with guns, which His Highness has placed under the command of a British Officer, will effectually preserve the tranquillity so established in Bundlekund, and extend it to Saugor and the Nerbudda.

In both districts the principal chiefs zealously co-operate with the British Officers in the pursuit of plunderers, and for the apprehension of all who have disturbed the peace of the country.

Two regiments of European and four of native infantry, which formed part of the force lately employed in the operations against China, have been rendered immediately disposable by the conclusion of a peace, upon our own terms, of which the Chinese Government evinces every disposition fairly to execute the conditions; and the native regiments are already on their return to India.

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842.—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

Is hereby given, that a Floating Light is stationed in the Fair Channel into Bombay Harbour about ¾ of a mile to the S. W. by S. from the Fair Way Buoy, in about 9 fathoms at high water, and 7 fathoms at low spring tides, with the following bearings and distances.

Flag Staff on Malabar Point, N. 5° 46″ E. distance 6. 90 Nautic. Miles.

The Light House on Colaba, N. 21° 34″ E. distant 4. 56 Nautic. Miles.

The Fair Way Buoy N. E. by N. distant ¾ of a mile.

The Floating Light at the Sunken Rock, N. 38° 59″ E. distant 4. 68 miles.

Kennery Island, S. 14° 15″ E. distant 7. 43 miles.

The Point of the S. W. Prong in 6 fathoms foul ground bears North about 2 miles.

The Middle of Thull Shoal, E. S. E. 2 miles.

When approaching the Harbour, if the Floating Light Vessel is seen bearing on any point from N. by E. round to the Eastward as far as S. E. by S. a Ship might steer directly for it, and when up with the Light Vessel, should steer from her N. E. Easterly, so as to pass about ¾ of a mile to the Eastward of the other Light Vessel, which is moored about a quarter of a mile to the Southward of the Sunken Rock. After rounding the Rock Light Vessel, you may steer more Northerly, and if it be at night, should anchor about 1 mile to the N. E. by N. from it, where the water will be smooth. The South point of the Middle Ground Shoal, bears N. N. E., distant 2 miles from the Rock Light Vessel.

Both Light Vessels are painted Red, each carrying a Ball on the Light Mast, and during daylight they hoist a Red Flag when a sail is in sight.

The Outer Floating Light burns a Blue Light at the end of each hour during the night, and displays a Torch at the half hours.

The Flood Tide comes in from S. W. and Ebb from the N. E. It is High Water at 12 hours on full and change of the Moon.

D. ROSS,
Master Attendant.

BOMBAY,
28th December, 1842.

NOTE.—The Floating Light was tried during the last Monsoon and rode well, but in the event of her breaking adrift, the Fair Way Buoy is continued at its station.

NOTICE.

The following Directions for Vessels entering the Moulmein River, prepared by Lieut. W. Fell, I. N., are published for general information.

By order of the Marine Board,

C. B. GREENLAW,
Secretary.

Fort William,
The 12th Dec., 1842.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 40° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy, being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queckini Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5° East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 29° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ¾ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 84° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward, and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Goodwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 04′ 46″ N. / Longitude 97° 35′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be felt, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Latitude 20° 19½′ N. and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 88° 4′ E, and bears from the former N. 61 E. true N. E. by E. ¼ E. by Compass distant 83 miles, and is laid in 12 fathoms."

"A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hoogbly deposit which is sand and mud with shining specks,) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour."

"The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Ridge, which can readily be done by making the Light House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N Ed. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles to the Southward of it and 23 fathoms the same distance to the Westward of it."

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head, Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are warned to be careful in avoiding collision by night or by day and in communicating with either of the above Vessels, either at anchor or heave too; and when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon,; whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light at the Goff end to mark the way they are riding.*

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross), and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

No. 130.

NOTICE

OF A SUNKEN EUROPEAN VESSEL OFF POOREE,

NAME UNKNOWN.

The Marine Board having received information on the 27th of October last, from Mr. H. C. Hamilton, the Magistrate at Pooree, that a Vessel, believed to be a Barque, had been discovered sunk in deep water off Juggernauth Pagoda, shortly after the heavy gale which occurred about that period, with the sanction of Government, caused every practicable means to be adopted with a view to discover her identity.

She lies in 10 fathoms water stiff mud, distance from the shore 2684 yards, with Juggernauth Tree bearing N. 40° 59′ W.

After every possible exertion, all the information obtainable beyond that contained in the following Report from the Master Attendant, describing minutely the Articles saved from her, is as follows:

Mr. Hamilton states under date 20th November, that he thought some portion of the upper Cabin roofs had given way, as he had collected several pieces of a Vessel painted brie and white, evidently from this Vessel, also a part of a Cabin door with the venetians gone. It was painted on one side a stone colour, with bright rose coloured pannels, and on the other buff, picked out with black and green

The remnant of the Main Sail bears the following mark:

BENSON AND SON,

LOWER SHADWELL,

LONDON,

and by the London Directory it appears that they are Sail-makers at that place. The Yards were black, and the lower Masts white throughout.

By information received from Captain Biden, Master Attendant at Madras, it appears that the "Acasta," a Barque belonging to London, left Ennore on the 22d September last, laden with Salt for Calcutta, and has not been since heard of. The attention therefore of parties interested in her is more particularly drawn to this Advertisement.

DESCRIPTION OF ARTICLES LYING AT THE BANKSHALL, RECOVERED FROM A VESSEL SUNK IN 10 FATHOMS WATER OFF THE TOWN OF POORIE.

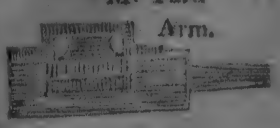
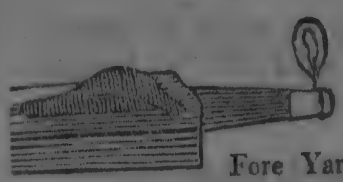
Fore Topmast of Fir, broken off at Cap—length of remains 18 ft. 9 i.—Mast-head 5 feet—Diameter at Cap 10⅝ inches—Iron Spider Strop fitted with two thimbles each side for Topgallant Rigging.



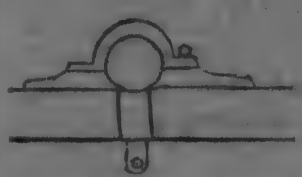
Main Yard of Fir—entire length 44 ft. 4 i.—Yard Arms each 3 ft. 3 i.—Diameter at slings 11 inches—Topsail Sheet Sheave at Yard Arm fitted in an iron box or casing abaft the yard, and iron plate guards for chain sheets—patent Bow Trusses—Iron hoop on the centre of yard for top-sail sheet blocks, which are iron.

Topsail Sheet Blocks.

Fore Yard entire—length 43 ft. 6 i.—Yard Arm 3 ft.—Diameter 12 inches, of Fir—appears to be not so old as Main Yard—Iron work in the centre of the Yard like the Main. The Yard Arm Sheet Hole is through the yard with an iron plate, and two shoulders, as per margin.



Fore Yard Arm.



F. and Main Topsail Parral.

Main Topsail Yard of Fir—entire length 36 ft. 2 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 8¾ inch—Parral with wooden checks and iron clamp—a hoop in centre for T. Shackle—Yard Arm Sheave Hole guarded with iron wire.

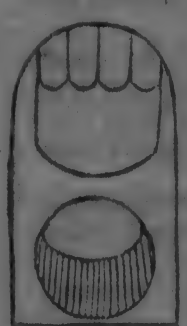
Spritsail Yard of Fir—Extreme length 36 ft. 3½ i.—Diameter at Slings 9½ inches—apparently had been rigged across the Forecastle.



Fore Stay Heart and Jibboom Saddle.

Jibboom broken off at the Cap, made of a close grained white wood, uncertain of its being Fir—length of remains 14 ft. 6 i.—Diameter 10½ inches—Jibboom Saddle and Fore Stay Heart in one.

All the Yards appear as if they had been primed with a lead colour, and afterwards painted black.

No Coir Yarn has been discovered, but plenty of Manilla Rope.

The following marks on the Canvass and Spars have been found:

Main top lower part,..... M

Main lower Cap, ... M

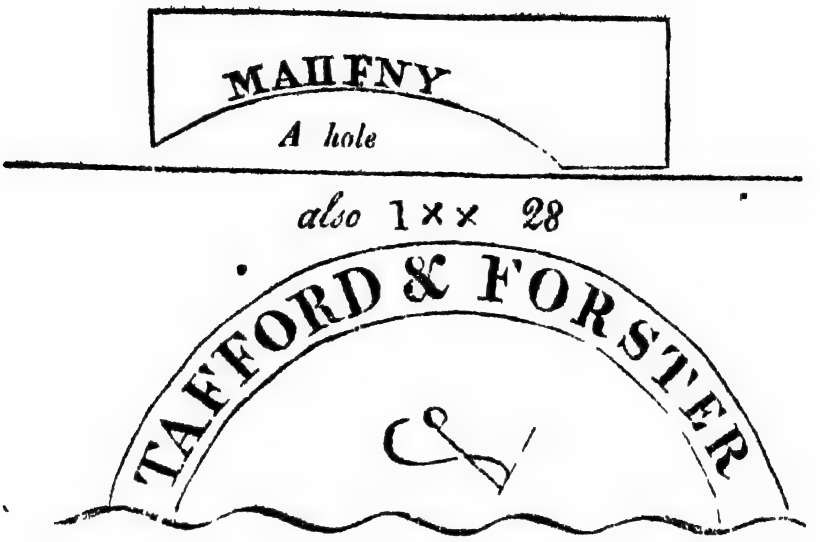
Fore Top in two places, ... M

On a Topsail, JOHN WILLIAM CHAPMAN, WHITBY BOILED.

Both Lower and Topsail Yards are fitted with Iron Jackstays.

On the Foresail No. 5.

8502.



It would appear the Vessel was a Bark, about 300 Tons, for although no part of the Mizen Mast has been discovered, and her Main Braces led forward, the Topsail Braces led aft. The Vessel evidently was not fitted in this Country, as no particle of Coir was found about the rigging or running gear—but there was some Manilla Rope.

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842.—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 40° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy, being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queckini Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5° East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 29° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ¾ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 84° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward, and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Goodwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 04′ 48″ N. / Longitude 97° 33′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be felt, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Latitude 20° 19½′ N. and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 86° 4′ E., and bears from the former N. 61 E. true N. E. by E. ¾ E. by Compass distant 83 miles, and is laid in 12 fathoms."

"A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly deposit which is sand and mud with shining specks.) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour."

"The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Ridge, which can readily be done by making the Light House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N. Ed. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms, when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles to the Southward of it and 23 fathoms the same distance to the Westward of it."

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head, Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are warned to be careful in avoiding collision by night or by day and in communicating with either of the above Vessels, either at anchor or heave too; and when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon, whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light at the Goff end to mark the way they are riding.*

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross) and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

NOTICE

OF A SUNKEN EUROPEAN VESSEL OFF POOREE,

NAME UNKNOWN.

The Marine Board having received information on the 27th of October last, from Mr. H. C. Hamilton, the Magistrate at Pooree, that a Vessel, believed to be a Barque, had been discovered sunk in deep water off Juggernauth Pagoda, shortly after the heavy gale which occurred about that period, with the sanction of Government, caused every practicable means to be adopted with a view to discover her identity.

She lies in 10 fathoms water stiff mud, distance from the shore 2681 yards, with Juggernauth Tree bearing N. 46° 59′ W.

After every possible exertion, all the information obtainable beyond that contained in the following Report from the Master Attendant, describing minutely the Articles saved from her, is as follows:

Mr Hamilton states under date 20th November, that he thought some portion of the upper Cabin roofs had given way, as he had collected several pieces of a Vessel painted blue and white, evidently from this Vessel, also a part of a Cabin door with the venetians gone. It was painted on one side a stone colour, with bright rose coloured pannels, and on the other buff, picked out with black and green

The remnant of the Main Sail bears the following mark:

BENSON AND SON,

LOWER SHADWELL,

LONDON,

and by the London Directory it appears that they are Sail-makers at that place. The Yards were black, and the lower Masts white throughout.

By information received from Captain Biden, Master Attendant at Madras, it appears that the "Acasta," a Barque belonging to London, left Ennore on the 22d September last, laden with Salt for Calcutta, and has not been since heard of. The attention therefore of parties interested in her is more particularly drawn to this Advertisement.

DESCRIPTION OF ARTICLES LYING AT THE BANKSHALL, RECOVERED FROM A VESSEL SUNK IN 10 FATHOMS WATER OFF THE TOWN OF POORIE.

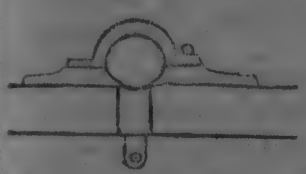
Fore Topmast of Fir, broken off at Cap—length of remains 18 ft. 9 i.—Mast-head 5 feet—Diameter at Cap 10⅝ inches—Iron Spider Strop fitted with two thimbles each side for Topgallant Rigging.

Topsail Sheet Blocks.

Main Yard of Fir—entire length 44 ft. 4 i.—Yard Arms each 3 ft. 3 i.—Diameter at slings 11 inches—Topsail Sheet Sheave at Yard Arm fitted in an iron box or casing abaft the yard, and iron plate guards for chain sheets—patent Bow Trusses—Iron hoop on the centre of yard for top-sail sheet blocks, which are iron.

Fore Yard Arm.

Fore Yard entire—length 43 ft. 6 i.—Yard Arm 3 ft.—Diameter 12 inches, of Fir—appears to be not so old as Main Yard—Iron work in the centre of the Yard like the Main. The Yard Arm Sheet Hole is through the yard with an iron plate, and two shoulders, as per margin.

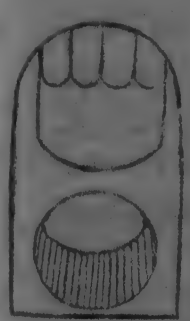


F. and Main Topsail Parral.

Main Topsail Yard of Fir—entire length 36 ft. 2 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 8¼ inch—Parral with wooden checks and iron clamp—a hoop in centre for T. Shackle—Yard Arm Sheave Hole guarded with iron wire.

Fore Topsail Yard of Poon, and apparently nearly a new Spar—Extreme length 35 ft. 6 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 9½ inches, fitted exactly like the last.

Spritsail Yard of Fir—Extreme length 36 ft. 3½ i.—Diameter at Slings 9½ inches—apparently had been rigged across the Forecastle.



Fore Stay Heart and Jibboom Saddle.

Jibboom broken off at the Cap, made of a close grained white wood, uncertain of its being Fir—length of remains 14 ft. 6 i.—Diameter 10½ inches—Jibboom Saddle and Fore Stay Heart in one.

All the Yards appear as if they had been primed with a lead colour, and afterwards painted black.

No Coir Yarn has been discovered, but plenty of Manilla Rope.

The following marks on the Canvass and Spars have been found:

Main top lower part,..... M

Main lower Cap, ... M

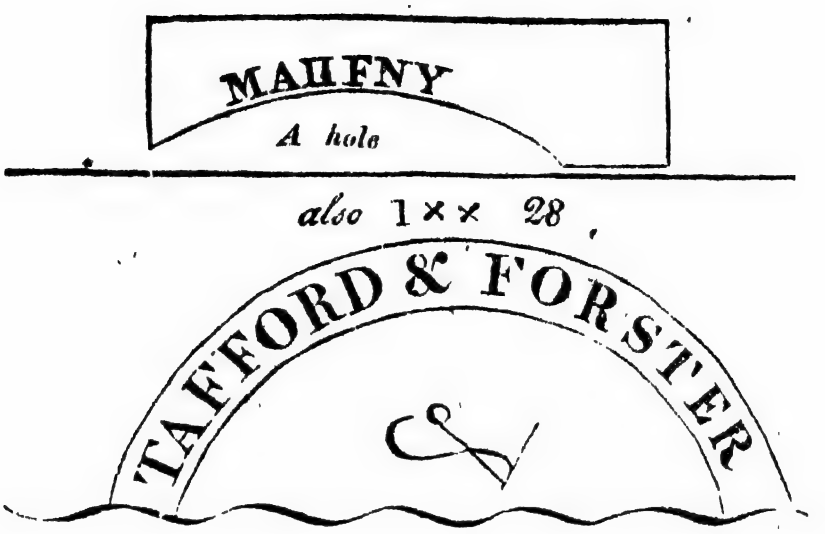
Fore Top in two places, ... M

On a Topsail, JOHN WILLIAM CHAPMAN WHITBY BOILED.

Both Lower and Topsail Yards are fitted with Iron Jackstays.

On the Foresail No. 5.

8502



It would appear the Vessel was a Bark, about 300 Tons, for although no part of the Mizen Mast has been discovered, and her Main Braces led forward, the Topsail Braces led aft. The Vessel evidently was not fitted in this Country, as no particle of Coir was found about the rigging or running gear—but there was some Manilla Rope.

Master Attendant.

Is hereby given, that a Floating Light is stationed in the Fair Channel into Bombay Harbour about ¾ of a mile to the S. W. by S. from the Fair Way Buoy, in about 9 fathoms at high water, and 7 fathoms at low spring tides, with the following bearings and distances.

Flag Staff on Malabar Point, N. 5° 46″ E. distance 6. 90 Nautic. Miles.

The Light House on Colaba, N. 21° 34″ E. distant 4. 56 Nautic. Miles.

The Fair Way Buoy N. E. by N. distant ¾ of a mile.

The Floating Light at the Sunken Rock, N. 38° 50″ E. distant 4. 68 miles.

Kennery Island, S. 14° 15″ E. distant 7. 43 miles.

The Point of the S. W. Prong in 6 fathoms foul ground bears North about 2 miles.

The Middle of Thull Shoal, E. S. E. 2 miles.

When approaching the Harbour, if the Floating Light Vessel is seen bearing on any point from N. by E. round to the Eastward as far as S. E. by S. a Ship might steer directly for it, and when up with the Light Vessel, should steer from her N. E. Easterly, so as to pass about ¾ of a mile to the Eastward of the other Light Vessel, which is moored about a quarter of a mile to the Southward of the Sunken Rock. After rounding the Rock Light Vessel, you may steer more Northerly, and if it be at night, should anchor about 1 mile to the N. E. by N. from it, where the water will be smooth. The South point of the Middle Ground Shoal, bears N. N. E., distant 2 miles from the Rock Light Vessel.

Both Light Vessels are painted Red, each carrying a Ball on the Light Mast, and during daylight they hoist a Red Flag when a sail is in sight.

The Outer Floating Light burns a Blue Light at the end of each hour during the night, and displays a Torch at the half hours.

The Flood Tide comes in from S. W. and Ebb from the N. E. It is High Water at 12 hours on full and change of the Moon.

D. ROSS,
Master Attendant.

BOMBAY,
28th December, 1842.

NOTE.—The Floating Light was tried during the last Monsoon and rode well, but in the event of her breaking adrift, the Fair Way Buoy is continued at its station.

NOTICE.

The following Directions for Vessels entering the Moulmein River, prepared by Lieut. W. Fell, I. N., are published for general information.

By order of the Marine Board,

C. B. GREENLAW,
Secretary.

Fort William,
The 12th Dec., 1842.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 40° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy, being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queckini Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5° East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 29° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ¾ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 84° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward, and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Goodwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 04′ 48″ N. / Longitude 97° 35′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be felt, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Latitude 20° 19½′ N. and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 88° 4′ E., and bears from the former N. 61 E. true N. E. by E. ¼ E. by Compass distant 83 miles, and is laid in 12 fathoms."

"A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly deposit which is sand and mud with shining specks,) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour."

"The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Ridge, which can readily be done by making the Light-House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N. Ed. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms, when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles to the Southward of it and 23 fathoms the same distance to the Westward of it."

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head, Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are warned to be careful in avoiding collision by night or by day and in communicating with either of the above Vessels, either at anchor or heave too; and when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon,; whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light at the Gaff end to mark the way they are riding.*

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross) and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

Secretary.

NOTICE

OF A SUNKEN EUROPEAN VESSEL OFF POOREE,

NAME UNKNOWN.

The Marine Board having received information on the 27th of October last, from Mr. H. C. Hamilton, the Magistrate at Pooree, that a Vessel, believed to be a Barque, had been discovered sunk in deep water off Juggernauth Pagoda, shortly after the heavy gale which occurred about that period, with the sanction of Government, caused every practicable means to be adopted with a view to discover her identity.

She lies in 10 fathoms water stiff mud, distance from the shore 2684 yards, with Juggernauth Tree bearing N. 40° 59′ W.

After every possible exertion, all the information obtainable beyond that contained in the following Report from the Master Attendant, describing minutely the Articles saved from her, is as follows:

Mr. Hamilton states under date 20th November, that he thought some portion of the upper Cabin roofs had given way, as he had collected several pieces of a Vessel painted blue and white, evidently from this Vessel, also a part of a Cabin door with the venetians gone. It was painted on one side a stone colour, with bright rose coloured pannels, and on the other buff, picked out with black and green

The remnant of the Main Sail bears the following mark:

BENSON AND SON,

LOWER SHADWELL,

LONDON,

and by the London Directory it appears that they are Sail-makers at that place. The Yards were black, and the lower Masts white throughout.

By information received from Captain Biden, Master Attendant at Madras, it appears that the "Acasta," a Barque belonging to London, left Ennore on the 22d September last, laden with Salt for Calcutta, and has not been since heard of. The attention therefore of parties interested in her is more particularly drawn to this Advertisement.

DESCRIPTION OF ARTICLES LYING AT THE BANKSHALL, RECOVERED FROM A VESSEL SUNK IN 10 FATHOMS WATER OFF THE TOWN OF POORIE.

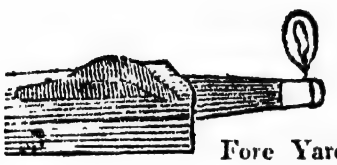
Fore Topmast of Fir, broken off at Cap—length of remains 18 ft. 9 i.—Mast-head 5 feet—Diameter at Cap 10⅝ inches—Iron Spider Strop fitted with two thimbles each side for Topgallant Rigging.

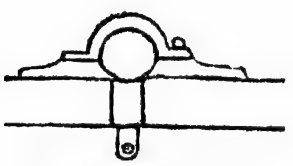
Topsail Sheet Blocks.

Main Yard of Fir—entire length 44 ft. 4 i.—Yard Arms each 3 ft. 3 i.—Diameter at slings 11 inches—Topsail Sheet Sheave at Yard Arm fitted in an iron box or casing abaft the yard, and iron plate guards for chain sheets—patent Bow Trusses—Iron hoop on the centre of yard for top-sail sheet blocks, which are iron.



Fore Yard Arm.

Fore Yard entire—length 43 ft. 6 i.—Yard Arm 3 ft.—Diameter 12 inches, of Fir—appears to be not so old as Main Yard—Iron work in the centre of the Yard like the Main. The Yard Arm Sheet Hole is through the yard with an iron plate, and two shoulders, as per margin.

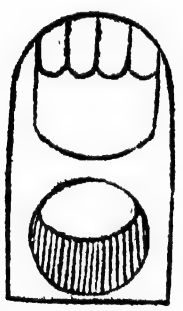


F. and Main Topsail Parral.

Main Topsail Yard of Fir—entire length 36 ft. 2 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 8¾ inch—Parral with wooden checks and iron clamp—a hoop in centre for T. Shackle—Yard Arm Sheave Hole guarded with iron wire.

Fore Topsail Yard of Poon, and apparently nearly a new Spar—Extreme length 35 ft. 6 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 9½ inches, fitted exactly like the last.

Spritsail Yard of Fir—Extreme length 26 ft. 3½ i.—Diameter at Slings 9½ inches—apparently had been rigged across the Forecastle.



Fore Stay Heart and Jibboom Saddle.

Jibboom broken off at the Cap, made of a close grained white wood, uncertain of its being Fir—length of remains 14 ft. 6 i.—Diameter 10½ inches—Jibboom Saddle and Fore Stay Heart in one.

All the Yards appear as if they had been primed with a lead colour, and afterwards painted black.

No Coir Yarn has been discovered, but plenty of Manilla Rope.

The following marks on the Canvass and Spars have been found.

Main top lower part,..... M

Main lower Cap, ... M

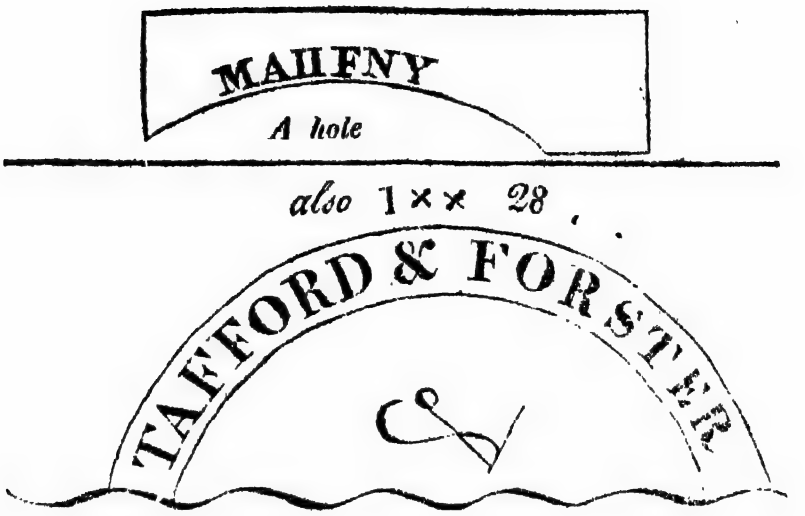
Fore Top in two places, ... M

On a Topsail, John William Chapman Whitby Boiled.

Both Lower and Topsail Yards are fitted with Iron Jack-stays.

On the Foresail No. 5.

8502



It would appear the Vessel was a Bark, about 300 Tons, for although no part of the Mizen Mast has been discovered, and her Main Braces led forward, the Topsail Braces led aft. The Vessel evidently was not fitted in this Country, as no particle of Coir was found about the rigging or running gear—but there was some Manilla Rope.

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842.—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 27th January 1843, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. I. OF 1843.

An Act for amending the Law concerning the Registration of written Conveyances and other instruments affecting Titles and other interests to Land.

Whereas the Registry Laws now in force in the respective Mofussils of Bengal, Madras and Bombay, provide that registered conveyances and other instruments affecting Titles to land and other interests therein shall not take precedence of unregistered conveyances and instruments in cases where the party registering shall have known of the existence of such unregistered conveyances or other instruments. And whereas a complicated system of law has arisen out of the construction which is to be given to the provisions regarding the knowledge of parties, or notice had by them in such cases. And whereas much perjury has been committed in investigations touching the fact of such notice or knowledge, and much of the time of the Courts has been occupied with such investigations. And whereas in consequence of forgeries, perjuries, fraudulent concealments, and other practices, no person purchasing or advancing money on the Security of Land, can safely rely on the conveyances or other instruments affecting the title to such land or other interest therein affording, by means of their being registered, a Security against conveyances or instruments being set up, as of previous date, by unregistered claimants:

It is hereby enacted, that all provisions contained in any Regulation or Regulations of the Bengal, Madras or Bombay Codes, touching such knowledge or notice as aforesaid, of previous unregistered conveyances, or instruments affecting titles to land or other interests therein, shall be repealed from the first day of May next; and every conveyance or other instrument affecting title to land, or any interest in the same authorized by those Codes respectively, to be registered, shall so far as regards any lands to which the same relate, be void as against any person claiming under any subsequent conveyance or other instrument duly registered, unless the prior conveyance or instrument shall have been duly registered before the registration of the subsequent conveyance or instrument; any alleged notice or knowledge of such prior conveyance or instrument notwithstanding. Provided always that this Act shall not be construed to extend to any conveyance or other instrument made before the first day of May next.

By Order of the Marine Board,

C. B. GREENLAW, *Secy.*

FORT WILLIAM,
The 19th January, 1843.

NOTICE

Is hereby given, that a Floating Light is stationed in the Fair Channel into Bombay Harbour about ¾ of a mile to the S. W. by S. from the Fair Way Buoy, in about 9 fathoms at high water, and 7 fathoms at low spring tides, with the following bearings and distances.

Flag Staff on Malabar Point, N. 5° 46″ E. distance 6. 90 Nautic. Miles.

The Light House on Colaba, N. 21° 34″ E. distant 4. 56 Nautic. Miles.

The Fair Way Buoy N. E. by N. distant ¾ of a mile.

The Floating Light at the Sunken Rock, N. 38° 50″ E. distant 4. 68 miles.

Kennery Island, S. 14° 15″ E. distant 7. 43 miles.

The Point of the S. W. Prong in 6 fathoms foul ground bears North about 2 miles.

The Middle of Thull Shoal, E. S. E. 2 miles.

When approaching the Harbour, if the Floating Light Vessel is seen bearing on any point from N. by E. round to the Eastward as far as S. E. by S. a Ship might steer directly for it, and when up with the Light Vessel, should steer from her N. E. Easterly, so as to pass about ¾ of a mile to the Eastward of the other Light Vessel, which is moored about a quarter of a mile to the Southward of the Sunken Rock. After rounding the Rock Light Vessel, you may steer more Northerly, and if it be at night, should anchor about 1 mile to the N. E. by N. from it, where the water will be smooth. The South point of the Middle Ground Shoal, bears N. N. E., distant 2 miles from the Rock Light Vessel.

Both Light Vessels are painted Red, each carrying a Ball on the Light Mast, and during daylight they hoist a Red Flag when a sail is in sight.

The Outer Floating Light burns a Blue Light at the end of each hour during the night, and displays a Torch at the half hours.

The Flood Tide comes in from S. W. and Ebb from the N. E. It is High Water at 12 hours on full and change of the Moon.

D. ROSS,
Master Attendant.

BOMBAY,
28th December, 1842.

NOTE.—The Floating Light was tried during the last Monsoon and rode well, but in the event of her breaking adrift, the Fair Way Buoy is continued at its station.

NOTICE.

The following Directions for Vessels entering the Moulmein River, prepared by Lieut. W. Fell, I. N., are published for general information.

By order of the Marine Board,

C. B. GREENLAW,
Secretary.

Fort William,
The 12th Dec., 1842.

DIRECTIONS

For Vessels entering the Moulmein River.

A Vessel coming from the southward on sighting the fair way Buoy, which is a Black Buoy with two white rings, painted on the upper part of it, and placed in 4¾ fathoms water, on a patch of broken ground, of about 250 yards in extent, from which the present Reef Buoy bears N. 40° East, distant one and a half miles. A white Pagoda on the summit of the Eastern Hill, on the South end of Biloo Island, N. 10° East Amherst large Pagoda near the Flag Staff S. 84° East, a conspicuous tree on the centre of the small Island off Amherst, S. 61½° East, a Vessel ought to stand direct for this Buoy and passing to the westward of it, you may then with a fair wind steer direct for the Reef Buoy, being careful not to bring it to northward of North East so as to avoid the Sunken Rocks and Foul Ground, extending from the Reef of Rocks off Amherst. The Reef Buoy is a Black Buoy, placed off the N. W. extreme of the Amherst or Queckini Reef in 7 fathoms, from which the white Pagoda on Biloo Island, bears N. 5° East, Amherst large Pagoda S. 54° East the conspicuous tree on the Island off Amherst S. 29° East, passing this Buoy at one hundred and fifty or two hundred yards distance you may then stand in direct for the middle ground Buoy, which is also black, and situated on a Sunken Rock, in ¾ of a fathom at low water, with deep water on all sides of it, and bears from the Reef Buoy N. 84° East, distant 1¾ miles, carrying from 7 to 4 fathoms at low water, passing this Buoy to the northward you may then stand on to the eastward, and Anchor in 3½ or 4 fathoms, when the conspicuous tree on the centre of Amherst Island is in one with Amherst Point, which forms a Bluff close to the large Pagoda.

A Vessel getting at all to the northward, when outside the Reef Buoy, will avoid the S. W. extreme of the Goodwin Sand by keeping Amherst large Pagoda in one with the Reef Buoy, or open to the southward of it.

When inside the Reef Buoy the middle ground Buoy bearing E. 7° S. will take a Vessel clear of the South extreme of the Sand on the North side of the Channel, but it ought not to be brought to bear at all to the Sd. It is high water on full and change at the Reef Buoy at 2 hours.

Amherst large Pagoda is in { Latitude 16° 04′ 48″ N. / Longitude 97° 35′ 06″ E.

N. B.—In coming into the River keep all Black Buoys on your right hand and all Red on your left hand.

Commanding Flotilla.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the Year 1843.

NOTICE is hereby given, that the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position 6 or 8 miles S. W. of the outer Floating Light, and in from 16 to 20 fathoms water, this latter Station will be continued during the next S. W. Monsoon, viz. from 15th March to the 15th September.

During the last S. W. Monsoon, no difficulty would appear to have been experienced by Vessels passing from False Point Light House to the New Station, nor can any be felt, if common attention be paid to the lead and to the following Directions prepared by Captain Lloyd, late Officiating Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Latitude 20° 19½′ N. and Longitude 86° 47′ E., and that of the South Channel Buoy in Latitude 20° 59′ N. and Longitude 88° 4′ E., and bears from the former N. 61 E. true N. E. by E. ¼ E. by Compass distant 83 miles, and is laid in 12 fathoms."

"A Bank of Soundings extends from off Point Palmyras, in a direction towards the tail of the Western Sea Reef, and the nature of the bottom (as distinguished from that of the Hooghly deposit which is sand and mud with shining specks,) is a gravelly substance composed of sand shells and small pebbles discharged from the "Kunka," and other Rivers, near Point Palmyras, the lighter material of which being carried further out, is deposited and forms what is called the Pilots' Ridge, which in crossing to the N. Wd. shews a little less water than on either side. In coming from seaward you shoal rather suddenly from 28 to 23 fathoms upon its Eastern Edge. It is composed of a shelly sand or minute gravel of a reddish or rusty brown colour."

"The best guide therefore to enable a Vessel to direct her course from False Point to the Vessels at the New Station, will be to run down the Edge of the Pilots' Ridge, which can readily be done by making the Light House and bringing it to bear about W. S. W. or S. W. by W. distant by computation from 10 to 15 miles then steering to the E. N. Ed. and having gradually encreased the depth of water to 23 fathoms upon the Eastern Edge of the Ridge, regulate the course to keep between it and 27 fathoms. when by attention to the lead and nature of the Soundings, course and distance run from the Light House, it is almost impossible to miss the Pilot Vessels, (if the above limits are kept within) either by getting too far to Windward or falling to Leeward; for the Soundings increase so rapidly to seaward from the proposed New Station, that 28 fathoms will not be more than 3 or 4 miles to the Southward of it and 23 fathoms the same distance to the Westward of it."

"The Soundings to seaward of the Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it."

Vessels approaching the Station during the day are required to shew the usual Signal for a Pilot and by night to give as early and as much warning as possible by firing Guns, burning Blue Lights and by exhibiting two Lights in a vertical position, where best seen, but Commanders are recommended to avoid as much as possible making the Station during the night. To mark the Station one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head, Light during the night and will burn a Blue Light and a Maroon alternately every half hour and fire a Gun at 8 P. M. at midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the * Light, and Buoy Station Vessels are warned to be careful in avoiding collision by night or by day and in communicating with either of the above Vessels, either at anchor or heave too; and when it is necessary to cross her to pass under the Stern, several instances of serious damage having occurred during the S. W. Monsoon.; whereby the outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* *The Light Vessels are directed when another Vessel is approaching during the night, shew a Light at the Gaff end to mark the way they are riding.*

A Vessel will be stationed off False Point Light House, keeping it according to circumstances W. by S. to N. W. by N., in from 10 to 15 fathoms water.

She will exhibit during the day, when Vessels are in sight, a large Danish Jack at the Main Top Gallant Mast Head (red with white cross) and during the night a good Mast Head Light in the same place and will burn a Blue Light every half hour.

This Vessel will have no Pilot on board and is only intended generally to furnish information touching the Course to the New Station, but particularly to do so to Vessels which may be in ignorance of the position of the New Station.

C. B. GREENLAW,
Secretary.

No. 130.

NOTICE

OF A SUNKEN EUROPEAN VESSEL OFF POOREE,

NAME UNKNOWN.

The Marine Board having received information on the 27th of October last, from Mr. H. C. Hamilton, the Magistrate at Pooree, that a Vessel, believed to be a Barque, had been discovered sunk in deep water off Juggernauth Pagoda, shortly after the heavy gale which occurred about that period, with the sanction of Government, caused every practicable means to be adopted with a view to discover her identity.

She lies in 10 fathoms water stiff mud, distance from the shore 2684 yards, with Juggernauth Tree bearing N. 40° 59′ W.

After every possible exertion, all the information obtainable beyond that contained in the following Report from the Master Attendant, describing minutely the Articles saved from her, is as follows:

Mr. Hamilton states under date 20th November, that he thought some portion of the upper Cabin roofs had given way, as he had collected several pieces of a Vessel painted blue and white, evidently from this Vessel, also a part of a Cabin door with the venetians gone. It was painted on one side a stone colour, with bright rose coloured pannels, and on the other buff, picked out with black and green

The remnant of the Main Sail bears the following mark:

BENSON AND SON,

LOWER SHADWELL,

LONDON,

and by the London Directory it appears that they are Sail-makers at that place. The Yards were black, and the lower Masts white throughout.

By information received from Captain Biden, Master Attendant at Madras, it appears that the "Acasta," a Barque belonging to London, left Ennore on the 22d September last, laden with Salt for Calcutta, and has not been since heard of. The attention therefore of parties interested in her is more particularly drawn to this Advertisement.

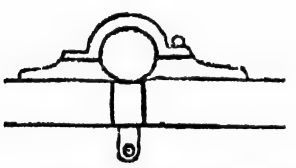
Fore Yard entire—length 43 ft. 6 i.—Yard Arm 3 ft.—Diameter 12 inches, of Fir—appears to be not so old as Main Yard—Iron work in the centre of the Yard like the Main. The Yard Arm Sheet Hole is through the yard with an iron plate, and two shoulders, as per margin.

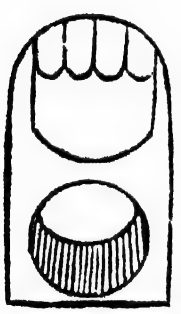


F. and Main Topsail Parral.

Main Topsail Yard of Fir—entire length 36 ft. 2 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 8¾ inch—Parral with wooden checks and iron clamp—a hoop in centre for T. Shackle—Yard Arm Sheave Hole guarded with iron wire.

Fore Topsail Yard of Poon, and apparently nearly a new Spar—Extreme length 35 ft. 6 i.—Yard Arm 2 ft. 5 i. each—Diameter at Slings 9½ inches, fitted exactly like the last.

Spritsail Yard of Fir—Extreme length 36 ft. 3½ i.—Diameter at Slings 9½ inches—apparently had been rigged across the Forecastle.



Fore Stay Heart and Jibboom Saddle.

Jibboom broken off at the Cap, made of a close grained white wood, uncertain of its being Fir—length of remains 14 ft. 6 i.—Diameter 10½ inches—Jibboom Saddle and Fore Stay Heart in one.

All the Yards appear as if they had been primed with a lead colour, and afterwards painted black.

No Coir Yarn has been discovered, but plenty of Manilla Rope.

The following marks on the Canvass and Spars have been found:

Main top lower part,..... M

Main lower Cap, ... M

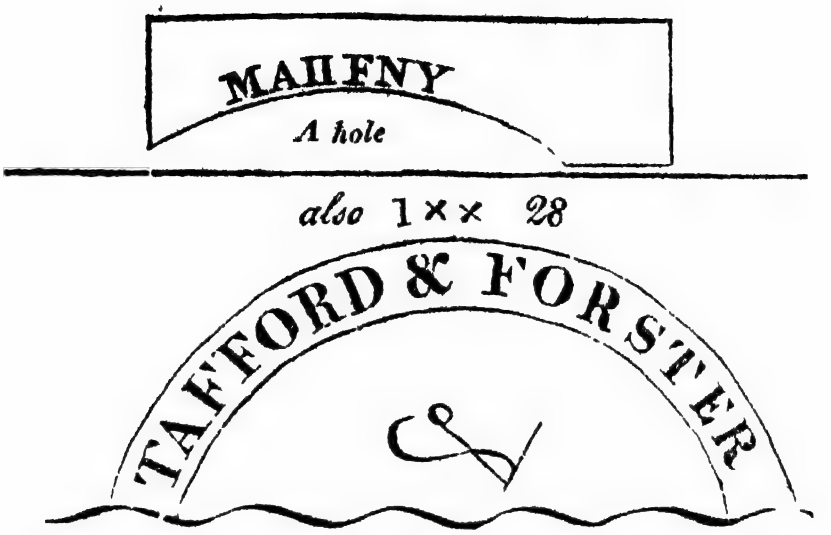
Fore Top in two places,. ..... M

On a Topsail, John William Chapman Whitby Boiled.

Both Lower and Topsail Yards are fitted with Iron Jackstays.

On the Foresail No. 5.

8502



It would appear the Vessel was a Bark, about 300 Tons, for although no part of the Mizen Mast has been discovered, and her Main Braces led forward, the Topsail Braces led aft. The Vessel evidently was not fitted in this Country, as no particle of Coir was found about the rigging or running gear—but there was some Manilla Rope.

SHIPPING INTELLIGENCE.

Extract from the Log of the Barque "Planet."

Wednesday, 7th September, 1842.—At 1 P. M. observed the water on the Starboard bow much discoloured, kept the Ship away and sent a hand aloft to look out, who observed the same in patches as far as the eye could reach, running about W. S. W. and E. N. E. passed over the tail of one patch and had as near as we could suppose, 9 fathoms on a Sandy bottom a quantity of sand fast to the lead when hauled in. The extent of the Shoal appeared to be about 3 miles, Latitude 16° 23′ N. Longitude 84° 10′ East.

Captain Thompson further states that in the centre of this Shoal there were heavy breakers, the weather had been squally in the forenoon, but was then more moderate, though the breeze was fresh and a swell in consequence. They had no Meridian Observation, but the Longitude was determined and laid down by good sights taken that morning and an excellent Chronometer.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, FEBRUARY 4, 1843.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 1ST FEBRUARY, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 1st of February 1843.

ACT No. —— OF 1843.

For the Incorporation of a Bank at Madras.

WHEREAS the Hon'ble Court of Directors of the East India Company, by and with the approbation of the Board of Commissioners for the Affairs of India, has directed the abolition of the present Government Bank at Madras, and in lieu thereof has sanctioned the establishment of a Bank at Madras on the principles hereinafter set forth, and has required the Government of India to pass an Act of Incorporation for the same;

I. IT is therefore hereby enacted, that from the 1st day of June next ensuing in the year of our Lord 1843, the persons whose names are included in the Schedule hereunto annexed, having severally subscribed and signed their acceptance of the terms of incorporation specified in this Act, and with the Government of Madras on the part of the East India Company having paid into the Government Treasury the amount of Capital Stock subscribed by them respectively and taken receipts for the same from the Sub-Treasurer to the Government of Fort Saint George shall, together with the Governor in Council for the time being of the Presidency of Madras, be a Corporation Body Corporate and Politic by name of the Bank of Madras, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereinafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

Provided however that it shall be lawful to the Governor General of India in Council at any time before the 1st of September next, to rectify any errors in the Schedule of the said Proprietors by notice in the Official

Gazettes of Calcutta and Madras, so that no alteration be made in the principles upon which such Schedule has been framed.

II. AND it is hereby declared and provided, that if any of the persons whose names are in the said Schedule shall fail to make good their subscriptions on or before the 1st May next, the Shares to which such names are attached may be claimed and taken by the persons who having made applications for Shares which were received after the prescribed amount of Capital had been taken and subscribed for by the parties in the said Schedule, were permitted to have their said applications registered as received; and the Shares so lapsing shall be tendered to such applicants in the order of such registry according to the list given in to the Governor in Council at Fort Saint George, and shall become the property of such persons provided they shall have in the manner heretofore mentioned paid up their subscriptions on or before the 20th of May next. And in the event of there remaining any unpaid Shares after the parties whose names have been so registered have thus had the option of completing the payments that will be due on such Shares, then such remaining unpaid Shares shall be at the disposal of a General Meeting of the Proprietors to be convened for that purpose: And it is hereby enacted, that the persons who become the Proprietors of the lapsed Shares in the manner above provided or under an appropriation made at such General Meeting of Proprietors by payment of the amount subscribed shall be considered to belong, and shall to all intents and purposes belong to the Corporation Body Corporate and Politic by name of the Bank of Madras, and shall possess and enjoy all the rights, privileges and immunities the same as the persons according to the Original Schedule who shall have paid up their Subscriptions on or before the 1st of May next. AND it is hereby declared and required that as soon after the 20th of May next, as may be practicable, the Governor in Council at Fort Saint George shall publish in the Official Gazette of that Presidency a Schedule of the Proprietors of the Bank of Madras as incorporated under the provisions of this Act, and that the same shall be transmitted to be republished in the Official Gazette of Calcutta.

III. AND it is hereby enacted, that the Capital Stock of the Bank of Madras shall be Thirty Lakhs of Rupees, whereof Three Lakhs shall be the property of the Governor in Council of Madras, for the time being on behalf of the East India Company, and the persons whose names are in the Schedule hereunto annexed, or in any Schedule corrected in the manner provided for in the 1st Section of this Act, or whose names shall be in the Schedule published by order of the Governor in Council at Fort St. George in the Official Gazette of that Presidency as required in Section II. of the Act, shall be Proprietors of the Shares of the said Capital Stock set against their names respectively.

IV. AND it is hereby enacted, that it shall be in the power of the Governor General of India in Council, from time to time, by an Order duly published in the Official Gazettes of Calcutta and of Madras, to authorize the said Capital Stock to be increased, and to make such order and direction for the opening of Subscriptions towards such increase of Capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank

GENERAL ORDERS

BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

Camp Kurnaul, the 27th January, 1843.

The Right Hon'ble the Governor General has been pleased to direct the following report of the operations of the troops under Major General McCaskill, K. H., on the march to and from Cabool, to be published for general information.

By order of the Right Hon'ble the Governor General of India,

From the Adjutant General of the Army,

To the Secretary to the Government of India,

with the Right Hon'ble the Governor General.

Head Quarters, Camp Esa-Khan-ke-kote, 12th January, 1843.

SIR,

I have the honor, by direction of His Excellency the Commander-in-Chief, to forward, for the purpose of being laid before the Right Honorable the Governor General, copy of a letter from Major General G. Pollock, C. B., No. 606, of the 28th ultimo, forwarding copies of Major General McCaskill's despatches, dated the 16th September, and 20th October last, reporting the operations of the troops under his orders on the march to and from Cabool.

Forwards copies of Major General McCaskill's despatches, reporting the operations of the troops under his orders, on the march to and from Cabool.

I have, &c.,

Camp Ferozepore, 28th December, 1842.

SIR,

I have the honor to forward, for submission to His Excellency the Commander-in-Chief, the original reports of Major General McCaskill, K. H., and those of the Officers under his

orders, during the advance on and subsequent march from Cabool, as there is every reason to believe the copies transmitted to Head Quarters, never reached your office.

From Major General J. McCaskill, K. H.,
Commanding Infantry Division,

To the Assistant Adjutant General.

Camp near Cabool, 10th September, 1842.

Sir,

I beg to report for the information of Major General Pollock, C. B., that the column detailed in the margin, which he entrusted to my command on the 6th instant, completed its advance from Gundamuck to Soorkhab, and again its forced march from Kuttur Sung to Tezeen, with little interruption from the enemy. But on the route from Soorkhab to Jugdulluck, and from the latter place to Kuttur Sung, the Ghilzies showed themselves in considerable force and attacked our columns and baggage with much boldness and perseverance. All their efforts were, however, foiled by the steadiness of the troops, and the good dispositions of Brigadier Monteath, C. B., and the Officers commanding our advanced and rear guards, especially Lieutenant Colonel Richmond, 33d regiment native infantry, and Major Skinner, Her Majesty's 31st. It is gratifying to me to have to state, that a predatory enemy was unable to capture from us the least article of our baggage or stores, and that the only loss sustained of this kind, which could be deemed of importance, arose from the total exhaustion of a portion of our carriage animals, when our march was necessarily doubled, to enable us to rejoin the Head Quarters at Tezeen. I beg to enclose a return of casualties on the 9th, 10th, and 11th instant.

Camp Tezeen, 12th September, 1842.

Sir,

I have the honor, for the information of Major General McCaskill, K. H., to transmit to you reports from Lieutenant Colonel Bolton, Her Majesty's 31st regiment; Lieutenant Colonel Richmond, 33rd native infantry, and Major Skinner, Her Majesty's 31st regiment, detailing the occurrences on the rear guards, from Soorkhab to this place.

In regard to those circumstances that came under my own observation and arrangement, I beg to say, that, immediately on leaving Soorkhab, the enemy began to show themselves on the heights and to fire on the troops, and as we approached the Jugdulluck pass, observing that their numbers were becoming formidable, and that they were gradually closing in upon our left, it occurred to me that their object was to allow the main column to get through the pass, and then to attack the baggage when it should be collected at the gorge.

This opinion (and I found it fully confirmed afterwards) induced me to send and direct Lieutenant Colonel Richmond, commanding the advance, to halt on arriving at the entrance of the pass, and there wait my further instructions.

Having halted the main column, I allowed the ammunition and the whole of the baggage to pass on, and when every thing was up, I then directed Lieutenant Colonel Richmond to proceed with the advance down the pass and to occupy the heights on each side, which was very properly done by that officer.

On this operation being completed, I then passed every thing down, and on the rear guard joining me, I moved off with the main column through the pass to the great disappointment of the enemy, no doubt, (as they did not get a single thing) and arrived in camp at half past 8 P. M., a sharp fire having been kept up on the column throughout the pass.

On the march from Jugdulluck to Kuttur Sung, from the circumstance of the enemy being in force all round the camp, I directed the advance guard to move off, and allowed the baggage to proceed in its rear, and when about two-thirds of it had left the ground, I followed with the main column, leaving the remainder to the care of the rear guard.

On this occasion no loss was sustained, except what is detailed in Lieutenant Colonel Richmond's report; the main column arrived in camp at 20 minutes after 4 P. M.

On the march from Kuttur Sung to this place, I despatched the whole of the baggage immediately after the advance guard, then moved in rear of it with the main column, leaving the godown bullocks to be looked after by the rear guard.

During the march very little molestation was experienced from the enemy; but I am sorry to say that in consequence of the two marches having been performed in one, an elephant, the

camp equipage of Major Delafosse's troop of artillery, many camels, bullocks, and some private property were lost, owing to the cattle, from their previous exhausted state, not being equal to the work.

The waggons of Captain Alexander's troop required to be pulled nearly the whole way by the men of Her Majesty's 31st regiment, and one waggon was dragged altogether (the horses having been taken out) by the sepoys of the 33d and 60th regiments; the main column arrived in camp at 20 minutes past 7 P. M. It may not be unnecessary for me to report that the sepoys when called upon to perform the labor of dragging the waggon, came forward with a cheerfulness, and did the work with a spirit that was remarkable and deserving of the highest praise.

The march from Gundamuck to Soorkhab was conducted in the ordinary manner, and nothing deserving of mention occurred.

Enclosed I beg to send a return of casualties.

From Major THOMAS SKINNER, *H. M's. 31st Regt.*,
In Command of Rear Guard,

To Lieutenant LUGARD,
Brigade Major, 4th Brigade.

Camp Tezeen, 11th September, 1842.

SIR,

I have the honor to report, for the information of Brigadier Monteath, C. B., that when the ground we occupied at Kuttur Sung was quite clear of baggage, I withdrew the picquets from the heights above it, and advanced them to those nearest the ascent to the road above, until the guns and waggon were passed up, which was accomplished by ½ past 11 A. M. I then withdrew my posts by the heights on my flanks and continued towards Seh Baba, where I arrived without any molestation about 3 P. M. the necessity of dragging the guns up the many hills on the road rendering our progress slow. From Seh Baba to Tezeen, the rear guard was very much delayed by the many animals who fell exhausted from the heaviness of the march. I am afraid there was much loss of grain and baggage cattle. I destroyed, I hope, every thing that had been left in the rear, and that the enemy gained nothing by the failure of our cattle.

On ascending the hill at the entrance to the Tezeen valley, a party of the enemy, from the base of the hills on our left, fired into us, but without effect; two shrapnell shells thrown among them with great precision silenced their fire, and they fled to the heights out of shot, leaving, I think, some killed or wounded below. I pushed on when these people were dispersed, and reached camp at a little before 8, without casualty.

From Lieut.-Col. A. F. RICHMOND, *33d Regt. N. I.*,
Commanding Rear Guard of the 2d Division,

To Lieutenant LUGARD,
Major of Brigade, 4th Infantry Brigade.

Camp Kuttur Sung, 10th September, 1842.

SIR,

I have the honor to report for the information of Brigadier Monteath, C. B., commanding the 4th infantry brigade, that the rear guard this morning, under my command, did not leave Jugdulluck until the whole of the baggage had cleared the ground about 11 o'clock A. M.

As the enemy appeared in great numbers all around, and gradually closing on us, I directed the guns to be placed in a commanding position on our line of route, to cover the picquets, which soon after withdrew, on signals previously arranged, and formed on the low ground in front, in skirmishing order, slowly retiring, and ultimately forming on both flanks of the guns. The enemy, as I expected, instantly rushed forward from all directions, except our rear, but were checked by the very effective fire of the guns, ably directed by Captain Lawrence, Political Agent, who volunteered his services, and by Lieut. Abercrombie.

As the high ground, we occupied, afforded good cover, I determined to hold it with two companies of infantry, until the guns could be withdrawn, and dragged up the steep hill in our rear, an operation which required the aid of the remainder of the infantry.

At this time, the enemy kept up a sharp fire, but all I desired was accomplished in good order; and having secured new positions in the rear, I recalled the two companies, left in position, and commenced my march, occupying new posts where necessary, which were withdrawn in succession, until the enemy ceasing to annoy us, and the country becoming a little more open, enabled me to recall all the covering parties and prosecute my march towards camp, where I arrived about 5 o'clock P. M., bringing every thing safely in, excepting one bullock-load of commissariat grain found on the road, which was given to the men of the irregular cavalry, also a few bullocks and two camels left on the road, which were destroyed, being unable to proceed.

The troops, both European and native, were very steady and exerted themselves cheerfully in dragging the guns.

Our casualties, I am glad to say, were few, one Officer (Lieut. Brooke,) two men of Her Majesty's 31st foot, and two sepoys of the 60th regiment native infantry, were wounded.

Camp Gundamuck, 20th October, 1842.

Sir,

I beg to report to you, for the information of Major General Pollock, C. B., that the force of the 2d column under my immediate command, as detailed in the margin, was attacked by the predatory tribes of the mountains, on its march from Tezeen, from which point it was separated from your Head Quarters, up to the date of its arrival at Gundamuck. The most serious opposition which it encountered, was in the defile of Jugdulluck, celebrated for the previous conflicts between the Ghilzies, and our troops last year, and during the late advance on Cabool.

Her Majesty's 31st regiment,
Wing 33d native infantry, re-inforced by wing 60th native infantry.
2d and 16th regiments native infantry.

I broke up from my encampment at the foot of this pass, early on the morning of the 18th instant, and made arrangements, as I advanced, in proportion, of course, to my numerical strength, for the occupation of the several strong points which commanded the road. Detached parties began to show themselves as my force reached the crest of the position, and after disposing flanking detachments on the domineering heights to the right and left, I awaited the approach of Brigadier Monteath with the main body of the column, before I descended into the lower ground beyond.

The necessity for this caution was soon demonstrated, for as the Brigadier took up his position on the plateau, partially occupied by the ruins of the well known fort, he observed the enemy collecting in force around him. He, therefore, very properly, determined to hold the head of the pass until the whole of the baggage and material had moved down towards the plain below, and the rear guard under Lieutenant Colonel Richmond should have joined him on the eminence. He placed his guns in battery, and their fire and that of the troops, completely held the enemy, who were very numerous, in check, and he reports with much satisfaction, that though the attempts of the Ghilzies were obstinate and persevering, they did not succeed in making themselves masters of a single article of baggage or military stores. A sharp conflict was, however, sustained upon particular points whilst the rear guard was coming up, in the one direction, and our long train of animals descending in the other. The Brigadier finally gave over charge of the position to Lieut.-Col. Richmond and his rear guard, whom he counselled to retain it one quarter of an hour after his own troops advanced beyond it. The succession of lower eminences on either flank had, in the meantime, been crowned, so far as our limited means permitted, under my personal direction, by parties from the advanced guard from Jugdulluck to the valley of Soorkhab, and the baggage was thus protected from the attacks of the predatory bodies, which were hovering around it, along that whole line of road. Lieutenant Colonel Richmond and the rear guard were vigorously pressed by the Ghilzies, as they finally came down from the plateau, but every where most creditably repelled the enemy, and made their way late in the evening to our encampment at Soorkhab. I have to regret that Captain Burnett, 54th native infantry, who had been recently released from a captivity, commenced at Ghuznee, was severely wounded on the heights, having volunteered his services with a party of the 16th native infantry. Brevet Captain Pender, Her Majesty's 31st foot, had received a bad hurt in a previous skirmish near Seh Baba. Throughout these affairs, the conduct of the troops employed, including the 2d and 16th native infantry, temporarily attached to me, has deserved my highest approbation, and I feel it to be my duty to record, that on the advance to Cabool, and in retiring from it, the bravery of that portion of the 4th brigade which took part in the active opperations, viz Her Majesty's 31st regiment, and a wing of the 33d native infantry, (the remaining wing and the 6th native infantry having been detained to garrison Jellalabad and Gundamuck) as well as their endurance of privations and fatigue, have been beyond all praise. No troops could in every respect have behaved better, and I feel myself to be deeply indebted to Brigadier Monteath, C. B., and to Lieutenant Colonel Belton, Her Majesty's 31st, and Lieutenant Colonel Richmond, 33d native infantry, for the able and gallant manner in which they have been led.

I enclose a return of killed and wounded.

Camp Seh Baba, 15th October, 1842.

Sir,

I have the honor of addressing you, to report, for the information of Major General Pollock, C. B, that in consequence of the great delay created by the captured guns, which it was necessary with extreme labor to drag almost the whole way from Khoord Cabool to Tezeen, on account of the badness of the bullocks, and which work was performed in a most admirable manner by the men of Her Majesty's 31st regiment, I did not enter the Huft Kotul pass with the force under my command, until late yesterday evening.

Rear Guard consisting of:
Capt. Blood's battery of 9-pounders.
1 squadron 1st light cavalry.

enemy took advantage of the stoppages occasioned by them, and from their positions, which the darkness rendered it impossible to perceive, except by the flashing of their fire arms, opened a sharp fire on the troops which was checked, in a considerable degree, on the right flank of the column by two companies of the 2d regiment and a party Her Majesty's 31st regiment, detached by me for the purpose.

As this latter party, from the immediate necessity that existed for their services, was taken by me from the fatigued detail at the guns (with which I happened to be at the time) I sent it out under Brigade Major Lugard, who, in returning from the duty on which he was employed, had his horse severely wounded.

The enemy having in the end come down sword in hand upon the rear and left flank of the column, I ordered Lieutenant Colonel Richmond, with the wing of the 33d regiment, and the picquets of the old ground that had joined on the march to keep them in check, which was satisfactorily done, until we had cleared the pass.

Enclosed I beg to send a return of killed and wounded.

Camp Gundamuck, 19th October, 1842.

Sir,

I have the honor of reporting, for the information of Major General McCaskill, K. H., that on arriving yesterday morning with the main column of the division in the Jugdulluck pass, I observed that the enemy were collecting in force on the heights; therefore, conceiving that an attack would be made upon the baggage, as well as upon the rear guard, I determined upon taking up a position, with the whole of my force, at the head of the pass, until all the baggage and material had gone through, and I had been joined by the rear guard under Lieutenant Colonel Richmond.

In pursuance of this determination, I placed the troops and two 9-pounders in position on the plateau at the head of the pass, from whence the heights on both sides are commanded for a considerable distance.

The fire of these and of the guns, completely held the enemy, who were very numerous, in check, and I had the satisfaction of seeing the whole of the baggage out of the pass without a single thing having been obtained by them; and on the arrival of Lieutenant Colonel Richmond with the rear guard, I resigned the position to him and marched on to protect the baggage, which had then become placed between the advance and the main column.

Lieutenant Colonel Richmond, who had been directed by me to remain in position for a quarter of an hour after my departure with the rear guard, consisting of six hundred and nineteen rank and file and two guns, reports that on his withdrawal, the enemy, to the extent of about six hundred men, came forward in a very determined manner and followed him up for a considerable distance, although frequently driven back by the fire of the troops and guns.

Enclosed I beg to transmit a return of killed and wounded, and ammunition expended in the main column and rear guard during the day.

No. 135.

From Brigadier T. Monteath, C. B.,
Commanding 4th Brigade,

To Captain Havelock,
Deputy Assistant Adjutant General.

Camp Gundamuck, 20th October, 1842.

Sir,

I have the honor of transmitting a report of the occurrences which took place with that portion of the force under my command, in the Jugdulluck pass, on the 18th instant.

As from what I have learnt, I have reason to think, that the reports of the former march from Soorkhab to Tezeen, when the casualties in the force amounted to sixty-two, have not been forwarded to Government; and as I consider it very desirable it should be on record that the toils, dangers, and deserts of my brigade have not been in any degree less than those of the other portions of the army, I have to request, that Major General McCaskill will be good enough to express to Major General Pollock, my wish that my three reports may be forwarded for the information of the Governor General.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

CAMP KURNAUL, *the 25th January*, 1843.

The Right Hon'ble the Governor General has much pleasure in publishing for general information, the following copy of paragraphs which will form the next Military Letter to the Governor General of India in Council, from the Hon'ble the Court of Directors :—

1. We have the highest gratification in forwarding to you the accompanying copy of a letter from the Secretary of State, for the Colonial Department, announcing that, as a signal mark of approbation of the distinguished services of Major General Pollock and Major General Nott, in the late campaign in Afghanistan, the Queen has been graciously pleased to confer upon both of these Officers, the dignity of Grand Cross of the Most Hon'ble the Military Order of the Bath.

2. We have also, with reference to our Military despatch of the 30th ultimo, the satisfaction to enclose to you copies of further letters from the Right Honorable Lord Stanley, announcing, that Her Majesty has been pleased to permit such of the Officers, non-commissioned officers and privates of Her Majesty's army, as were engaged in the recent operations in Afghanistan, to wear the Medals which, for similar services, have been conferred by the Government of India, upon the soldiers of the East India Company's army, and also to permit the Officers of that army to wear in this country, the Medals conferred upon them for services in Afghanistan.

(True copy,)

(Signed) JAMES C. MELVILL.

East India House, London, the 6th Dec. 1842.

To the Lord FITZGERALD and VESCI,

&c. &c. &c.

Downing Street, 3d December, 1842.

MY LORD,

It affords me much pleasure to inform your Lordship, that the Queen has been graciously pleased to mark Her approval of the distinguished services of Major General Pollock and Major General Nott, in the late campaign in Afghanistan, by conferring upon both of those Officers, the Military Grand Cross of the Order of the Bath.

It did not escape Her Majesty's notice, that the advance at once to the highest class of the Order of two officers, neither of whom had been previously decorated with the Commander's Cross, was a deviation from the established practice; but Her Majesty was pleased to consider the deviation as fully warranted by the occasion, and has authorized me to express Her Majesty's satisfaction in being enabled to mark, thus signally, Her high sense of the merits of the two Officers in question.

I have, &c.,

(Signed) STANLEY.

To the Lord FITZGERALD and VESCI.

Downing Street, 5th December, 1842.

MY LORD,

I have the honor to acknowledge the receipt of your Lordship's letter of the 5th instant, together with its enclosure, requesting that Her Majesty's gracious permission may be obtained for the Officers of the East India Company's army, who have participated in the late glorious successes in Afghanistan, to wear in this country, the Medals which have been granted to them in the General Orders issued by the Governor General of India, and I have to inform you in reply, that Her Majesty has been graciously pleased to signify Her approval of that indulgence being extended to the Officers in question.

I have, &c.,

(Signed) STANLEY.

To the Lord FITZGERALD and VESCI,

&c. &c. &c.

Downing Street, 3d December, 1842.

MY LORD,

I have been honored with the Queen's commands to signify to His Grace the Commander in Chief, Her Majesty's gracious pleasure, in reference to so much of the General Order issued by the Governor General of India, and communicated to me in your Lordship's letter of the 29th ultimo, as relates to the Officers and men in the service of Her Majesty, recently employed under the orders of the Governor General, and I have the honor to enclose to your Lordship, a copy of the letter which I have addressed to His Grace, in obedience to Her Majesty's commands.

I have, &c.,

(Signed) STANLEY.

To His Grace the Duke of WELLINGTON, K. G.

&c. &c. &c.

Downing Street, 3d December, 1842.

MY LORD DUKE,

It appears by a General Order, dated Simla, October 4, 1842, extract of which is herewith transmitted to your Grace, that the Governor General of India has seen fit to direct, that Medals should be struck and issued to every Officer, non-commissioned officer and private, of the Indian army, serving in the corps, and on the occasions therein set forth, (paras. 4, 5, 6, 7, 8 and 9.) These Medals are to be worn suspended to a riband, similar to that which will be given with a Medal conferred in like manner by the Governor General, on those who were engaged in the defence of Jellalabad.

The Governor General having further expressed in the same General Order, his earnest desire, that the regiments in the service of Her Majesty, which were employed on the same occasions, under the orders of the Governor General, should be permitted to receive and wear similar decorations, I have submitted the question to the Queen for the signification of Her Majesty's pleasure, and I have the honor to acquaint your Grace, that Her Majesty has been graciously pleased to permit such of the Officers, non commissioned officers and privates, of Her Majesty's army, as were engaged in any of the operations above referred to, to receive, respectively, Medals similar to those issued by the Governor General to the Indian army, in commemoration of the same services, and to wear such Medals suspended by the Indian riband, in all parts of Her Majesty's dominions.

I have, &c.,

Para 1. The momentous events which have just occurred in Affghanistan—their great importance to the interests of the British Empire in India, and the distinguished gallantry, perseverance and discipline which have marked the conduct of the European and Native Troops engaged in their accomplishment, fully justify the Resolution taken by the Governor General, after communication with the Commander in Chief, to confer on the East India Company's Troops Medals in commemoration of the particular services in which they have been engaged.

2. We therefore cordially approve of the Resolutions to grant Medals to the Company's Troops engaged in the defence of Jellalabad during its memorable siege, to those engaged at Candahar and in the gallant defence of Kelat-i-Ghilzie, and to the Forces by which Ghuznee and Cabul have been again occupied.

3. We also fully approve and confirm the other measures taken for perpetuating the recollection of these important services as announced in the General Order by the Governor General, dated the 4th October 1842.

5. The donation of six months' full Batta to the Troops specified in para. 1 of the same General Order has our entire approbation.

Ordered, that the Act be promulgated for general information.

ACT No. I. OF 1843.

An Act for amending the Law concerning the Registration of written Conveyances and other instruments affecting Titles and other interests to Land.

Whereas the Registry Laws now in force in the respective Mofussils of Bengal, Madras and Bombay, provide that registered conveyances and other instruments affecting Titles to land and other interests therein shall not take precedence of unregistered conveyances and instruments in cases where the party registering shall have known of the existence of such unregistered conveyances or other instruments. And whereas a complicated system of law has arisen out of the construction which is to be given to the provisions regarding the knowledge of parties, or notice had by them in such cases. And whereas much perjury has been committed in investigations touching the fact of such notice or knowledge, and much of the time of the Courts has been occupied with such investigations. And whereas in consequence of forgeries, perjuries, fraudulent concealments, and other practices, no person purchasing or advancing money on the Security of Land, can safely rely on the conveyances or other instruments affecting the title to such land or other interest therein affording, by means of their being registered, a Security against conveyances or instruments being set up, as of previous date, by unregistered claimants:

It is hereby enacted, that all provisions contained in any Regulation or Regulations of the Bengal, Madras or Bombay Codes, touching such knowledge or notice as aforesaid, of previous unregistered conveyances, or instruments affecting titles to land or other interests therein, shall be repealed from the first day of May next; and every conveyance or other instrument affecting title to land, or any interest in the same authorized by those Codes respectively, to be registered, shall so far as regards any lands to which the same relate, be void as against any person

claiming under any subsequent conveyance or other instrument duly registered, unless the prior conveyance or instrument shall have been duly registered before the registration of the subsequent conveyance or instrument; any alleged notice or knowledge of such prior conveyance or instrument notwithstanding. Provided always that this Act shall not be construed to extend to any conveyance or other instrument made before the first day of May next.

Whereas in certain parts of the Straits' Settlements Slavery has never had any legal existence, and in the other parts, in which it is doubtful whether formerly it had such legal existence, it is no longer warranted by custom, or the supposed rights connected therewith have been expressly abandoned.

It is hereby declared and enacted, that in no part of the Straits' Settlements shall the Status of Slavery be recognized as existing by law. And all Courts and Officers of Law are hereby prohibited from enforcing any claims founded on any supposed rights of Masters in regard to Slaves within the Settlements aforesaid, and are enjoined to afford protection to all persons against whom any supposed rights of Slavery are attempted to be enforced.

Ordered, that the Draft now read be published for general information.

After rounding the Rock Light Vessel, you may steer more Northerly, and if it be at night, should anchor about 1 mile to the N. E. by N. from it, where the water will be smooth. The South point of the Middle Ground Shoal, bears N. N. E., distant 2 miles from the Rock Light Vessel.

Both Light Vessels are painted Red, each carrying a Ball on the Light Mast, and during daylight they hoist a Red Flag when a sail is in sight.

The Outer Floating Light burns a Blue Light at the end of each hour during the night, and displays a Torch at the half hours.

The Flood Tide comes in from S. W. and Ebb from the N. E. It is High Water at 12 hours on full and change of the Moon.

D. ROSS,

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 27th January 1843, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT NO. I. OF 1843.

An Act for amending the Law concerning the Registration of written Conveyances and other instruments affecting Titles and other interests to Land.

Whereas the Registry Laws now in force in the respective Mofussils of Bengal, Madras and Bombay, provide that registered conveyances and other instruments affecting Titles to land and other interests therein shall not take precedence of unregistered conveyances and instruments in cases where the party registering shall have known of the existence of such unregistered conveyances or other instruments. And whereas a complicated system of law has arisen out of the construction which is to be given to the provisions regarding the knowledge of parties, or notice had by them in such cases. And whereas much perjury has been committed in investigations touching the fact of such notice or knowledge, and much of the time of the Courts has been occupied with such investigations. And whereas in consequence of forgeries, perjuries, fraudulent concealments, and other practices, no person purchasing or advancing money on the Security of Land, can safely rely on the conveyances or other instruments affecting the title to such land or other interest therein affording, by means of their being

registered, a Security against conveyances or instruments being set up, as of previous date, by unregistered claimants:

It is hereby enacted, that all provisions contained in any Regulation or Regulations of the Bengal, Madras or Bombay Codes, touching such knowledge or notice as aforesaid, of previous unregistered conveyances, or instruments affecting titles to land or other interests therein, shall be repealed from the first day of May next; and every conveyance or other instrument affecting title to land, or any interest in the same authorized by those Codes respectively, to be registered, shall so far as regards any lands to which the same relate, be void as against any person claiming under any subsequent conveyance or other instrument duly registered, unless the prior conveyance or instrument shall have been duly registered before the registration of the subsequent conveyance or instrument; any alleged notice or knowledge of such prior conveyance or instrument notwithstanding. Provided always that this Act shall not be construed to extend to any conveyance or other instrument made before the first day of May next.

Whereas in certain parts of the Straits' Settlements Slavery has never had any legal existence, and in the other parts, in which it is doubtful whether formerly it had such legal existence, it is no longer warranted by custom, or the supposed rights connected therewith have been expressly abandoned.

It is hereby declared and enacted, that in no part of the Straits' Settlements shall the Status of Slavery be recognized as existing by law. And all Courts and Officers of Law are hereby prohibited from enforcing any claims founded on any supposed rights of Masters in regard to Slaves within the Settlements aforesaid, and are enjoined to afford protection to all persons against whom any supposed rights of Slavery are attempted to be enforced.

When approaching the Harbour, if the Floating Light Vessel is seen bearing on any point from N. by E. round to the Eastward as far as S. After rounding the Rock Light Vessel, you may steer more Northerly, and if it be at night, should anchor about 1 mile to the N. E. by N. from it, where the water will be smooth. The South point of the Middle Ground Shoal, bears N. N. E., distant 2 miles from the Rock Light Vessel.

Both Light Vessels are painted Red, each carrying a Ball on the Light Mast, and during daylight they hoist a Red Flag when a sail is in sight.

The Outer Floating Light burns a Blue Light at the end of each hour during the night, and displays a Torch at the half hours.

The Flood Tide comes in from S. W. and Ebb from the N. E. It is High Water at 12 hours on full and change of the Moon.

D. ROSS,
Master Attendant.

BOMBAY,

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 1ST FEBRUARY, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 1st of February 1843.

ACT No. —— OF 1843.

For the Incorporation of a Bank at Madras.

WHEREAS the Hon'ble Court of Directors of the East India Company, by and with the approbation of the Board of Commissioners for the Affairs of India, has directed the abolition of the present Government Bank at Madras, and in lieu thereof has sanctioned the establishment of a Bank at Madras on the principles hereinafter set forth, and has required the Government of India to pass an Act of Incorporation for the same;

I. IT is therefore hereby enacted, that from the 1st day of June next ensuing in the year of our Lord 1843, the persons whose names are included in the Schedule hereunto annexed, having severally subscribed and signed their acceptance of the terms of incorporation specified in this Act, and with the Government of Madras on the part of the East India Company having paid into the Government Treasury the amount of Capital Stock subscribed by them respectively and taken receipts for the same from the Sub-Treasurer to the Government of Fort Saint George shall, together with the Governor in Council for the time being of the Presidency of Madras, be a Corporation Body Corporate and Politic by name of the Bank of Madras, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereinafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

Provided however that it shall be lawful to the Governor General of India in Council at any time before the 1st of September next, to rectify any errors in the Schedule of the said Proprietors by notice in the Official

Gazettes of Calcutta and Madras, so that no alteration be made in the principles upon which such Schedule has been framed.

II. AND it is hereby declared and provided, that if any of the persons whose names are in the said Schedule shall fail to make good their subscriptions on or before the 1st May next, the Shares to which such names are attached may be claimed and taken by the persons who having made applications for Shares which were received after the prescribed amount of Capital had been taken and subscribed for by the parties in the said Schedule, were permitted to have their said applications registered as received: and the Shares so lapsing shall be tendered to such applicants in the order of such registry according to the list given in to the Governor in Council at Fort Saint George, and shall become the property of such persons provided they shall have in the manner heretofore mentioned paid up their subscriptions on or before the 20th of May next. And in the event of there remaining any unpaid Shares after the parties whose names have been so registered have thus had the option of completing the payments that will be due on such Shares, then such remaining unpaid Shares shall be at the disposal of a General Meeting of the Proprietors to be convened for that purpose: And it is hereby enacted, that the persons who become the Proprietors of the lapsed Shares in the manner above provided or under an appropriation made at such General Meeting of Proprietors by payment of the amount subscribed shall be considered to belong, and shall to all intents and purposes belong to the Corporation Body Corporate and Politic by name of the Bank of Madras, and shall possess and enjoy all the rights, privileges and immunities the same as the persons according to the Original Schedule who shall have paid up their Subscriptions on or before the 1st of May next. AND it is hereby declared and required that as soon after the 20th of May next, as may be practicable, the Governor in Council at Fort Saint George shall publish in the Official Gazette of that Presidency a Schedule of the Proprietors of the Bank of Madras as incorporated under the provisions of this Act, and that the same shall be transmitted to be republished in the Official Gazette of Calcutta.

III. AND it is hereby enacted, that the Capital Stock of the Bank of Madras shall be Thirty Lakhs of Rupees, whereof Three Lakhs shall be the property of the Governor in Council of Madras, for the time being on behalf of the East India Company, and the persons whose names are in the Schedule hereunto annexed, or in any Schedule corrected in the manner provided for in the 1st Section of this Act, or whose names shall be in the Schedule published by order of the Governor in Council at Fort St. George in the Official Gazette of that Presidency as required in Section II. of the Act, shall be Proprietors of the Shares of the said Capital Stock set against their names respectively.

IV. AND it is hereby enacted, that it shall be in the power of the Governor General of India in Council, from time to time, by an Order duly published in the Official Gazettes of Calcutta and of Madras, to authorize the said Capital Stock to be increased, and to make such order and direction for the opening of Subscriptions towards such increase of Capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank

for the time being, and allowing to them a period of not less than twelve months to fill up such Subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportion of New Stock to which they may respectively be entitled, and also to make such order and direction as to him the said Governor General in Council may seem fit for the disposal of the amount of New Stock that may not be subscribed for, and paid up by the Proprietors in the manner and form that may be so prescribed.

V. AND it is hereby enacted, that the Capital Stock of the Bank of Madras shall be divided into Shares of One Thousand Rupees each, which shall be numbered accordingly, and Three Hundred of the said Shares numbered from No. 1 to 300 shall be the property of the Governor in Council of Madras, for the time being, on behalf of the East India Company, and the remainder shall be the property of the Proprietors who shall have paid up the same, and no separate interest or Share in the Stock of the said Bank of less amount than 1 000 Rupees shall be created or held by any Proprietors, and if at any time the Capital of the said Bank shall be increased, the new Stock added thereto shall in like manner be divided into Shares of 1,000 Rupees each, and no Proprietor shall be entitled to claim a share of such new Stock of less amount than 1,000 Rupees.

VI. AND it is hereby enacted, that on the said 1st day of June 1843, or on some early day after that date, provided the Subscriptions have been paid up as above prescribed, the Governor in Council of Madras shall notify in the Official Gazette of that Presidency that the Bank of Madras being incorporated as above provided, shall from the date of such notification be opened for the transaction of all manner of business authorized by this Act, and the said Bank shall and may sue and be sued by its Corporate name, and shall and may use such common Seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold, either absolutely or conditionally, for a term or in perpetuity, any description of property whatever, and to transfer and convey the same.

VII. AND it is hereby enacted, that immediately on the opening of the said Madras Bank the business of the present Government Bank of Madras shall cease, and it shall proceed to wind up its affairs as soon as possible, and all Cash Notes of the Madras Government Bank which shall be then outstanding shall be payable thenceforth at the Madras Bank which shall pay them on being verified by such Officers as the Governor in Council of Fort St. George may appoint for the purpose, on presentment, as if they had been issued by the Madras Bank.

VIII. AND it is hereby enacted, that on Monday of every week, so long as there are any Notes of the Government Bank outstanding, the Madras Bank shall cause to be made up a Statement of the Notes of the Government Bank paid by them in the course of the preceding week, and transmit the same to the Governor in Council of Madras with the Notes, who shall thereupon cause the amount, with all reasonable expedition, to be repaid to the Madras Bank.

IX. AND it is hereby enacted, that after the delivery by the Sub-Treasurer at Madras, to whom all Subscriptions on account of the Capital of this Bank will have been paid, as above provided, of the amount of Capital Stock to the Directors of the Bank, the receipt which may be granted by the Sub-Treasurer to the Subscribers respectively shall be cancelled, and a Certificate signed by three Directors of the Bank of Madras shall be delivered to each Proprietor, and any person who is a Proprietor of more than one Share of the Capital Stock, may at his option demand a Certificate for each of his Shares, or one Certificate for all his Shares, or several Certificates, each of which may be for any number of his Shares.

X. AND it is hereby enacted, that no Proprietor shall be allowed to increase his share in the Capital Stock of the said Bank beyond the Amount of Fifty Thousand Rupees, excepting on occasion of any increase being made to the Capital Stock of the said Bank under the Authority of the Governor General in Council, in the manner prescribed in Section IV. of this Act, in which case any Proprietor holding Stock to the full Amount of Fifty Thousand Rupees shall, notwithstanding, be entitled to subscribe to the increased Capital Stock in a rateable proportion; and excepting any addition to his interest in the said Capital Stock arises from Succession, Bequest, or Marriage.

XI. AND it is hereby enacted, that the said Share or Shares of the Capital Stock of the said Bank shall be of the nature of personal Estate of the Proprietors thereof respectively, and that the same shall be transferable by endorsement to be made on the Certificates thereof, respectively, under the hand of the Proprietor or Proprietors, or his or their Attorney duly authorized, which endorsement shall specify the name of the person or persons to whom the said transfer shall be made, but no such endorsement shall be effectual to transfer any such Share or Shares, until such endorsement shall have been registered at the Bank of Madras, and such registration shall have been noted on such endorsement under the hand of an Officer appointed for that purpose, by the Directors of the said Bank.

XII. AND it is hereby enacted, that the said Corporate body of the Bank of Madras shall consist and be composed of the Registered Proprietors for the time being of the said Shares of the Capital Stock of the said Bank, and of no other person or persons whatsoever.

XIII. AND it is hereby enacted, that the business of the said Bank shall be managed by nine Directors, of whom three shall be appointed to be removable by the Governor in Council of Madras, and the remaining six shall be elected by the General Meeting of the Proprietors of the said Bank, and shall be removable by vote of the majority of a General Meeting of the said Proprietors.

XIV. AND it is hereby enacted, that the first Directors of the said Bank shall be such three persons as may be appointed by the Governor in Council of Madras to be Directors of the Bank, together with six persons of those whose names are inserted in the Schedule of Proprietors published in the Official Gazette of Fort St. George, in the manner prescribed by
